FAIR TREATMENT OF CUSTOMERS AND CUSTOMER COMPLAINTS SECTION

FAIR TREATMENT OF CUSTOMERS

The Canadian Council of Insurance Regulators (“CCIR”) and the Canadian Insurance Services Regulatory Organizations (“CISRO”) issued a guide titled, “Guidance Conduct of Insurance Business and Fair Treatment of Customers.” There are also guidelines issued by some provincial regulators. Aviva supports Fair Treatment of Customers (FTC) and requires all insurance distributors to be aware of, and act in accordance with, all FTC guidelines for their jurisdictions.

The following outlines key points from the guide as they pertain to the Fair Treatment of the Customer. In their conduct of the business of insurance, Insurers and Intermediaries are expected to:

- act with due skill, care and diligence when dealing with Customers;
- maintain good and sound relationships between themselves and with the regulatory authorities;
- establish and implement policies and procedures on fair treatment of Customers, as integral parts of their business culture;
- act in compliance with the laws, regulations and guidelines to which they are subject;
- promote products and services in a clear, fair and not misleading manner;
- provide Customers with timely, clear and adequate pre-contractual and contractual information;
- take into account a Customer’s disclosed circumstances when that Customer receives advice and before concluding insurance contracts;
- avoid or properly manage any potential conflicts of interest before concluding an insurance contract;
- handle complaints in a timely and fair manner;
- have and utilize appropriate policies and procedures for the protection and use of Customer information; and
- have contractual arrangements between each other, that ensure fair treatment of Customers.

CUSTOMER COMPLAINTS - OFFICE OF THE OMBUDSMAN FOR AVIVA

Insurance companies are mandated by Regulators to have a robust complaint handling protocol and a Consumer Complaint Officer (Ombudsman) to address complaints that have not been resolved by the management within the involved business unit.

Important: if there is a customer complaint about a product or service and the insurance advisor is not able to resolve the concern within their authority and to the satisfaction of the consumer, the first step for the insurance advisor is to contact the appropriate department (underwriting, claims or billing) and escalate as needed.

If the customer feels the issues have not been fully addressed by the business or they remain dissatisfied with the position, you or the customer may contact the Office of the Ombudsman for the Aviva Group of Companies.

The Ombudsman is accountable to act as a trusted intermediary between the complainant and all departments within the Aviva Group of Companies. The Ombuds Team acts as an “Advocate of Fairness” to proactively identify issues and work towards a suitable resolution. They will consider the position as outlined by the business and all matters pertaining to the quality of service received to determine if there was fair and accurate adherence to policy/contract provisions, regulatory guidelines, service standards and internal processes. When the Aviva Group of Companies has acted in accordance with policy wordings and guidelines, the Ombuds Team will become an “Educator” helping the complainant understand the position. If needed, the Ombudsman will issue a Final Position Letter to the complainant on behalf of the Aviva Group of Companies. This letter will outline the final decision and provide the next step in the complaint process, which is to contact the General Insurance OmbudService (GIO).

If the complaint has not been resolved by the applicable business unit, you may contact the Office of the Ombudsman directly as follows:

Phone: 1-877-689-3634

Email: ombuds.ca@aviva.com

Mailing address: Office of the Ombudsman, 10 Aviva Way, Suite 100, Markham, ON L6G 0G1

PAYMENT PLAN SECTION

Full Payment Plan(s):

1. Online and Telephone Banking

The insured simply adds Aviva Insurance Company of Canada as a bill payee on their bank's Internet site or on their bank's telephone banking system. Authorized payments will be uploaded into our billing system within two business days.

2, One Time Credit Card/Annual Payment Payment

Payment, in full, using Visa, MasterCard, American Express and Visa Debit.

Guidelines and Eligibility for Credit Card

- The CVV number must be entered for each type of credit card transaction.
- Can be processed as part of new business, mid-term changes and renewals.
- If a new business was paid by credit card, the renewal will be issued as Direct Bill. The insured may contact their broker to pay by credit card.
- Brokers are not able to process credit card payments for policy reinstatements. These are processed by the Aviva Billing Department.

Installment Plan(s):

1. Multi-payment Online/telephone banking

The insured's annual premium is divided into two, three, or four equal payments. The first payment is due on the policy effective date. Subsequent payments are due in 30, 60 and 90 day intervals. There is no charge for this convenient payment plan.

2 Pre-Authorized Chequing Plan (PAC)

Premiums are automatically collected monthly from the insured's bank account by means of electronic deduction and can be arranged through any financial organization.

- **For New Business, 2 months down payment (Cash with Application) is required at time the coverage is bound.**
- An installment finance charge of:
 - 12 months or more can be charged up to 1.3%
 - 6 to 12 months can be charged up to 0.65%
 - Less than 6 months can be charged up to 0.22% will apply.
- PAC applications must be accompanied by a sample "VOID" cheque and signed withdrawal authorization form.
- All PAC applications must be received within 30 days of the policy inception date.

PAYMENT PLAN SECTION

Eligibility for Installment Plans:

All personal lines policies are eligible for enrolment into our installment plans, providing the following criteria is met:

- The annual premium must be a minimum of \$300.00.
- No more than 1 cancellation for non-payment within the past 3 years.

Guidelines for Installment Plans:

- The insured must notify us in writing, at least 14 business days prior to their withdrawal date, of any changes to their PAC information.
- The required 2 months down payment can be accepted on a credit card, with the remaining premium being collected by pre-authorized chequing.

Service Charges for Non-Sufficient Funds (NSF) and Reinstatement

A \$50.00 service charge will be applied against payments returned by the bank due to insufficient funds, stopped payments or payments not cleared.

In addition, a \$60.00 fee will apply to reinstate any policy that is being cancelled by registered letter for non-payment. See Reinstatement section below.

Pre-Authorized Monthly Payment Plan (PAC):

To calculate the insured's monthly payment, simply divide the annual insurance premium (including applicable taxes and finance charge) by 12.

The first installment is due 30 days before the policy effective date. Therefore, the first payment may include premium for two or three months, depending on the date the PAC authorization is processed.

PAYMENT PLAN SECTION

Monthly Withdrawal Date (PAC):

The insured can select to have their insurance premium withdrawn on any date of the month. If the insured does not choose a specific date we will use the policy effective day if:

- If the insured's bill day falls on a weekend, or statutory holiday, the withdrawal will take place on the next banking day.

An insured can choose to change the date of billing at any time; if the new withdrawal date is in the future and within the current month, the change is immediate.

If the new chosen withdrawal date is prior to the current withdrawal date, we will deduct the next billing amount on the original scheduled withdrawal date and the following deduction will be billed on the new date.

The Initial Installment amount may have a different bill date:

We allow the insured at least 14 days notice prior to billing a pre-authorized deduction.

If the difference between the entry date of the policy and the next scheduled withdrawal date is less than 14 days, the premium (normally a double payment) will be taken on the next scheduled withdrawal date in the following month.

PAYMENT PLAN SECTION

Mid-Term Policy Changes (PAC):

If the difference between the entry date and the regular bill date is less than 14 days, and the mid-term change is an additional premium, the system will delay one month prior to changing the installment amounts.

Any return premiums will reduce monthly installment amounts.

If an additional premium is processed after all regular installments have been billed, the full amount will be added to the first renewal deduction. If a renewal is not processed, the full amount of the additional premium will be deducted fourteen (14) days after the transaction process date.

If a return premium is processed after all installments have been billed, the first renewal installment(s) will be reduced. If a renewal is not processed, we will issue a refund cheque to the insured ten (10) days after the last transaction date.

Change to Banking Information:

In the event that an insured changes their chequing account number, or transfers to a different financial institution, a new "VOID" cheque and authorization form must be completed and sent to our company at least 14 business days prior to the payment withdrawal date. The policyholder should be advised to keep sufficient funds in the old account to cover any scheduled withdrawals.

Refunds:

Our billing system is designed to automatically issue a refund cheque on policies from which we received a successful payment. If that information has changed, a refund cheque will be issued ten (10) days after the transaction entry date. This delay allows the majority of payments and charges to clear the insured's bank account prior to the refund.

PAYMENT PLAN SECTION

Renewal Policies on Full Payment Plan

Payment on renewal policies will be required up to 12:01am of the renewal effective date. If payment is not received a registered letter of cancellation will be issued. Payment will not be accepted if received after 12:01am of the date specified on the registered letter of cancellation. A new business policy will be required and new business eligibility will apply.

Mid-Term Policy Changes (Full payment):

Each midterm policy change transaction generates a billing invoice. The billing notice advises the outstanding premium and payment due date. If payment is not received by due date a Final Reminder Notice will be generated.

If payment is not received by the due a registered letter of cancellation will be issued. Payment will not be accepted if received after 12:01am of the date specified on the registered letter of cancellation. A new business policy will be required and new business eligibility will apply.

Registered Letter of Cancellation for Non-payment:

If the initial installment of a new business is returned for "insufficient funds" "(NSF)", "funds not cleared", or "stop payment" we will cancel the policy immediately.

Registered letters of cancellation are mailed without enclosing the refund cheque. The registered letter wording indicate any refunds will follow pending clearance of all payments and charges. Refunds are issued after the policy cancellation effective date.

If an installment is returned for "insufficient funds" or "funds not cleared" and is a first occurrence within a 12-month period (other than the initial payment on a new business), we will re-bill the missed payment with the next monthly withdrawal and include the NSF fee. The insured will receive written notification and a warning that a second occurrence will result in cancellation of their insurance coverage. Any future NSFs may result in the cancellation of insurance coverage according to provincial regulations.

If an installment is returned due to a problem with the insured's bank account, i.e., "account closed", "account frozen", "account transferred", "cannot trace", "incorrect payer name", etc. Our system will issue a notice to the insured requesting new banking. If the new banking information is not provided within fifteen (15) days, the policy will be cancelled for non-payment.

PAYMENT PLAN SECTION

Reinstatement:

If a policy has been cancelled for non-payment, reinstatement will be permitted under certain circumstances.

A policy requires Underwriting and/or Billing approval to be reinstated. If approved a \$60.00 fee will apply to reinstate any policy that is being cancelled by registered letter for non-payment, as indicated below.

Reasons when Underwriting and/or Billing can Reinstate:

Reason	What is required to Reinstate
Payments crossed in the mail	<ul style="list-style-type: none">➢ The policy cancellation date has not expired.➢ The full outstanding balance is received + NSF fee + Reinstatement fee
Policies cancelled due to invalid banking	<ul style="list-style-type: none">➢ The policy cancellation date has not expired.➢ Amount in arrears is collected + NSF fee + Reinstatement fee➢ New banking is received
Policies cancelled due to an error	<ul style="list-style-type: none">➢ The policy cancellation date has not expired.➢ We have adequate proof that the intermediary, insurer or bank is fully responsible for the error.➢ If bank error we require a Bank Fault Letter and the bank would be responsible for our NSF charge
If the cancellation has expired but the money was received by the intermediary or the insurer prior to the expiry date	<ul style="list-style-type: none">➢ The full outstanding balance is received + NSF fee + Reinstatement fee➢ We receive confirmation of no intervening losses
Reinstate and Change to a different bill type	<ul style="list-style-type: none">➢ The policy cancellation date has not expired.➢ New Business and Renewals only: If a PAC application crossed in the mail, the amount in arrears must be paid + NSF fee + Reinstatement fee➢ If the PAC policy is paid in full (certified) the policy can be amended to direct bill + NSF fee + Reinstatement fee➢ Note: Change to Broker Bill requires issuance of a new policy -- not recommended as an alternative collection tool. (Accommodation required)
Reinstatement of broker bill policy (Broker based business only)	<ul style="list-style-type: none">➢ The policy cancellation date has not expired.➢ The full outstanding balance is received
Payment Types	<ul style="list-style-type: none">➢ Cash, Money Order, Certified Cheque, On-Line, Debit Payment (installment/full payment)➢ Credit Card (Full Payment only)

Credit Card is acceptable only for the full policy premium

Do not accept credit card payment for any partial amount such as overdue monthly bank withdrawal.

Reinstatements must not be back-dated.

Once a policy termination date is past, the policy must **not** be reinstated. The customer would need to apply for insurance as new business, subject to eligibility and revised premiums.

UNDERWRITING REQUIREMENTS

BROKER BINDING AUTHORITY

Our brokers have authority to bind coverage for the Company for Personal Automobile risks in accordance with all the rules within this manual, subject to all of the following restrictions:

- The broker must not bind any risk that meets the criteria under **RISKS TO BE REFERRED BEFORE BINDING** or meets the criteria under **REASONS FOR DECLINATION**.
- The applicant or named insured must consent to access to personal information as provided by the approved application form
- A fully completed and signed application has been received by the broker, or the broker has an electronic or voice recording version of the application form in a format that meets standards set by the Company. Note: the Company reserves the right to require a written application if needed as part of an underwriting review.
- New Business: The risk is submitted to the Company in writing (or by any other means of communication accepted by the Company, including upload to the Broker Portal) within 5 business days. Mid-Term transactions: The updates/changes are to be uploaded into the Broker Portal within 10 business days.
- For New Business and Mid-Term Transactions: if the date coverage has been bound and the effective date of the application, or mid-term transaction is the same date, the effective date entered into the system must be 12:01am of the following day. The time coverage was actually bound must be clearly documented in the system and on the application.
- Coverage must not be backdated.
- Risks must not be bound for a period of more than 60 days.
- For risks that are located within any area that is under an alert or evacuation order issued by any civil authority:
 - New risks and/or policies cannot be bound;
 - Coverage cannot be added to existing risks:
 - located within 500km of an earthquake and tsunami or;
 - located within 50km of a wildfire or;
 - located within an area that is under a flood alert or evacuation

these restrictions apply until the alert or evacuation order is lifted. For earthquake or tsunami, the restrictions apply until 7 days after the civil authority has ended all evacuation and other notices.

- Any misrepresentation or non-disclosure of information will void binder, application and/or policy.
- The broker must contact the Company if uncertain about risk eligibility or rating rules.
- Premium quotes are valid for 30 days only. Any information changes, including the effective date, it is considered a new quote.

CHANGE OF OWNERSHIP

The automobile policy is a personal contract between the policyholder and the Company. If the policyholder sells or gives away his automobile and does not purchase another, the Company will cancel the policy and allow a short rate return premium.

If the new owner wishes to obtain insurance coverage, he/she must make his/her own arrangements.

If there is only one vehicle on the policy and the change of ownership is between husband and wife, or change in lessor, the name of the existing policy may be changed. A copy of the new ownership and a signed application form by the new policyholder is still required to update the file.

COMBINED POLICY

The combined policy combines at least one automobile policy and one principal residence policy in the same envelope.

Numerous features are offered for policyholders who have at least one Private Passenger Auto and one Personal Property policy that includes the principal residence combined under one policy with common expiry dates. Features normally include:

- Discount on all automobile coverages (excluding endorsements) – See Discount section for eligibility
- Customer agrees to have policies delivered in a single envelope at renewal
- Billing dates under PAC can be easily aligned or remain as separate dates for each policy
- Single deductible is applied when coverage for a loss occurrence applies to both policies

COMPLIANCE WITH RATING AND UNDERWRITING REGULATIONS

All of our brokers and all of our employees are required to comply with all of the applicable laws and regulations of the Province of Ontario that govern rating rules, underwriting rules, processes and practices.

All rules and rates are filed with and approved by the regulator and must be applied exactly as written in this manual.

If you are unclear on the application of the rules, please contact our underwriting office.

If a policy premium does not match the premium from a rating vendor quote, please contact Aviva.

If you become aware of any non-compliance please contact the Office of the Ombudsman.

A link to the key regulations is provided below for easy reference. Please see the actual regulation for complete details.

COVERAGE

Liability - Bodily Injury and Property Damage

Protects Insured if someone else is killed or injured or their property is damaged. It will pay for covered claims against the Insured up to the limit of coverage, and will pay the costs of settling the claims.

The minimum Liability Statutory limit in the Province of Ontario is \$200,000.

Accident Benefits

Provides benefits if the Insured is injured in an automobile accident, regardless of who caused the accident. These benefits include:

- Supplementary medical care, rehabilitation and other care;
- A tax-free income benefit for wage earners or self-employed;
- An income benefit to those who have no income from employment;
- An educational benefit to those unable to attend school;
- An allowance when a caregiver is injured; and
- When a person dies in an accident, funeral expenses and death benefits

Optional Increased Accident Benefits effective June 1, 2016

Options: Medical, Rehabilitation and Attendant Care	Maximum for Non-catastrophic injuries	Maximum for catastrophic injuries
Standard: No Increased Optional Accident Benefits purchased	\$65,000	\$1,000,000
Increase to \$130,000 non-catastrophic injuries (MHA) - \$40	\$130,000	\$1,000,000
Increase to \$1,000,000 All Injuries (MNC) - \$80	\$ 1,000,000	\$2,000,000
Additional amount for Catastrophic Injuries \$1 million (MCT) - \$25	\$65,000	\$2,000,000
Increase to \$130,000 non-catastrophic injuries (MHA) \$40 + Additional amount for Catastrophic Injuries \$1 million (MCT) - \$25	\$130,000	\$2,000,000
Increase to \$1,000,000 All Injuries (MNC) - \$80 + Additional amount for Catastrophic Injuries \$1 million (MCT) \$25	\$ 1,000,000	\$3,000,000

Medical & Rehabilitation benefit level for minor injuries is capped at \$3,500.

COVERAGE (Cont'd)

Optional Increased Accident Benefits

Increased Income Replacement - the standard level of income replacement provided in the policy (\$400 per week maximum) may be increased by purchasing optional coverage so that the weekly limit is up to \$600, \$800 or \$1,000. All income replacement benefits are based on 70% of gross weekly income.

Increased Caregiver, Housekeeping and Home Maintenance Expenses - the optional caregiver, housekeeping and home maintenance expenses benefit (\$250 per week for the first dependant and \$50 per week for each additional dependant and \$100 for housekeeping and maintenance) is available only for a person who is catastrophically injured. An additional optional benefit can be purchased to provide this coverage for all injuries.

Dependant Care – there is no standard dependant care benefit for persons who are employed and care for dependants. An optional benefit may be purchased to receive weekly dependant care expenses of \$75 for the first dependant and \$25 for each additional dependant up to a maximum of \$150 per week.

Increased Death & Funeral – the standard level of death benefits paid to the surviving spouse and dependants (\$25,000 lump sum to the surviving spouse; \$10,000 lump sum to each dependant) this can be increased by purchasing optional coverage (\$50,000 lump sum to the surviving spouse, \$20,000 lump sum to each dependant). This optional coverage also increases the funeral benefit from \$6,000 to \$8,000.

Indexation Benefit - this optional coverage will ensure that certain weekly benefit payments and monetary limits will increase on an annual basis to reflect changes in the cost of living.

RATING:

Once purchased, the optional accident benefits automatically extend to the Named Insured, the spouse, dependants of either, and to any persons specified in the policy as drivers of the insured automobile(s). Optional accident benefits only need to be purchased once, and not on every vehicle the named insured or those identified above operate.

Caregiver, Housekeeping and Home Maintenance	\$90
Dependent Care	\$25
Death and Funeral	\$15
Indexation	\$60
Income Replacement:	
\$600/week	\$70
\$800/week	\$140
\$1,000/week	\$210

Where there is more than one type of vehicle, the premium for the highest rated vehicle will apply.

See Motorcycle section for motorcycle rates.

See Motor Homes section for Motor Homes rates.

COVERAGE (Cont'd)

Uninsured Automobile Coverage

Protects you and your family if you are injured or killed by a hit-and-run driver or an uninsured motorist. It also covers damage to your vehicle caused by an identified uninsured driver.

Direct Compensation-Property Damage

Covers Insured in Ontario for damage to Insured's automobile and to property it is carrying when another motorist is responsible, provided all criteria under the regulation is met.

Loss or Damage Coverages (Optional)

All Perils - this option combines the coverage of Collision or Upset and Comprehensive. This coverage includes loss or damage caused if a person who lives in the Insured's household steals a described automobile. Coverage also applies if an employee who drives or uses, services or repairs a described automobile, steals it.

Collision or Upset - This coverage pays for losses caused when an insured vehicle is involved in a collision with another object, including another vehicle, or rolls over. "Object" includes:

- Another automobile or trailer that is attached to the automobile and covered by your insurance policy,
- The surface of the ground, and
- Any object in or on the ground.

Comprehensive - Covers losses, other than those covered by Collision or Upset, including:

- Perils listed under Specified Perils,
- Falling or flying objects,
- Missiles, and
- Vandalism

Specified Perils - Covers losses caused by fire; theft or attempted theft; lightning, windstorm, hail, or rising water; earthquake; explosion; riot or civil disturbance; falling or forced landing of aircraft or parts of aircraft; or the stranding, sinking, burning, derailing or collision of any kind of transport in, or upon which a described automobile is being carried on land or water.

DRIVER TRAINING

Once a student has successfully completed a Certified Driver Training course through a provincial Government-approved driving school - link: Government-approved driving schools | ontario.ca, and the driving school has completed the on-line certification transaction, the student driver's record will be updated through the Ministry.

A copy of the Driver License History or Driver Training Certificate is required as evidence that the course has been completed and is to be provided to the insurer or broker prior to credit for driver training being applied. Documentation of the evidence and name of the Driving school must be in the policy system.

Driver Training Certificates are considered valid for 3 years from the date of issuance.

Note: We will not accept certification from a driving school that is not on a provincial government approved list. If the driver received certification outside Ontario then the driving school would need to be on the government approved list for that province.

E-SIGNATURES

Electronic signature standards

- We will accept e-signatures if verified that it is a legal and binding signature.
- We will not review or approve systems for e-signatures. The broker is responsible for ensuring the electronic methods used are at least equivalent to a complete and signed paper form.

Minimum requirements for use of e-signatures:

- The signatory must consent to accept electronic delivery of documents and must consent to use e-signature where appropriate.
- The signature must be unique to the person using it (but does not have to be identical to their handwritten signature).
- The signature must be verifiable as belonging to the signer through authentication of their personal identity.
- There must be a tamper-proof audit trail that verifies the time and date of the electronic document and signature.
- The signature must be linked to the documented in a way that if the document is later changed the electronic signature is invalidated.

Documents appropriate for e-signatures:

E-signatures may be used for electronic documents that contain all of the same information as approved paper forms for:

- New business application for insurance
- Payment authorization forms
- Cancellation request
- Any policy endorsement that requires a signature

An e-signature **must not** be used for other requests such as:

- Any request to change or remove an insured name(s) or to change or remove a mortgagee, lien holder or loss payee.

CSIO eSignatures Vendor Dashboard

To ensure compliance, choose electronic signature software that fully meets all criteria of the CSIO eSignatures Vendor Dashboard.

LETTERS OF AUTHORIZATION

Mid-term letters of authorization are not acceptable. If an insured wishes to change brokers mid-term, the policy will be cancelled and a new policy issued. We will allow pro-rata cancellation in these cases.

We accept LOAs on renewal.

For both mid-term changes and LOAs at renewal, we require a fully completed and signed application.

MID-TERM RATING

To calculate mid-term changes, use original rates for substitutions and deletions; use current rates for additions. When adding coverage to an existing vehicle mid-term use rates in effect at the time the policy or current renewal was issued. The same underwriting guidelines as New Business are applicable.

Mid-term rating is not permissible in respect of changes regarding the age of a driver, period licensed, period of ownership, period since the date of an accident and period since the date of a traffic offence conviction, the rating is always based on the position as at the effective date of the policy period (or, in the case of a subsequent addition/substitution of a driver or addition of a vehicle, as at the addition/substitution date)

MINIMUM RISK PREMIUM – Private Passenger Automobile

Except where otherwise indicated in this manual, the minimum premium at which a risk may be issued is \$100.00.

PERMISSION TO RENT OR LEASE

Where vehicles insured are leased from a registered leasing company, an OPCF 5 must be attached to the policy with the Lessor shown on the Certificate of Insurance.

POLICY TERM

Rates in this manual are for a period of 1 year. For a 6-month term, 52% of annual premium is charged.

SHORT RATE CANCELLATION TABLE

For any period not shown on this table, apply the next higher percentage.

SHORT RATE CANCELLATION TABLE 1

ANNUAL POLICIES

(Not applicable to Motorized Snow Vehicles for Liability, Accident Benefits Uninsured Automobile, Direct Compensation-Property Damage, All Perils and Collision Coverages. Not applicable to Motorcycles for all coverages.)

VOICE RECORDING STANDARDS

Aviva will not review or approve systems for voice recording or electronic signatures. Aviva does not approve broker scripts. The broker is responsible for ensuring the alternative methods are at least equivalent to a complete and signed paper form.

The broker may be held liable by Aviva for any claims that are payable as a result of failing to adequately capture any information that would have been captured in a paper form.

Minimum requirements for using Voice Recording

Aviva will insist on paper forms for any broker who does not adhere to these minimum requirements.

- Each voice recording must be continuous with no gaps
- Each voice recording must have a date and time stamp
- Caller identity must be confirmed at the start of each voice recording.
 - Identity must be established by information that is fairly unique to the person (date of birth, years licensed, etc).
 - The caller must provide all information required for identity, without prompting or hints. (The CSR must not provide the information and ask for confirmation by the caller)
 - If the policy or application is in the name of a business, the name of the business owner must be established, and then verify the owner is the person on the call.
- The voice recorded caller must be the applicant or the named insured, and not someone else calling on their behalf
- The caller must be advised that their call is recorded for underwriting purposes and may be used in future as evidence.
- A written call script should be developed to ensure the process is followed consistently. It is understood that the CSR may vary the order and flow of the script as long as the essential elements of the script are included in the call.
- The broker must conduct regular audits of recorded calls to ensure adherence to these requirements. Evidence of such audits must be available to Aviva upon request, within 1 business day.
- The broker system should capture on the policy note the recording reference number identity of caller(s) and CSR, for easy retrieval of the recording
- The voice recording must be stored for at least 7 years.
- Storage must be secure and prevent access by unauthorized persons
- There must exist reliable assurance as to the integrity of the voice recording i.e. that the information has remained complete and unaltered from time voice recording was created until the time it is required for use as evidence.
- There must be adequate back-up and disaster recovery measures for stored recordings
- The voice recording must be available to Aviva staff, upon request, within 1 business day. If any of the above conditions are not met then a paper form is required.

VOICE RECORDING STANDARDS (Cont'd)

Voice Recording of Cancellation Request

- The voice recorded caller must be the named insured, and not someone else calling on their behalf
- If there is more than one insured, each insured must be recorded requesting cancellation of the policy.
- Where the insured has more than one policy the recording must confirm the policy to be cancelled. This can be done through information that is unique to the policy, such as policy number, make and model of vehicle etc.
- A telephone voice message requesting cancellation is not sufficient to cancel the policy. The broker must speak directly with the insured(s) and verify the cancellation request by voice recording.
- The broker must add a cancellation note on the policy file. This would include effective date of cancellation, call reference number (for the recording), identity of caller(s) and CSR. It is acceptable to have the note added only to the broker system if it can later be provided to the insurer on request.

Voice Recording of Insurance Application

- The voice recorded caller must be the applicant or the named insured, and not someone else calling on their behalf. Where previous written authorization has been given by the applicant or named insured, the authorized person may speak for the applicant or named insured. This must be noted in the file.
- The voice recording must include complete answers to all relevant questions that would have been answered in a paper application form.
- Aviva reserves the right to require a complete and signed application form when we deem it necessary for underwriting a specific risk. (This may happen as part of our referral process or we may be required to have a signed application for a risk ceded to the Risk Sharing Pool.)
- All legal and regulatory requirements for a paper application form must still be followed. For example, The Insurance Act of Ontario requires that an application is provided with an automobile new business policy.
- A Voice Recording **must not** be used for policy endorsements that restricts coverage and requires a signature, i.e. the Excluded Driver Endorsement or the Property Damage Reimbursement Endorsement. An endorsement that requires a signature must be completed and signed.

DEFINITIONS

ACCIDENT

An occurrence resulting in a claim under the Liability, Accident Benefits, Collision or the Collision portion of the All Perils Coverage arising out of the ownership, use or operation of an automobile in consequence of which is an “At-Fault” accident, a “Not-At-Fault” accident or a “Minor Accident” accident, defined as follows;

At-Fault Accident

- (a) An amount has been paid or would have been paid but for the existence of the Direct Compensation - Property Damage Section of the Ontario Insurance Act or;
- (b) A loss remains unsettled or unpaid or;
- (c) A civil suit is pending against the insured.
- (d) An occurrence where the insured's degree of fault is determined to be 25% or less will be considered at fault for risk eligibility but will not be considered in the rating of the vehicle.

NOTE: An accident as defined above is still considered At-Fault when determining the Driving Record even if there was no insurance in effect or the amount of the loss was repaid to the Insurer or the insured chose not to present the claim.

An occurrence that meets the definition of a “Minor Accident” below will not be considered an At-Fault Accident.

Minor Accident:

All of the following criteria must be met:

- (a) The accident occurred on or after June 1, 2016.
- (b) The accident would otherwise meet the definition of an At-Fault Accident.
- (c) The cost of damage to each vehicle, involved in the accident or any property damage is \$2,000 or less.
- (d) No claim payment is made by any insurer for any damages or expenses as a result of the accident.
- (e) There were no reported injuries as a result of the accident for any party involved.
- (f) No automobile, or its replacement, insured by the policy had a Minor Accident designated within the previous three years of this accident.
- (g) The automobile involved in the accident, or its replacement is of the type Private Passenger, Collector/Historic or Commercial Classes 35 or 36.

If an accident that meets all of the above criteria and no claim payment was made or a claim payment was made by an insurer it will qualify as a Minor Accident if all payments for damages and expenses paid by us are repaid by, or on behalf of, the at-fault driver and it is within 60 days after the expiration or termination of the policy term during which the accident occurred.

A Minor Accident will not be used for risk eligibility or for rating.

We may request evidence, acceptable to us, of the cost of damages and/or of proof the damages have been paid by, or on behalf of, the at-fault driver.

New Business: If the Insured has a loss with another insurance company that the Insured has disclosed as a Minor Accident a Letter of Experience is required to confirm the loss was coded as a Minor Accident.

Minor Accident (Cont'd)

Declaration of Minor Accident Form:

We may require the insured to complete and sign a Declaration of Minor Accident form as evidence of a Minor Accident.

Aviva requires the insured to complete and sign a Declaration of Minor Accident form in the following instances but not limited to:

- When the insured is involved in a loss that meets ALL of the criteria for Minor Accident and it has been confirmed the Third Party Insurance company does not accept re-payment.
- When the insured is disputing a loss as a Minor Accident
- When required for an underwriting investigation

When the form is requested the Insured is to complete all information under the first section heading of "Insured's information" and "Your Automobile Information". The form is to be submitted before binding. For "other involved party's information" the Insured is to complete all known information.

The loss will be rated and underwritten as an at-fault accident until the requested "Declaration of Minor Accident" form is completed and signed by the insured.

Not-At-Fault-Accident

- (a) Damage to the automobile while it is legally parked provided the accident was reported to the police within 24 hours;
- (b) Damage resulting from the automobile being struck by an unidentified vehicle provided the accident was reported to the police authorities within 24 hours;
- (c) Damage resulting from the negligence of an uninsured driver who is 100% responsible for damage caused;
- (d) An occurrence in which the insured's degree of fault is determined as less than 25% at fault.

ACCIDENT FORGIVENESS

Accident forgiveness is not transferable from a previous Insurer, except a company within the Aviva group of Companies provided there has been no gap in insurance coverage within the Aviva group of companies.

ACCIDENT RATING

No accident will be used more than once for rating. The loss and/or losses can be used for eligibility if the driver is in the same household whether or not the driver is insured on the same policy or within the Aviva group of companies.

For a two vehicle policy with one operator and one at fault loss the highest rated vehicle must be rated for the accident.

As long as there is Class 05 or 06 premiums assigned to the vehicle, accidents relating to Class 05 or 06 drivers shall be used only in calculating the additional charge on that premium.

If the renewal contract has been accepted, the at-fault accident will be considered for eligibility and rating purposes at the next renewal.

ACCIDENT RATING (Cont'd)

Accidents will be charged as follows:

Type of vehicle involved in the accident	Type of vehicle to which the loss can be assigned
Private Passenger	Private Passenger, Motor Home, Light Commercial
Light Commercial	Commercial, Private Passenger, Motor Home
Commercial	Commercial
Public	Public
Motor Home	Motor Home, Private Passenger, Light Commercial
Motorcycle	Motorcycle
Garage	Garage
All Terrain or Snow Mobile	All Terrain or Snow Mobile

ADDITION OR SUBSTITUTION OF RISK

The risk must be submitted to the Company in writing (or by any other means of communication accepted by the Company, including upload to the Broker Portal) within 10 business days of the date of the change.

AFFINITY PROGRAM

An Affinity program would not meet the group requirements as set in reg. 664.

The Affinity Program is an association formed around a shared interest or common goal, to which individuals belong where there is a formal sponsorship or other form of approved acceptable validation that provides proof of affiliation or membership. Examples of affinity programs include but are not limited to: clubs or memberships for sports, social, hobby, alumni, vehicle and shared memberships.

An Affinity Program application approval including method of validation, will be subject to our appetite. Applicant/Named Insured must meet all underwriting guidelines and eligibility as stated within this manual.

AGE

The age on the birthday immediately prior to the policy period or, in the case of an additional or substitute driver, as at the effective date of the addition/substitution will be used to determine rating.

APPLICATIONS

In order for us to properly rate the policy and assess the risk, all questions from the application **must** be fully asked and answered by the applicant.

Motor vehicle driving abstracts and claims experience reports are requested on all drivers. It is important therefore to ensure that applicants answer all questions on/from the application relating to convictions and claims fully and truthfully.

AUTOMATED DRIVING AUTOMOBILE

An automated driving automobile is a driverless or self-driving vehicle that is capable of detecting the surrounding environment using artificial intelligence, sensors and global positioning system coordinates. The automobile is equipped with an automated driving system that operates at Society of Automotive Engineers (SAE) Level 3, 4, 5 as defined under standard J3016 and summarized below:

AUTOMATED DRIVING - SYSTEM MONITORS THE DRIVING ENVIRONMENT

Level 5 = Full Automation – The full-time performance by an automated driving system of all aspects of the dynamic driving task under all roadway and environmental conditions that can be managed by a human driver.

Level 4 = High Automation – The driving mode-specific performance by an automated driving system of all aspects of the dynamic driving task, even if the human driver does not respond appropriately to a request to intervene.

Level 3 = Conditional Automation – The driving mode-specific performance by an automated driving system of all aspects of the dynamic driving task with the expectation that the human driver will respond appropriately to a request to intervene

NOT AUTOMATED DRIVING - HUMAN DRIVER MONITORS THE DRIVING ENVIRONMENT

Level 2 = Partial Automation – The driving mode – specific execution by one or more driver assistance systems of both steering and acceleration/deceleration using information about the driving environment and with the expectation that the human driver perform all remaining aspects of the dynamic driving task.

Level 1= Driver Assistance – The driving mode – specific execution by a driver assistance system of either steering or acceleration/deceleration using information about the driving environment and with the expectation that the human driver perform all remaining aspects of the dynamic driving task.

Level 0 = No Automation – The full-time performance by the human driver of all aspects of the dynamic driving task, even when enhanced by warning or intervention systems.

KEY DEFINITIONS

Automated driving system means a system that performs dynamic driving tasks to operate a vehicle with limited or no need for any dynamic driving task to be performed by a human driver.

Level means an automated driving system's level of driving automation for on-road vehicles, as defined in Society of Automotive Engineers (SAE) Standard J3016.

Dynamic driving task includes the operational (steering, braking, accelerating, monitoring the vehicle and roadway) and tactical (responding to events, determining when to change lanes, turn, use signals, etc.) aspects of the driving task, but not the strategic (determining destinations and waypoints) aspect of the driving task.

Driving mode is a type of driving scenario with characteristic *dynamic driving task* requirements (e.g., expressway merging, high speed cruising, low speed traffic jam, closed-campus operations, etc.).

Request to intervene is notification by the *automated driving system* to a *human driver* that s/he should promptly begin or resume performance of the dynamic driving task.

BUSINESS USE

Private passenger automobiles used for visiting clients or prospective clients, in connection with the driver's profession (insurance broker, real estate broker, salesman, social worker etc.) where the estimated annual business use exceeds 25% shall be rated as Business use. Private Passenger Automobiles where the estimated annual business use is 25% or less shall be rated as Occasional Business Use. Private passenger vehicles where the principal operator is a farmer with no other gainful occupation and resides on the farm will also be rated as occasional business use. This does not include farm labourers, part-time farm workers or retired farmers.

This does not include private passenger automobiles used by employees and/or for any retail or wholesale delivery (newspapers, courier, food, mail, store delivery etc.) or for carrying passengers for compensation (taxi, school bus, driver training school, etc.). These are commercial exposures.

Type of business and use of the automobile must be documented within the policy system.

CANCELLATIONS

By Insurer: The return premium will be calculated on a pro rata basis.

By Insured: The return premium will be calculated on a short rate basis, subject to any minimum retained premium specified. *The insured's signature, e-signature or voice recording is required.*

Flat cancellation will be allowed if policy is to be cancelled within 30 days of the inception date of the renewal. *The insured's signature, e-signature or voice recording is required.*

POLICY REINSTATEMENTS

A policy cancellation for non-payment may be reinstated if we receive instructions before the cancellation becomes effective and any outstanding premium and fees have been paid.

A policy will not be reinstated once the cancellation has become effective. If insurance is required, you may submit a new application for consideration and the earned premium from the previous term must be paid.

We will not reinstate a policy if there have been two notices of non-payment during the term of the policy.

COLLISION WITH AN ANIMAL

A claim arising from collision with an animal will be considered a Comprehensive claim, subject to the Comprehensive deductible. In the absence of Comprehensive coverage, Collision coverage will respond subject to the Collision deductible amount. The claim will be treated as a non-chargeable collision claim.

COMMON-LAW RELATIONSHIP

Two persons of the same or opposite sex, who have lived together in a conjugal relationship outside marriage continuously for a period of not less than 3 years, or in a relationship of some permanence if they are the natural or adoptive parents of a child.

COMMUTE

Commute is defined as use of the vehicle to drive to and from work/school, including as little as once a week; or part way to a bus or train station; or use of the vehicle in a car pool or similar shared-ride arrangement.

COMPANY, PARTNERSHIP OR CORPORATION AUTOMOBILES

Automobiles of partnerships, companies or corporations used solely for pleasure purposes are rated in the same manner as though the principal operator is the applicant.

CONVICTIONS

For the purpose of applying the rating rules, driving convictions are categorized as follows:

MINOR

Convictions for any moving traffic offences, (offences related to the operation of a vehicle), other than those specifically listed under the heading Serious or Major, under any Act governing highway traffic or Compulsory Automobile Insurance Act (CAIA) or for any offence substantially the same committed outside Canada including, but not limited to:

Fail or refuse to surrender licence CAIA
Fail to produce evidence of insurance CAIA
Fail to carry insurance card CAIA
Fail to carry evidence of insurance CAIA
Fail to have insurance card CAIA
Fail to disclose particulars CAIA
Fail to notify police
Fail to make written report
Backing up – unsafe/illegal/improper – any type
Brakes – none/inadequate/improper – any type
Crowding driver's seat
Door opening – illegal/obstructing traffic – any type
Emergency vehicle – operating with no regard for safety
Driving imprudently
Driving off roadway (including shoulder/sidewalk/medium) – any type
Flagman – disobeying
Following too closely (including tailgating)
Headlights/parking lights – improper/lack of use – any type
Lack of control of vehicle – any type
Motor-assisted bicycle – carrying passengers
Motorcycle – operating with only an instruction permit
Motorcycle – failure to wear helmet
Passing infraction – any type except school bus or school/playground zone
Pedestrian crossing violation – any type
Radar warning device in motor vehicle – if illegal in province/territory
Railway crossing – any type
Safety zone violation – any type
Seatbelt – any offence
Signaling offences – any type
Slow driving – endangering others – other type
Smokescreen device on vehicle
Speeding – any type, except when listed as major or serious
Squealing tires
Stopping – illegal/improper – any type
Tires – defective/worn – any type
Towing – prohibited/unsafe – any type
Traffic signals/regulating light – any type
Traffic signs – disobeying any legal sign except parking regulations
Trailer – improper attachments/improper towing
Turns – illegal/improper – any type
Unlicensed driver – any type including improper licence class
Unsafe move
Unsafe vehicle – any type
Wrong side of road/wrong way – any type
Yield, failing to – any type including failing to yield to a public bus

MAJOR

Convictions for any of the following offences under any Act governing highway traffic or under the Compulsory Automobile Insurance Act (CAIA) or for any offence substantially the same committed within or outside Canada.

Distracted Driving

Failing to report damage to highway property

Failure to stop on request of or obey directions of a police officer

Failing to report an accident

Failing, in the event of an accident, to give name and licence number to the policy or any other person entitled to such information

Fail to obey school crossing stop sign

Fail to slow for emergency vehicle/tow truck

Improper passing of a school bus

Improper passing/speeding in a school or playground zone

Produce false evidence CAIA

False statement re insurance MVACA

Produced false insurance MCACA

Make false statement CAIA

Ontario Graduated Licence

Permit novice drive in contravention of conditions and/or restrictions

Class G1 accompanying driver – fails or refuses to provide a breath or blood test

Class G1 accompanying driver has excess blood alcohol

Class G1 driver unaccompanied by a qualified driver

Class G1 drive with front seat passenger

Class G1/G2 drive with excess passengers

Class G1 drive on prohibited highway

Class G1/M1 drive at unlawful hour

Class M1 drive motorcycle with passenger

Class M1 drive motorcycle on prohibited highway

SERIOUS/CRIMINAL CODE

Convictions for any of the following offences under the Criminal Code of Canada or under an Act governing highway traffic or under any other Act or for any offence substantially the same whether committed within or outside Canada or any conviction which appears on a Driver Record abstract identified as a Criminal Code conviction.

Speeding 50 Kph or more over the speed limit
Driving without insurance
Operator motor vehicle – no insurance CAIA
Criminal negligence committed in the operation or use of a motor vehicle
Manslaughter committed in the operation or use of a motor vehicle
Driving while licence under suspension
Racing, Contest or Stunt
Careless driving
Driving without due care and attention
Driving without an interlock device where its installation is a requirement for licence reinstatement
Dangerous driving
Unlawful possession of a driver's license
Impaired driving
Failure or refusal to submit to a breath or blood test
Failure to stop/remain at the scene of an accident
Failure to pass a breath or blood test
Class G1/G2/M1M2 fail/refuse breath sample
Class G1/G2/M1M2 drive with alcohol in blood

If convictions for impaired driving and failure or refusal to take a breath or blood test relate to the same occurrence, they will be considered one conviction.

NOTE: This is a generic list and will not, in all cases, match the exact wording printed on the Driver Record Abstract.

“CUSTOMIZED/MODIFIED” means any automobile or any miscellaneous vehicle, including All-Terrain Vehicles or Snow vehicles. (See Miscellaneous Section for Motorcycle Customized/Modified) that has been personalized by altering, adding or removing components.

Acceptable – Customizations or Modifications

- Handicap accessible modifications
- Minor custom Paint, Vehicle Wrap, Mural or Graphic effects
- Manufacturer supplied system updates (excluding autonomous driving updates beyond SAE Level 3)
- Dealer installed original manufacturer parts and accessories at time of the automobile or vehicle purchase

Unacceptable – Customizations or Modifications include but are not limited to:

Any modifications that alters or significantly enhances the performance, speed or handling of the automobile or miscellaneous vehicle (except motorcycles). These modifications may include but are not limited to one or more of the following:

- Tires designed for the track (eg: racing slicks) or tires that differ from the manufacturers recommended specification for the make and model of the automobile.
- Performance Chips, Turbochargers, Superchargers, or Nitrous Oxide Systems
- Parachutes, roll cages, frame modifications
- Any modification that completely and permanently removes an automobile's roof and/or doors
- Installation of any automobile parts on any miscellaneous vehicle (except motorcycles)
- Suspension changes to increase or reduce the automobile's center of gravity normally achieved through cut- down springs, installation of lift kits with a 6 inch or more lift, levelling kits, controllable hydraulic actuation (low riders), or non- OEM (Original Equipment Manufacturer) controllable air suspension systems.
- Modifications, customizations, accessories or any combination thereof that exceeds more than 50% of the Manufacturers' Suggested Retail Price (including applicable taxes) of the automobile or vehicle
- Any automobile or miscellaneous vehicle (except motorcycles) where vehicle safety devices have been removed or not reinstalled after a loss, including but not limited to, any airbags; seatbelts; supplemental restraint system (SRS) or supplemental Inflatable restraints
- The installation of factory or aftermarket exhaust / intake snorkels and/or waterproof engines to allow an ATV/AATV or UTV to operate in deeper water / mud.

For acceptable customization/modifications, we require:

A Bill of Sale detailing the customizations/modifications, if no Bill of Sale is available a professional appraisal completed within the past 12 months is required.

Automobiles and/or miscellaneous vehicles (except motorcycles) that require price rating due to any customizations/modifications require a signed OPCF 19.

DRIVER

All licensed drivers in the household or business should be listed on the policy.

Drivers will be assigned to vehicles where they are shown as the principal driver.

Each driver can only be the principal operator of one vehicle unless there are more vehicles than operators.

If there are under-aged drivers they will only be assigned as occasional drivers if there are more operators than vehicles.

Where there is more than one vehicle and driver in a household each driver should be assigned as a principal driver for rating purposes with any additional drivers assigned as secondary or occasional drivers as appropriate.

If there is a driver that lives in the household that is insured elsewhere but regularly uses or has permission to use the automobile(s) they must be listed on the policy and assigned appropriately.

If there is a principal or regular driver of the vehicle that does not live in the household or is part of the business they must be listed on the policy and assigned appropriately.

FINANCIAL RESPONSIBILITY CERTIFICATE

A proof of financial responsibility form (Financial Responsibility Certificate – Form F5) is filed by the company upon the request of the customer. The customer has to prove to the government that they are financially responsible for any damages they incur as a result of having been convicted of driving without insurance and/ or having a loss without the minimum required provincial insurance or being convicted of automobile insurance fraud.

Any requests for a Financial Responsibility Certificate must be referred to underwriting for proper completion and filing with the government.

The financial responsibility certificate does not affect the rating of the policy because the driving record of the customer will remain unchanged. A \$10.00 fee is charged for this filing.

INTERNATIONAL DRIVING PERMIT / INTERNATIONAL LICENSE

Is a permit that allows licensed motorists from other countries to drive while visiting Ontario. The driver is required to have their valid home jurisdiction drivers' license and an International Drivers Permit. It is valid for one year or until the home jurisdiction license expires, whichever comes first. If the driver leaves Ontario and returns, the one year starts over.

An Ontario license cannot be issued unless permanent residency in Ontario has been confirmed. It is illegal to hold any other driver's license and an Ontario license at the same time.

MECHANICAL SAFETY INSPECTION

The company requires a vehicle inspection be provided when;

- a) the vehicle is age 20 years or older or;
- b) at the underwriter's discretion, including, but not limited to:
 - i) following a claim where cash settlement is taken in lieu of minor repairs;
 - ii) when the vehicle is considered a total loss, the Insured has kept the salvage and a request to delete the vehicle from the policy has not been received, or:
 - iii) when the Insurer has received information the risk has changed from the original application (vehicle modified or value increased).

OWNERSHIP

A copy of the vehicle ownership will be required in the following situations prior to binding a policy, in order to validate risk information and apply approved eligibility rules;

- Discrepancies around ownership during the course of the conversation
- Separation situations where verbal confirmation with each party isn't possible to determine the exact registered owner of the vehicle(s)
- Potential underwriting concerns regarding misrepresentation/nondisclosure
- Potential fraud regarding vehicle branding

Registered Owner

"Registered Owner" of a vehicle is the person named in the current government vehicle permit (ownership) for the insured vehicle.

Actual Owner

"Actual Owner" is the person who legally owns the vehicle and would be financially impacted by its loss.

POLICY FORMS

OAP 1 – Ontario Auto Policy

OPCF - Ontario Policy Change Forms

NPCF – Non-Standard Policy Change Forms

Ontario Policy Change Forms and Non-Standard Policy Change Forms are used to change the coverage and/or conditions of an automobile policy after issue. Non-Standard Policy Change Forms are Aviva Canada Inc. specific forms, which have been filed and approved for use.

PORTFOLIO TRANSFER

All policies assumed under a portfolio transfer will be underwritten as renewals.

PREMIUM ADJUSTMENTS

Any additional premium of \$5.00 or less may be waived by the company.

PRICE RATING

Price rating may only be used for the following:

VICC Rate Group is not available. ex: Short Vin, New vehicle where a rate group has not yet been assigned or; due to age of the vehicle rate groups are no longer available.

Required Documentation:

- Professional Appraisal or;
- Current Bill of Sale or;
- If due to age of vehicle rate groups are not available company will assign based on book value.

The applicable OPCF 19 or OPCF 19a must be added to all vehicles that are rated by List Price New, Value or "A" rated. See endorsements within this manual for eligibility.

Note: If price rated due to new vehicle where rate group has not been assigned, the OPCF 19 or OPCF 19a will not be applicable. See endorsements within this manual to review eligibility for the OPCF 43 or OPCF 43a.

For Rate Groups see: Rate By List Price New Or Value Of Vehicle in this manual

Refer to Company

PRIVATE PASSENGER VEHICLE

A Personal Use Private Passenger Vehicle (PUPP) is defined as either:

A motor vehicle of the private passenger automobile, station wagon, utility (jeep) or minivan/compact van type used for pleasure or business purposes excluding any vehicle used as an ambulance, invalid car, funeral vehicle, taxi, limousine, driver training vehicle or rental vehicle and any vehicle classed as a commercial vehicle pursuant to the Automobile Statistical Plan; or

A motor vehicle of the van or other commercial type with a gross vehicle weight rating not in excess of 4.5 tons (4500 kg) used for pleasure purposes only, but excluding any vehicle while in transit from a point of purchase to a permanent location where one of such points is within a jurisdiction in which the Risk Sharing Pool is in operation and further excluding any vehicle insured as part of a fleet, synthetic fleet or group plan unless such vehicle is individually rated in accordance with rates filed with the applicable regulatory authority and is coded as a private passenger non-fleet automobile under the Automobile Statistical Plan.

NOTE: Any vehicle classified as a recreational vehicle is not a PUPP. Examples are as follows:

- ▶ Motor Homes
- ▶ Motorcycles
- ▶ Snowmobiles
- ▶ All-Terrain Vehicles
- ▶ All Other Off Road Vehicles

PROFESSIONAL APPRAISAL

A professional appraisal must be completed within the past 12mos by an Auto Appraisal Company and the appraisal package must include the following:

- Name of the Auto Appraisal Company
- Appraiser Name and MF License Number
- Colour photos of the automobile including the exterior (all 4 sides), interior, under hood, under the vehicle, odometer, vin number
- Make model and trim level
- Full description and documented condition of all of the areas of the automobile
- Customizations/modifications (make sure that any customizations/modifications are “acceptable” as defined in this manual)
- Appraised Value

Copy of the Bill of Sale is required

Unacceptable:

- Used Car Value
- MTO appraisal

PROOF OF FINANCIAL RESPONSIBILITY

When a certificate is required as Proof of Financial Responsibility such filing shall not affect the rating of the policy under driving record. A \$10.00 fee is charged for this filing.

RATING TERRITORY

If the automobile is normally kept at an address differing from the risk address, the applicable rating territory will be based on where the vehicle is garaged.

TRANSPORTATION NETWORK

Means a digital network or other electronic means that allows persons to arrange to provide transportation services for compensation in a Transportation Network Automobile.

TRANSPORTATION NETWORK AUTOMOBILE

An automobile that is hired through the use of a Transportation Network(s) but does not include:

- (a) An automobile that is used for any retail or wholesale delivery of goods or any other commercial use, including any trade or service other than to carry paying passengers, or
- (b) An automobile that is registered or plated for use as a taxi, limousine or any other public transportation.

VALID OPERATOR'S LICENCE

For Private Passenger Vehicles, All Terrain Vehicles, and Snow Machines

Means that the driver holds a valid driver's license to drive the type of vehicle insured. Valid operator's licenses are of two types, "Rateable" and "Non-Rateable" as defined below:

Rateable

1. A Level One – Class G1 license where the holder is the owner of the insured vehicle and there is no other operator in the household with a valid driver's license to be listed as principal operator.
2. A Level Two – Class G2 license.
3. A Class G license.

All other license types not listed as "Non-Rateable". Rateable license date begins on the date the driver obtains a G2 license.

Non-Rateable

1. A learner's license or a Level One – Class G1 license, unless the holder is the owner of the insured vehicle and there is no other operator in the household with a valid driver's license to be listed as principal operator.
2. A license to operate a motorcycle.
3. An international license.

Only "Rateable" license types will be considered valid for automobile insurance purposes.

Gender X

For those individuals that have an "X" as the gender on their Ontario license we require an MVR or a copy of the license to confirm the "X" identifier.

RISKS TO BE REFERRED BEFORE BINDING

The following risks must be referred to the Company for approval to bind coverage:

1. Any risk or coverage for which no quote is available in any comparative rating engine
2. Any risk that displays a referral message in any comparative rating engine
3. Any application in the name of "Estate of" or "Held in Trust"
4. Any listed driver is principal operator of 3 or more vehicles insured within the Aviva Group of Companies.
5. Any application that requires a Financial Responsibility Certificate
6. Any vehicle registered in a commercial name ex: the name of a corporation, business or numbered company.
7. Any vehicle with unrepainted damage.
8. Any vehicle with OPCF 19 or OPCF 19A
9. Any vehicle rated by price
10. Any driver being excluded using an OPCF #28A
11. Any vehicle with an OPCF #3
12. Any vehicle with an NPCF 6U where all the listed drivers on the vehicle have not been licensed 6 years or more.
13. Policy has 2 or more vehicles with a 5S endorsement.
14. Any vehicle with a OPCF 49
15. For risks that are located within any area that is under an alert or evacuation order issued by any civil authority;
 - New risks and/or policies cannot be bound;
 - Coverage cannot be added to existing risks;
 - located within 500km of an earthquake and tsunami or;
 - located within 50km of a wildfire or;
 - located within an area that is under a flood alert or evacuation
- these restrictions apply until the alert or evacuation order is lifted. For earthquake or tsunami, the restrictions apply until 7 days after the civil authority has ended all evacuation and other notices.
16. New business coverage does not match the insurance application by the insured. A varied terms letter is required from the Company advising the difference in the coverage(s).

REASONS FOR DECLINATION

Private Passenger Vehicles

(See Miscellaneous Section for Reasons for Declination for Motorcycles, Snow Vehicles, All-Terrain Vehicles and Trailers and Camper Units)

Section A

We will decline to issue, terminate, or refuse to renew a contract for the following reasons:

1. Applicant or Insured Person

- 1.1 The applicant/named insured or any listed operator has had 1 or more convictions for automobile insurance fraud in the past 10 years.
- 1.2 The applicant or insured does not provide a residential address where the vehicle is garaged.
- 1.3 The applicant or principal driver of an automobile is not ordinarily a resident of Canada or does not plan to remain in Canada for at least a year.
- 1.4 The applicant/named insured or any listed operator has had 1 or more cancellations for material misrepresentation or non-disclosure in the preceding 3 years.
- 1.5 Any misrepresentation, or breach of a condition in the OAP1 or breach of contract on new business, mid-term changes or renewal including but not limited to:
 - Where an excluded driver drives or has driven the automobile he or she is excluded from; or
 - Failure to promptly notify us of a significant change such as additional drivers(s), driver status; relocation; use, ownership, or any modifications of the described automobile; or
 - Any material change in risk within the meaning of the statutory conditions.
- 1.6 The applicant/named insured has given false particulars of the described automobile to the prejudice of the insurer, on new business, mid-term changes or renewal with respect to information referred to on the application only.
- 1.7 The applicant/named insured has misrepresented or failed to disclose a fact contained within the automobile application to the prejudice of the insurer on new business, mid-term changes or renewal.
- 1.8 A requested, fully completed and signed automobile application form for issuance of the new business or renewal policy has not been provided.
- 1.9 The applicant/named insured or any insured person has not provided requested information and/or documentation required for the issuance of the new business or renewal policy (e.g. copy of ownership).
- 1.10 Any insured person has given false or misleading information in a signed Proof of Loss or a claim to the prejudice of an insurer within the last 10 years.
- 1.11 Failure by insured and/or driver to cooperate with Claims or Underwriting departments when an investigation is required to adjust a loss or underwrite a risk.
- 1.12 The applicant/named insured or any insured person has refused to fully provide requested claims information. This includes Proof of Loss, Examination under Oath and Accident Benefits claim forms as specified in the Regulations of the Insurance Act.
- 1.13 Where there is failure to repay benefits received under the policy to which the insured was not entitled.
- 1.14 Any driver or applicant/policyholder is verbally or physically abusive (including threats made) to an employee, service provider, contractor or agent of any Insurer owned by Aviva Canada as reported to security and/or the police.
- 1.15 The applicant is not both Register Owner and Actual Owner of the described automobile(s)

REASONS FOR DECLINATION (Cont'd)

Mid-term Cancellations - Where a contract of automobile insurance has been in effect for more than sixty days

- 1.16 Non-Payment of Premium.
- 1.17 The insured has given false particulars of the described automobile to the prejudice of the Insurer.
- 1.18 The insured has knowingly misrepresented or failed to disclose in an application for insurance any fact required to be stated therein.
- 1.19 For material change in risk within the meaning of the statutory conditions.

2. Non-Payment Cancellations

- 2.1 The applicant/named insured has had 3 or more cancellations for non-payment of auto premium in the preceding 3 years
- 2.2 Where the applicant/named insured has failed to pay overdue auto premium owed to any company within the Aviva group of Companies.

3. At Fault Accidents

- 3.1 **New Business Only:** Where the principal operator of an automobile has been licensed less than 4 years, and any listed operator of that automobile has 1 at-fault accident in the preceding 6 years.
- 3.2 Where a driver or a vehicle has 2 or more at-fault accidents in the preceding 6 years.
- 3.3 **New Business Only:** Where a class 05/06 driver is licensed less than 4 years and has 1 at fault loss.

4. Driving Convictions

- 4.1 Any listed operator has had 1 or more serious/criminal convictions in the preceding 3 years.
- 4.2 Any listed operator has had 1 or more major convictions within the preceding 3 years.
- 4.3 Where a listed operator has had 3 or more minor convictions within the preceding 3 years.
- 4.4 Where the total number of minor convictions for all operators on any automobile including any operator away at school in the last 3 years is 6 or more.

5. Combination (Non-Pay, At Fault Accidents and Driving Convictions)

- 5.1 Any listed operator has had 2 minor convictions within the preceding 3 years and the applicant/named insured has had 1 cancellation for non-payment of premium within the preceding 3 years.
- 5.2 Any listed operator has had 1 or more minor convictions within the preceding 3 years and the applicant/named insured has had two (2) cancellations for non-payment of premium within the preceding 3 years.
- 5.3 Any listed operator has 1 at-fault accident in the preceding 6 years and the applicant/named insured has had 1 cancellation for non-payment of premium within the preceding 3 years.
- 5.4 Any listed operator has 1 at-fault accident in the preceding 6 years and 2 or more minor convictions within the preceding 3 years.

REASONS FOR DECLINATION (Cont'd)

6. Driver

- 6.1 None of the listed operators hold a valid Ontario license including a status of unlicensed, suspended, cancelled or non-renewable
- 6.2 Any listed operator that is driving in Canada under an International Permit.
- 6.3 Any listed operator licensed less than 8 years in Canada or the United States who operates the vehicle for a Transportation Network.

7. Vehicle

- 7.1 The automobile does not presently carry the compulsory driving coverage, and has not carried compulsory driving coverage for a period exceeding 12 months or has had a OPCF 16 applied exceeding 12 months.
- 7.2 Any automobile operated outside the province of Ontario for more than 6 consecutive months.
- 7.3 Any automobile that fails a Government approved Mechanical Safety inspection.
- 7.4 Automobiles designed to be one of a kind or one for which parts are no longer available or manufactured in Canada.
- 7.5 Any automobile used for a purpose other than that for which it has been designed.
- 7.6 Any automobile that is rented or leased to others.
- 7.7 Any automobile that is a short term (less than 1 year) rental or lease.
- 7.8 Any automobile not registered in Ontario.
- 7.9 Any automobile that has been branded "Irreparable".
- 7.10 Any automobile with a Vehicle Identification Number (VIN) that cannot be validated.
- 7.11 Any automobile considered a total loss by the claims department and has been branded "Salvage", unless it has been repaired and has been re-registered with the Ministry of Transportation as a "rebuilt" automobile.
- 7.12 Any automobile where a cash settlement has been taken in lieu of repairs or damages unless a Government approved Mechanical Safety Certificate is provided.
- 7.13 Any automobile used for pickup and delivery of contents for direct or indirect reward. This will not include sales person's samples.
- 7.14 Any automobile carrying hazardous goods as defined by the Transport of Dangerous Goods Act.
- 7.15 Any automobile used in connection with law enforcement.
- 7.16 Any automobile used on any racetrack or for racing, speeding, timing or rallying.
- 7.17 Any automobile used for public transportation excluding car pooling arrangements.
- 7.18 Any automobile used for commercial purposes.
- 7.19 Any automobile operated on an airport apron or runway.

REASONS FOR DECLINATION (Cont'd)

- 7.20 Any automobile permanently garaged at a location outside Ontario.
- 7.21 Automobiles requiring special permits for operation on any provincial or municipal roadway.
- 7.22 Any vehicle with unacceptable modifications or customizations as defined.
- 7.23 Any automobile that is a reproduction or kit vehicle.
- 7.24 Any right hand drive automobile where the principal operator is not licensed 10 years or more in Canada or the United States.
- 7.25 Any automobile with a value over \$150,000 where the principal operator is licensed less than 10 years in Canada or the United States.
- 7.26 Any automated driving automobile that meets the definition of Levels 4 or 5 in SAE Standard J3016.
- 7.27 Where no private passenger automobile in the household for the Named Insured or Spouse has compulsory liability and accident benefits coverage insured with any insurer owned by Aviva Canada.
- 7.28 Where a private passenger automobile that is price rated and/or \$150,000 or over and has no compulsory liability and accident benefits.
- 7.29 Any automobile used as a Transportation Network Automobile without the applicable 6U endorsement.
- 7.30 Any automobile used as a Vehicle Share Automobile without the applicable 5S endorsement.
- 7.31 Any automobile valued at \$200,000 or more.
- 7.32 Any automobile with 500hp or more. This does not include:
 - SUV's, Vans, Pick-up Trucks; or
 - Any battery electric automobiles (run exclusively on electricity and does not have a gas engine back-up).
- 7.33 New Business, Newly Added or Substitute Automobile: Any automobile 20 years or older where a Government approved Mechanical Safety Certificate has not been provided.
- 7.34 Any risk defined in this manual or categorized as a motorhome or; any automobile with cooking and/or sleeping and/or bathroom/washroom facilities.
- 7.35 Where an automobile has an OPCF 19 and the required documentation has not been received.

REASONS FOR DECLINATION (Cont'd)

Section B
Private Passenger Vehicles

We will refuse to provide or continue optional loss or damage coverages in the following cases:

RULES	RISK CHARACTERISTICS	SP	COMP	AP	COLL	
B1	The automobile has un-repaired damage.	X	X	X	X	
B2	3 or more Comprehensive or Specified Perils claims (excluding Glass) <i>per automobile</i> in the preceding 3 years. NOTE: If 3 or more glass claims in the preceding 3 years, an OPCF 13C is required.	X	X	X		

NOTE: A glass claim is defined as a claim for damage to automobile glass, but this does not include glass damage resulting from a Specified Peril.

MINIMUM DEDUCTIBLES FOR ALL LOSS OR DAMAGE COVERAGES APPLICABLE TO PPV (All Perils, Collision, Comprehensive and Specified Perils)				
RULES	RISK CHARACTERISTICS	\$5000		
B3	Vehicle Value \$150,000 or more	X		

**OPCF - ONTARIO POLICY CHANGE FORMS
NPCF – NON-STANDARD POLICY CHANGE FORMS**

Policy change forms are used for adding coverage, deleting coverage or in some instances changing policy conditions.

OPCF 3 – Drive Government Automobiles

For use with private passenger automobiles.

This change form extends coverage to persons operating government-owned automobiles who can be vulnerable to personal liabilities as the driver of that automobile, for claims not responded by the government ownership. Often government automobiles are self-insured, but prescription (claims notice) periods are limited, so the driver could be sued, when other options are blocked.

The coverage(s) provided under this change form is as shown on the form. Loss or Damage Coverage is subject to a limit of \$50,000.

This change form is not available for fire, ambulance, or police vehicles used for emergency purposes.

Not available if OPCF 49 is applied to the automobile

Rating: \$25.00

OPCF 5 – Permission to Rent or Lease Automobiles and Extending Coverage to Specified Lessee(s)

For use with private passenger automobiles and miscellaneous vehicles.

This change form is used when the applicant for insurance is leasing the vehicle from a leasing company on a long-term basis or a period exceeding 30 days.

Rating: No charge – the policy is rated based on manual rules and rates as they apply to the lessee.

OPCF 6A – Permission to Carry Passengers for Compensation

For use with private passenger automobiles.

This change form is used when an insured is compensated for carrying fellow employees to and from work. Other uses are not acceptable under this endorsement.

Carrying passengers for compensation is a specific exclusion in the OAP1. Unless the automobile is rated as a Public Vehicle, coverage is limited to an Insured who is carrying fellow employees and/or neighbours for compensation to and from work, assuming Insured is also using automobile to go to their place of employment. The following words should be inserted as the description of use:

"To carry passengers for compensation or hire to and from their employment while and only while the insured is going to and from the Insured's employment."

Rating: Charge 10% of the following coverage – Liability, Accident Benefits and Uninsured Motorist, excluding Multi-Vehicle Discount.

NOTE: For Transportation Network automobiles, refer to NPCF 6U.

OPCF 8 – Property Damage Reimbursement

For use with private passenger automobiles and miscellaneous vehicles.

This change form is used where the Insured agrees to reimburse the Company the amount specified, with respect to loss or damage to property arising out of each and every incident where indemnity is provided under Section 3: Liability Coverage.

NOTE: Use of this OPCF requires the signature of the named insured.

Rating: No premium charge or credit

OPCF 9 – Marine Use Excluded (amphibious vehicles)

For use with miscellaneous vehicles.

This change form excludes coverage while vehicles are used in or upon water or while it is being launched or landed.

It is to be attached to all amphibious vehicles with physical damage coverage.

Rating: No reduction in premium.

OPCF 13C – Restricting Glass Coverage

For use with private passenger automobiles and miscellaneous vehicles.

This change form restricts the Comprehensive coverage purchased for loss of, or damage to the glass of the automobile. Coverage under the Comprehensive, section applies only for loss or damage to glass caused by:

- fire,
- theft or attempted theft,
- vandalism,
- lightning,
- windstorm,
- hail,
- rising water,
- earthquake,
- explosion,
- riot or civil disturbance,
- falling or forced landing of aircraft or parts of aircraft, or
- the stranding, sinking, burning, derailing or collision of any kind of transport in, or upon which, your automobile is being carried on land or water.

Rating: Specified Perils premium plus 10% of the Comprehensive premium.

OPCF 16 – Agreement for Suspension of Coverage

For use with private passenger automobiles.

This change form suspends coverage under Liability, Direct Compensation–Property Damage, Accident Benefits, Family Protection under OPCF 44 (Uninsured Automobile) and Collision coverages with respect only to the use or operation of the described automobile, a newly acquired automobile and a temporary substitute automobile as defined in the policy.

This change form leaves in place Comprehensive/Specified Perils coverages and those mentioned above for the ownership and portable coverages (i.e. coverages when insureds are drivers or passengers in other cars or pedestrians, or the DCPD coverage while the vehicle is in storage).

This change form is not available in respect of:

- a) Vehicles for which proof of insurance is issued or filed
- b) Recreational Vehicles
- c) Optional Increased Accident Benefits
- d) Leased vehicles without the written consent of the Lessor.

NOTE: 1) Use of this OPCF requires the signature of the named insured.

- 2) OPCF 16 cannot be applied to a private passenger automobile that does not have compulsory liability and accident benefits coverage.
- 3) OPCF 16 can be applied for a maximum of 12mos.
- 4) OPCF 16 MUST BE USED when:
 - o no other private passenger automobile for the Named Insured and/or spouse residing in the same household has compulsory liability and accident benefits coverage insured within the Aviva group of companies or;
 - o the vehicle is price rated or;
 - o the vehicle is \$150,000 or over.

Rating: Refund 90% of the Liability, Uninsured Motorist and Direct Compensation-Property Damage Coverage premiums, 100% of the Collision premium and 50% of the Accident Benefits.

The refunded premium is calculated as the appropriate percentage of the pro-rated premium for the remainder of the term.

OPCF 17 – Reinstatement of Coverage

For use with private passenger automobiles, in conjunction with OPCF 16 to reinstate suspended coverage

Rating: When coverage is reinstated, the premium charged is the appropriate percentage of the prorated premium for the remainder of the policy term.

In no event shall refund be granted for any cancellation of less than forty-five (45) consecutive days.

OPCF 19 – Limitation of Amount

For use with private passenger automobiles and miscellaneous vehicles.

Section 7: Loss or Damage Coverages (Optional) insures up to the actual cash value of an automobile. This policy change form limits the amount payable to the actual cash value or the amount stated on the form, whichever is less. This form is not a guarantee of value in the event of a claim.

| An appraisal, evaluation or bill of sale may be required, and the automobile is rated according to the VICC Rate Groups or if price rated to the amount stated in the policy change form.

The OPCF 19 is to be applied to vehicles that have been referred, approved and include but are not limited to the following:

- Automobiles with acceptable modifications that increase value
- Handicap modified automobiles (that are no longer eligible for the OPCF 43/OPCF 43A)
- Personal Use Snowplow attachment
- Right Hand Drive Automobiles
- Short Vin
- Price Rated Automobiles – see Price Rating definition in this manual

Miscellaneous Vehicles

- Handicap modified
- Motorcycle, Snowmobile or ATV's with acceptable modifications that increase value

| **NOTE:** Refer to company prior to use.

| **Rating:** No Charge

OPCF 19A - Agreed Value Of Automobiles

For use with private passenger automobiles and motorcycles.

This policy change form amends the actual cash value clause and establishes a stated or agreed value for the automobile, under Section 7: Loss or Damage Coverages (Optional). Will also pay the difference in the stated value and amount paid under Section 6: Direct Compensation – Property Damage Coverage, if any, provided either All Perils or Collision coverage was purchased.

Professional appraisals or an evaluation acceptable to the company are required to substantiate the agreed value. An updated appraisal is required every five years to retain this change form. Other acceptable evaluations must be completed every year to retain this change form.

For Vintage Motorcycles less than \$15,000 updated appraisals are required every 10 years.

| Private Passenger Automobiles must be over 48 months old

Vehicle must carry Collision, Comprehensive, Specified Perils or All Perils coverage.

Not available if OPCF 49 is applied to the automobile

| **NOTE:** Refer to company prior to use.

OPCF 19A - Agreed Value Of Automobiles (Cont'd)

Rating: For Private Passenger Automobiles

Value	Premium
\$0-\$40,000	\$175
\$40,001 - \$60,000	\$215
\$60,001 - \$100,000	\$260
\$100,001 +	\$300

Motorcycles - \$0

OPCF 28A – Excluded Driver

For use with private passenger automobiles and miscellaneous vehicles.

This policy change form provides the insurer is not liable to anyone for loss or damage that occurs while the excluded driver is using or operating the described automobile, a temporary substitute automobile or a newly acquired automobile, except as provided under the Accident Benefits Schedule.

A signed OPCF 28A must be received with the application for new business or addition of vehicle to which the endorsement applies. If not received as required, we will rate for the intended excluded driver providing the driver meets our underwriting criteria, or the policy will be cancelled as per our filed underwriting rules.

- NOTE:**
1. The OPCF 28A requires the signature of both the Named Insured and excluded driver.
 2. The Year, Make and Serial # of the vehicle(s) must be described in detail. Aviva Canada will not accept forms with any other description i.e. "All vehicles described on the policy" or "All Vehicles".
 3. The OPCF 28A is posted on the avivapartner.ca website.

Rating: No charge.

OPCF 30 – Removing Coverage for Attached Machinery

For use with private passenger automobiles, all-terrain vehicles and snow machines.

This form removes coverage for loss or damage resulting from the ownership, use or operation of attached machinery or apparatus.

We will not provide coverage for loss or damage under Section 3: Liability Coverage or Section 4: Accident Benefits Coverage for loss or damage resulting from the ownership, use or operation of the described machinery or apparatus, including its equipment, mounted on or attached to the automobile, while at the site of intended use or operation.

A description of the machinery attached to the automobile is required.

NOTE: Use of this OPCF requires the signature of the Named Insured.

Rating: No charge.

OPCF 32 – Use of Recreational Vehicles by Unlicensed Operators

For use with snowmachines and all-terrain vehicles.

This policy change form waives the Statutory Condition which prohibits operation of the recreational vehicle by a person who does not have a driver's licence or is not authorized by law to drive, but only if the vehicle is being operated **off** a public highway.

Rating: No charge.

OPCF 38 – Agreed Limit for Automobile Electronic Accessories and Equipment

For use with private passenger automobiles and miscellaneous vehicles.

This change form extends coverage under Section 7: Loss or Damage Coverages (Optional) for non-factory installed electronic accessories and equipment, above the policy limit of \$1,500.

A complete description of the equipment, including serial numbers and copy of the bill of sale to substantiate the value is required.

Restriction is not applicable to anti-theft or tracking devices.

Rating:

Limit	Annual Premium
Up to \$1,500	\$45
\$1,501 to \$2,500	\$60
\$2,501 to \$3,500	\$100
\$3,501 +	\$150

OPCF 40 – Fire Deductible

For use with private passenger automobiles and miscellaneous vehicles.

Under the terms of the policy the deductible does not apply if the cause of loss under Section 7: Loss or Damage Coverages (Optional) is fire. This policy change form is used when the **Insurer** wishes the deductible under Specified Perils, Comprehensive or All Perils to apply to such losses.

Rating: No reduction in premium

OPCF 43 – Removing Depreciation Deduction

For use with private passenger automobiles.

This policy change form waives the Statutory Condition of the policy, which limits liability for loss or damage to the automobile to the actual cash value. Loss or damage must occur before the expiry date of the policy that is in force 48 months from the automobile delivery date.

Insured must be original owner and the vehicle must be new at the time of delivery. Demonstrator vehicles of the current year, purchased from a dealership and not exceeding 5,000 km are considered new.

Vehicle must be within 2 model years including the current year.

Coverage must be requested within 12 months of vehicle ownership and there are no physical damage claims for the automobile prior to the request.

If the customer has taken a cash settlement in lieu of repairs the OPCF 43 will be removed at the renewal following the loss (excluding glass claims).

Collision Vehicle Rate Group must not exceed 64.

Any automobile identified as a High Theft Vehicle and/or \$150,000 or more will not be eligible unless an Aviva approved theft recovery device has been installed.

New risks that had the same coverage with a previous insurer will be eligible upon presentation of a copy of the purchase contract and a copy of the policy issued by the previous insurer providing there has been no lapse in coverage.

| Vehicle must carry Collision and Comprehensive or, Collision and Specified Perils or All Perils coverage.

Not available if OPCF 49 is applied to the automobile.

Rating:

	VRG	Year 1	Year 2	Year 3	Year 4
Collision Vehicle Rate Group	01-23	\$40	\$55	\$75	\$100
	24-33	\$60	\$75	\$100	\$135

	54-64	\$150	\$205	\$275	\$370

PRIVATE PASSENGER – ENDORSEMENTS SECTION

OPCF 43A – Removing Depreciation Deduction for Specified Lessee(s)

For use with private passenger automobiles.

This policy change form waives the Statutory Condition of the policy, which limits liability for loss or damage to the leased automobile to the actual cash value. Loss or damage must occur before the expiry date of the policy that is in force 48 months from the automobile delivery date.

The Specified Lessee must be the first Lessee of the automobile and it must be new at the time of delivery to the Lessee. Demonstrator vehicles of the current year, leased from a dealership and not exceeding 5,000 km are considered new.

Vehicle must be within 2 model years including the current year.

Coverage must be requested within 12 months of leasing and there have been no physical damage claims for the automobile prior to the request.

If the customer has taken a cash settlement in lieu of repairs the OPCF 43 will be removed at the renewal following the loss (excluding glass claims).

Collision Vehicle Rate Group must not exceed 64.

Any automobile identified as a High Theft Vehicle and/or \$150,000 or more will not be eligible unless an Aviva approved theft recovery device has been installed.

New risks that had the same coverage with a previous insurer will be eligible upon presentation of a copy of the lease agreement and a copy of the policy issued by the previous insurer providing there has been no lapse in coverage.

| Vehicle must carry Collision and Comprehensive or, Collision and Specified Perils or All Perils coverage.

Not available if OPCF 49 is applied to the automobile.

Rating:

PRIVATE PASSENGER – ENDORSEMENTS SECTION

OPCF 44R – Family Protection

For use with private passenger automobiles and miscellaneous vehicles.

This policy change form indemnifies eligible claimants who have a claim against another motorist for injuries to or the death of the insured, his or her spouse and any dependent relative of either, as described in the form, if the other motorist has no insurance or has insufficient insurance to satisfy the claim.

The maximum amount payable for all Insured persons is the difference between the limits available from the other motorist's policy and the limits of the Insured's policy.

This coverage is added to all private passenger rated automobiles classes 01 through 19.

NOTE: We require the signature of the Named Insured to delete this endorsement.

Rating for private passenger automobiles:

<u>Amount</u>	<u>Premium</u>
\$200,000	\$3.00
\$300,000	\$3.00
\$500,000	\$4.00
\$1,000,000	\$10.00
\$2,000,000	\$21.00
\$3,000,000	\$24.00
\$4,000,000	\$26.00
\$5,000,000	\$27.00

Rating for Motorcycles:

Limit	\$200,000	\$300,000	\$500,000	\$1,000,000	\$2,000,000
OPCF44	13	21	32	67	134

See Miscellaneous section for snowmobile, and ATV rates.

OPCF 47 – Agreement Not to Rely on SABS Priority of Payment Rules

For use with private passenger automobiles and miscellaneous vehicles.

This endorsement is available for persons who are entitled to receive optional statutory accident benefits under this policy but, by the priority of payment rules, are required to claim under another policy that does not provide them with the optional statutory accident benefits that have been purchased under this policy. This endorsement allows these persons to claim Statutory Accident Benefits (SABS) under this policy including the optional statutory accident benefits provided by this policy, provided they do not make a claim for SABS under another policy.

This endorsement will be provided to every policyholder that purchases Optional Increased Accident Benefits.

Rating: No charge.

OPCF 48 – Added Coverage to Offset Tort Deductibles

For use with private passenger automobiles and miscellaneous vehicles.

This endorsement provides an option to reduce the standard tort deductible for pain and suffering awards by \$10,000 and by \$5,000 for Family Law Act awards.

Rating: \$25 per vehicle for private passenger automobiles.

\$10.00 per vehicle for trailers and camper units, all terrain vehicles, snow vehicles and motorcycles.

OPCF 49 – Agreement Not to Recover for Loss or Damage from an Automobile Collision (for Ontario Automobile Policy OAP 1)

For use with private passenger automobiles and miscellaneous vehicles

By signing this form the customer is agreeing that if the described vehicle is damaged in an accident the loss will not be compensated even if they are not at fault. The customer will not be compensated by this insurance policy, or by anyone else, including anyone at fault for causing the damage.

Not being compensated means the customer will not be reimbursed for any loss or damage to the described automobile including:

- repair costs;
- the value of the vehicle;
- the loss of use of the vehicle;
- a replacement for the vehicle; or
- loss or damage to any of the vehicle's contents.

If the customer leases or finances, the automobile they should not sign this form without consulting with the lease or financing company because they may be personally responsible for its loss or damage.

By signing this endorsement the customer is agreeing the following coverages will not be offered or will be removed from the automobile to which this endorsement is attached:

- Direct Compensation Property Damage (DCPD)
- Collision
- All Perils

NOTE:

1. The OPCF 49 must be signed and received prior to the removal of coverages.
2. The Year, Make and Serial # of the vehicle(s) must be described in detail on the endorsement.
3. Aviva Canada will not accept forms with any other description i.e. "All vehicles described on the policy" or "All Vehicles".
4. For any leased vehicle the customer will need to provide a letter from the leasing company that gives permission to remove Direct Compensation Property Damage (DCPD), Collision or All Perils coverages. The letter is to be provided to the company for review and approval.
5. The OPCF 49 is posted on the avivapartner.ca website.
6. Refer to Company

Rating: No charge.

NPCF 5S – PERMISSION TO PARTICIPATE IN A VEHICLE SHARING SYSTEM

For use with private passenger vehicles.

Renting the vehicle by you to another is a specific exclusion in the OAP1. This change form removes this exclusion when the specified automobile is used to rent the “Vehicle Share Automobile” to another person through a “Vehicle Sharing Network”.

The removal of the exclusion applies for the “Delivery Period” and “Rental Period”.

The coverage provided by this change form will apply as excess coverage for which you would have the right to recover under any section of the insurance provided by the “Vehicle Sharing Company’s” Insurance Policy.

Eligibility:

- At the time this endorsement is attached to and forms part of the insured's policy and any time after, the insured must inform “Us” and keep “Us” informed as to all “Vehicle Sharing System(s) they are using to facilitate the rental of the “Vehicle Share Automobile” to others.
- Maximum of 2 vehicles per household used on an acceptable “Vehicle Sharing System” platform.
- No single rental period exceeds 30 consecutive days.
- The “Vehicle Share Automobile” is rented to others through an acceptable “Vehicle Share System(s)”.
- The “Vehicle Sharing Company” name must be provided in the Remarks section of the Application for Automobile Insurance.
- This endorsement is to be attached to the vehicle when the Insured is renting their automobile to others and the “Vehicle Sharing Company” must obtain and maintain Insurance Coverage insuring the insured and the “Vehicle Share Automobile” during the “Delivery Period” and “Rental Period”.
- If the “Vehicle Sharing System” is not acceptable, automobile coverage may be terminated.
- During the “Delivery Period” and the “Rental Period”, the “Vehicle Share Automobile” is not to be used for any commercial purpose, including, but not limited to the transportation and/or delivery of commodities, merchandise, produce, freight, animals or passengers for hire.
- Not available if OPCF 49 is applied to the automobile.
- Vehicle must carry Collision, Comprehensive, Specified Perils or All Perils coverage.

RATE: \$30.00

Acceptable Vehicle Sharing Networks: TURQ, Outdoorsy, ShiftRide

NPCF 6U – PERMISSION TO PARTICIPATE IN AN INSURED TRANSPORTATION NETWORK WITH EXTENDED COVERAGE

For use with private passenger automobiles.

Carrying passengers for compensation is a specific exclusion in the OAP1. This change form removes this exclusion when the specified automobile is used to carry paying passengers as a “transportation network” automobile subject to the eligibility below.

The removal of the exclusion applies for all periods of usage when the driver is logged onto the “transportation network” including when the driver is available to be matched with a paying passenger, when en-route to pick up the passenger and when the passenger is being transported to a specified destination.

The coverage provided by this change form will apply as excess coverage for which you would have the right to recover under any section of the insurance provided by the “Transportation Network Company’s” Insurance Policy.

“Transportation Network(s)” means a digital network or other electronic means that allows persons to arrange to provide transportation services for compensation in a Transportation Network Automobile.

“Transportation Network Company” means a corporation, partnership, sole proprietorship, association or other entity or individual that operates a “Transportation network(s)”.

Eligibility:

- Maximum of 2 automobiles per household.
- The automobile is used for “Transportation Network” purposes only by drivers listed on the policy.
- The automobile cannot seat more than 8 occupants, including the driver.
- All Transportation network drivers must be licensed in Canada or the USA for 8 years or longer.
- The automobile is not used for any retail or wholesale delivery of goods or any other commercial use, except carrying paying passengers as a Transportation Network automobile.
- The automobile is not registered or plated for use as a taxi, limousine or any other public transportation.
- The “Transportation Network” Company must have Insurance Coverage insuring “You” during all periods from the time you are logged in eligible to accept a ride request to the moment the passengers exit the vehicle.
- This endorsement is to be attached to all policies when the Insured is driving for a Transportation Network Company.
- Not available if OPCF 49 is applied to the automobile
- Acceptable Rideshare Companies can be found in the link: [Ridesharing, carsharing and auto insurance in Ontario \(protect yourself\) | Financial Services Regulatory Authority of Ontario \(fsrao.ca\)](https://www.fsrao.ca/en/protect-yourself/ridesharing-carsharing-and-auto-insurance-in-ontario)

Rating: \$50.00

NPCF 23A – Lienholder Protection

For use with private passenger automobiles and miscellaneous vehicles.

This change form protects the Lienholder's interest in the automobile and provides for joint payment to the Insured and the Lienholder if the vehicle is not repaired or lost or damaged parts are not replaced in the event of a loss under Loss or Damage Coverages (Optional).

It also provides for 15 days written notice to the Lienholder in the event of cancellation of any subsection under Section 7: Loss or Damage Coverages (Optional).

Rating: No charge

NPCF 20/27 – Coverage for Transportation Replacement and Liability for Damage to Non–Owned Automobile(s) and Other Coverages when Insured Persons Drive, Rent or Lease Other Automobiles Bundles

For use with private passenger automobiles.

This policy change form bundles the NPCF 20 and the NPCF 27

This change form reimburses the Insured up to the limit of liability shown on the policy change form for reasonable expenses incurred in procuring alternate transportation while the insured vehicle is laid up as a result of an insured loss. This change form also removes the 72-hour waiting period when the insured loss is theft of the entire automobile.

It also indemnifies the Insured and certain other persons against liability imposed by law or assumed under any written agreement for loss or damage caused by a peril described under All Perils arising from the care, custody or control of any automobile (non-owned or licensed in the name of any person insured) of the private passenger or station wagon type or any commercial vehicle of a gross vehicle weight of 4,500 kg or less used for pleasure purposes.

Drive other automobiles coverage is also provided to the insured and certain other persons when operating automobiles described above.

A deductible of \$500.00 applies to each separate claim unless the loss is caused by a peril specifically insured under the loss or damage section of the policy to which the change form is attached for a lower deductible.

The change form does **NOT** apply to any vehicle under the loss or damage section of this policy where the Insured has assumed liability for a period of time exceeding 30 days.

NOTE: This change form is not available:

- unless Third Party Liability, Direct Compensation Property Damage, Accident Benefits, Collision and/or Comprehensive or All Perils coverage is purchased
- if OPCF 49 is applied to the automobile

Rating:

	NPCF 27 LIMITS	
	\$75,000	\$100,000
NPCF 20 LIMITS		
\$2,000	\$105	\$135
\$2,500	\$115	\$145
\$5,000	\$140	\$170

NPCF CPE – Conviction Protector Endorsement

For use with private passenger automobiles.

This is an optional enhancement, which protects the rating of the automobile from being affected by the first minor conviction of an eligible listed driver, licensed for 6 years or more.

Eligibility:

All drivers listed on the automobile must be licensed six (6) years or more and have no minor, major or serious/ criminal convictions prior to the endorsement being added.

Only the first minor conviction of the eligible listed driver will be protected from rating. Any additional minors, any major or serious/ criminal code convictions will not be protected.

For a conviction to be continually protected, the premium charged for this endorsement must continue to be paid. This means that if the endorsement is deleted while a conviction is being protected the conviction will be counted and can affect the rating of the automobile.

Eligibility for all risks including 05/06:

Class 05 / 06 driver(s) listed on the automobile must be licensed six (6) years or more and have no minor, major or serious/ criminal code convictions.

Class 05/06 will be rated as a separate risk with a separate charge

Rating: \$30.00 per eligible automobile(s) where the driver(s) is licensed for 9 years or more
 \$45.00 per eligible automobile(s) where the driver(s) is licensed for 6 to 9 years
 \$30.00 per eligible 05/06 risk(s) where the driver(s) is licensed for 6 years or more

NPCF CSD – Worry Free Bundle

For use with Private Passenger automobiles.

This is a bundle of the following policy change forms:

NPCF DDE	Disappearing Deductible
NPCF ARW	Accident Rating Waiver Endorsement
NPCF 20/27 –	Coverage for Transportation Replacement and Liability for Damage to Non-Owned Automobile(s) and Other Coverages when Insured Persons Drive, Rent or Lease Other Automobiles Bundle

In this bundle, the NPCF #27 endorsement provides a limit of \$75,000 coverage.

Deductible amount cannot exceed \$1000 for Collision, Comprehensive or All Perils for this endorsement.

Applicants must meet the qualifications for each change form to be eligible for the Worry Free Bundle.

Refer to General Section for definition of at fault accident.

This change form is not available:

- unless Third Party Liability, Direct Compensation Property Damage, Accident Benefits, Collision and/or Comprehensive or All Perils coverage is purchased
- if OPCF 49 is applied to the automobile

Rating:

	Premium
NPCF 20 Limit	6*, 7*, 8* & 9*
\$2,000	\$175
\$2,500	\$185
\$5,000	\$205

NPCF DDE - Disappearing Deductible

For use with Private Passenger automobiles.

This policy change form rewards a claim free status under Section 7 – “Loss or Damage Coverages (Optional)” by allowing a reduced deductible of 20% per year, of the original deductible amount, for each consecutive claim free year. A maximum zero deductible applies if there have been no losses assigned within the preceding 5 consecutive years.

When a claim is assigned under All Perils, Collision, Comprehensive, all deductibles will revert to the original deductible amount at the next renewal.

Available to new business and renewal business, the level of deductible will be determined by the number of consecutive years insured and claims free for the listed operators attached to the automobile under All Perils, Collision, Comprehensive

Available for all deductible combinations noted in the chart below.

The premiums for Section 7: “Loss or Damage Coverages (Optional)” will be based on the original deductible amounts.

Where a vehicle has Comprehensive coverage but no Collision coverage, the risk is still eligible for this endorsement. In such cases, the lowest premium for the applicable deductible will apply.

Rating:

Coverage	Premium
Collision Deductible/Comprehensive Deductible, OR All Perils Deductible	
\$500(Coll), \$300(Comp)	\$45
\$500(Coll), \$500(Comp), OR \$500 (AP)	\$50
\$1,000(Coll), \$300(Comp)	\$65
\$1000(Coll), \$500(Comp)	\$70
\$1,000(Coll),\$1,000(Comp) OR \$1,000(AP)	\$80

NPCF ARW – Accident Rating Waiver Endorsement

For use with private passenger automobiles.

This is an optional enhancement, which protects the driving record of the automobile from being affected by the first at fault accident. To qualify for the endorsement the automobile must meet driving record 6, 7, 8 or 9 criteria. Endorsement cannot be backdated.

No protection is offered for Class 05/06 under this endorsement.

Eligibility:

The Accident Rating Waiver Endorsement may be purchased at any time during the policy term as long as there are no at-fault accident(s) and has met all other eligibility requirements.

- Example: Accident occurred during the current term and policy has not yet renewed.

The Accident Rating Waiver has to be on the automobile prior to a ratable accident occurring.

The Driving Record of the automobile will be protected, subject to the following criteria:

- a) there are no Criminal/Serious or Major convictions associated with the accident.
- b) there have been no policy violations associated with the accident.
- c) the automobile meets all driving record 6, 7, 8 or 9 criteria and,
 - For the driving record to be continually protected, the premium charged for this endorsement must continue to be paid. This means that if the endorsement and/or automobile is deleted while a driving record is being protected the driving record will no longer be protected and all applicable at fault accidents will be used to determine the driving record and eligibility.
 - The driving record will remain at the protected driving record until the criteria for the next highest driving record is achieved.
 - Example: Automobile is rated at driving record 7 and has an at-fault accident. The customer will not progress to a driving record 8 until the renewal following the accident becomes 8 years old.
 - In the event of a second at-fault accident on an automobile with a protected accident, accident forgiveness will apply providing all other accident forgiveness criteria is met. However, if the first at-fault accident is 6 years old or greater, the second at-fault accident will be protected and the driving record will be rated at driving record 6.

NPCF ARW – Accident Rating Waiver Endorsement (Cont'd)

- If there is more than one automobile on the policy and the automobile with a protected accident is removed from the policy, the accident will then be rated on the remaining automobile.
 - If the remaining automobile qualifies for the Accident Rating Waiver endorsement the accident can remain protected as long as the vehicle has or adds the endorsement and, there is no accident that is currently being protected on the remaining automobile and, all other conditions are met.
 - If the remaining automobile does not qualify for the Accident Rating Waiver endorsement the accident can no longer be protected. Note: Accident Forgiveness may apply if the automobile meets the eligibility.
 - If the remaining automobile already has a protected accident the additional accident cannot be protected. Note: Accident Forgiveness may apply if the automobile meets the eligibility.
 - If an automobile has an accident without the accident rating waiver and that vehicle is deleted and the remaining automobile has the accident rating waiver, the accident will be fully rated on the remaining automobile.
 - If there is more than one automobile on the policy with more than one driver who is a Principal Operator on an automobile with the accident rating waiver and that driver has an accident on an automobile on the same policy that does not have the accident rating waiver, the accident will be rated on the automobile where the driver is Principal Operator.
- The Accident Rating Waiver is not transferable from a previous Insurer, except a company within the Aviva group of Companies provided there has been no gap in insurance coverage.

Refer to General Section for definition of at-fault accident.

Rating: \$85

NPCF RPP – Satellite Roadside Assistance

For use with private passenger automobiles and Motorcycles.

Satellite is a comprehensive emergency roadside and driver assistance program. Features and benefits include;

- Towing
- Flat tire service
- Battery boost
- Fuel delivery
- Lockout service
- Extrication/winch

The use of this coverage is not considered a claim for rating or underwriting.

Rating:

Private Passenger Automobiles: \$70.00 per Private Passenger Automobile

Motorcycles: \$50.00 per Motorcycle

NPCF 090 - Coverage for Transportation Replacement – Motorcycle

For use with motorcycles

This policy change form provides reimbursement up to \$1200 per occurrence for a replacement motorcycle due to loss or damage caused by an insured peril for which the motorcycle is insured under Section 7: Loss or Damage Coverages (Optional).

This change form also removes the 72-hour wait period for theft of the entire motorcycle.

Note: This policy change form is not available:

- unless All Perils, Collision, Comprehensive or Specified Perils coverage has been purchased.
- if OPCF 49 is applied to the motorcycle

Rating: \$ 120.00 annually per motorcycle

NPCF 091 - Coverage for Personal Effects Usual to a Motorcycle

For use with motorcycles

This policy change form provides coverage for clothing and accessories—that are Motorcycle specific and unique to the use and operation of the Motorcycle described on the Certificate of Insurance, such as, but not limited to, helmets, specific purpose jackets, pants and suits, motorcycle armour, airbag vests, rain gear, gloves and riding boots owned by the insured, spouse or dependants. We will pay to a maximum of \$3,500 per occurrence, for the apparel that needs replacing as a result of loss or damage caused by an insured peril other than the peril of Theft as defined in Section 7: “Loss or Damage Coverages (Optional) of the policy.”

NOTE: If 2 claims are reported in 3 years, coverage will not be offered for another 3 years.

This policy change form is not available unless All Perils, Collision or Comprehensive coverage has been purchased.

Rate: \$30.00 annually per motorcycle

NPCF 092 - Vacation Expense – Motorcycle

For use with motorcycles

This policy change form provides coverage for expenses incurred, to a maximum of \$2000, if the described motorcycle is inoperable as a result of a covered loss, and the loss or damage occurs more than 100 kilometers from the residence shown on the policy.

Coverage extends to food, accommodation and transportation expenses only.

Note: This policy change form is not available unless Liability coverage has been purchased.

Rate: No premium charge.

NPCF 094 – Waiver of Depreciation – Owned Motorcycles

For use with motorcycles

This policy change form waives the Statutory Condition of the policy, which limits liability for loss or damage to the motorcycle to the actual cash value. The loss or damage must occur before the model year of the motorcycle is 5 years of age or more or the expiry date of the policy to which the endorsement is attached, whichever is greater.

Insured must be original owner and the motorcycle must be new at the time of delivery. Demonstrator motorcycles of the current year, purchased from a dealership and not exceeding 1,000 kilometers are considered new.

Coverage must be requested within 12 months of vehicle ownership. The vehicle must carry All Perils or Collision and Comprehensive coverage.

Note: This policy change form is not available:

- unless All Perils or Collision, and Comprehensive coverage has been purchased.
- if OPCF 49 is applied to the motorcycle

Rate: Premium will be calculated as a % of the total policy premium excluding discounts/surcharges and endorsements according to the following chart.

Model Year	Premium
0	5%
1	7.5%
2	8%
3	8.5%
4	9%

NPCF 095 - Limited Waiver of Depreciation – Leased Motorcycles

For use with motorcycles

This policy change form waives the Statutory Condition of the policy that limits liability for loss or damage to the motorcycle to the actual cash value. The loss or damage must occur before the model year of the motorcycle is 5 years of age or more or the expiry date of the policy to which the endorsement is attached, whichever is greater.

The Specified Lessee must be the first Lessee of the motorcycle and it must be new at the time of delivery to the Lessee. Demonstrator motorcycles of the current year, leased from a dealership and not exceeding 1,000 kilometers are considered new.

Coverage must be requested within 12 months of leasing. The vehicle must carry All Perils or Collision and Comprehensive coverage.

Note: This policy change form is not available:

- unless All Perils or Collision, and Comprehensive coverage has been purchased.
- if OPCF 49 is applied to the motorcycle

Rate: Premium will be calculated as a % of the total policy premium excluding discounts/surcharges and endorsements according to the following chart.

Model Year	Premium
0	5%
1	7.5%
2	8%
3	8.5%
4	9%

NPCF 096 – Waiver of Depreciation – Pre-Owned Motorcycles

For use with motorcycles

This policy change form waives the Statutory Condition of the policy, which limits liability for loss or damage to the motorcycle to the actual cash value. The loss or damage must occur before the model year of the motorcycle is 5 years of age or more or the expiry date of the policy to which the endorsement is attached, whichever is greater.

Insured must **NOT** be the original owner and the motorcycle must be pre-owned at the time of delivery.

Coverage must be requested within 6 months of vehicle ownership. The vehicle must carry All Perils or Collision and Comprehensive coverage.

Note: This policy change form is not available:

- unless All Perils or Collision, and Comprehensive coverage has been purchased.
- if OPCF 49 is applied to the motorcycle

Rate: Premium will be calculated as a % of the total policy premium excluding discounts/surcharges and endorsements according to the following chart.

Model Year	Premium
0	5%
1	7.5%
2	8%
3	8.5%
4	9%

NPCF 098 – Coverage for Motorcycle Accessories and Equipment

For use with motorcycles

This form extends coverage under Section 7 of the policy to cover damage to additional accessories and equipment including accessories and/or equipment installed after the original purchase or those installed by the manufacturer or dealer at the time of purchase. E.g. windshields, side cars, cosmetic exhaust customization (additional chrome), pegs, grips, foot rests, mufflers or exhaust systems, aftermarket air or oil filters, custom or extended seats, frame sliders, raised handlebars (must conform to Provincial regulations), non-OEM saddlebags, non-OEM tires (must be designed for use on a motorcycle).

It does not include electronic accessories and equipment such as tape players/decks, stereo players/decks, compact disc players, speakers, positioning and location finding devices, computers, and items of a similar nature.

NOTE: This policy change form is not available:

- unless All Perils or Collision, and Comprehensive coverage has been purchased.
- if OPCF 49 is applied to the motorcycle

Rate: 1% of Accident Benefits, Direct Compensation-Property Damage, Collision, Comprehensive, Specified Perils, and All Perils premiums per \$1000 of customizations and modifications coverage. The premium is calculated automatically.

DISCOUNTS

Unless otherwise stated discounts do not apply to OPCFs or Class 05 or 06 premiums.

Discounts should not be totalled. In order to prevent miscalculation, apply the discount to the base premium – this will then become the new adjusted base premium. Apply any further discounts consecutively.

SUMMARY OF DISCOUNTS

1. Affinity Discount	5%
2. Aviva Journey Enrollment Discount	10%
3. Aviva Journey Discount.....	0-20%
4. Car and Home Discount – Named Insured.....	10%
5. Car and Home Discount – Family Member 10	10%
6. Combined Policy Discount.....	20%
7. Conviction Free Discount.....	15%
8. Electric Vehicle Discount	5%
9. Graduated Licensing Discount.....	10%
10. Hybrid Vehicle Discount.....	5%
11. Multi-Vehicle Discount	12%
12. Out of Town Student Discount.....	50%
13. Retiree Discount	10%
14. Theft Recovery Device Discount	20%
15. Winter Tire Discount	2%

Affinity Discount

A 5% discount will apply to all private passenger automobiles or miscellaneous vehicles listed on the policy when an Applicant/Named Insured is a validated member of an approved affinity program. The discount applies to Liability, Uninsured Automobile, Accident Benefits, Direct Compensation Property Damage, All Perils, Collision, Comprehensive and Specified Perils.

This discount is applicable to Classes 05 and 06 independently from the principal operator.

Aviva Journey Program

To participate in the voluntary usage based insurance Aviva Journey program, the named insured can enroll each principal driver of an automobile. In order to generate a personalized discount and/or surcharge based on driving behaviour the principal driver(s) must download and activate the Aviva Journey Application onto a compatible smartphone.

Eligibility:

- Must be the enrolled principal driver of a private passenger automobile listed on a personal lines policy within the Aviva group of companies excluding Elite Insurance Company;
- The enrolled principal driver(s) must have a valid G2 or G license;
- The smartphone must be compatible with the most recent version of the Application and must ensure that the Application is installed and updated when required for example, a compatible iPhone or Android smartphone with the latest operating system (OS) or at least the two prior OS versions installed.
- Must maintain a data plan with their mobile service provider, allowing the Application to transfer data to us and our service providers;
- Must provide us with a mobile telephone number and email address, and with the mobile number and email address for all other principal drivers on the policy that are enrolling in the Program, and they must remain valid throughout your/their enrollment in the Program;
- Must remain enrolled in the Program and keep the Application activated for the duration of the automobile insurance policy that covers the automobile, including subsequent renewals unless they choose to unenroll from the Aviva Journey program.

Aviva Journey Program (Cont'd)

- During the enrollment period and subsequent renewals the enrolled principal driver must be tagged as a driver for a minimum of 1000km prior to the processing of the renewal documents. If the enrolled principal driver has not been tagged as a driver for the minimum 1000km, the enrollment or program discount and/or surcharge will be 0%.
- Aviva can terminate the enrolled principal driver's enrolment in the Program should Aviva not be able to capture an accurate assessment of driving behaviour, if Aviva deems there to be any misuse of the Application, or if the enrolled principal driver resides or if the automobile is used in certain regions where the cellular coverage is non-existent or insufficient. Should the principal driver want to re-enroll, they can do so at any time and there are no additional conditions or rules that will apply to the principal driver when they re-enroll. If the principal driver re-enrolls within 30 days after the date of termination or opt-out the previous data and/or score will be re-applied.

Aviva Journey Enrollment Discount:

Upon enrollment a 10% discount will apply to Liability, Uninsured Automobile, Accident Benefits, Direct Compensation Property Damage, All Perils, Collision, Comprehensive and Specified Perils for those automobiles where the principal driver has enrolled into the Aviva Journey program.

- If the principal driver has been enrolled in the program for at least 120days prior to the processing of the renewal documents the enrollment discount will be removed and replaced with either an Aviva Journey Discount or Surcharge(see surcharge section) based on driving behaviour and eligibility.
- If the principal driver has been enrolled in the program less than 120days prior to the processing of the renewal documents the enrollment discount will continue if the principal driver remains enrolled until the next renewal at which time it will be removed and replaced with either a Discount or Surcharge(see surcharge section) based on driving behaviour and eligibility.

NOTE: Upon enrollment: If the Aviva Journey Application is not downloaded and activated within 15 days the enrollment discount will be removed and an updated Certificate of Automobile Insurance will be sent to the Named Insured.

Aviva Journey Program Discount:

Upon renewal as stated above the enrollment discount for the enrolled principal driver(s) will be replaced with either a program Discount or Surcharge (see surcharge section) based on driving behaviour and eligibility.

The discount will vary from 0-20% based on driving behaviour and eligibility and will apply to: Liability, Uninsured Automobile, Accident Benefits, Direct Compensation Property Damage, All Perils, Collision, Comprehensive and Specified Perils for those automobiles where the principal driver has or remains enrolled into the Aviva Journey program.

CAR AND HOME DISCOUNT – Named Insured

A 10% discount will apply to all automobiles on the policy. The discount will apply to Liability, Accident Benefits, Uninsured Automobile, Direct Compensation – Property Damage, All Perils, Collision, Comprehensive, and Specified Perils subject to the following conditions:

- The automobile must be a private passenger vehicle insured on a personal automobile policy and;
- Both the Automobile and Property must be insured with a company within the Aviva group of companies, and through the same insurance intermediary, for the Named Insured, spouse, common-law or same sex partner and;
- The Named Insureds must be residing in the same household and;
- The automobiles must be principally operated by the eligible individuals residing in the same household.
- Policy is not part of a combined policy.

PRIVATE PASSENGER – DISCOUNTS / SURCHARGES SECTION

CAR AND HOME DISCOUNT – Family Member 10

A 10% discount will apply to family members of current insureds qualifying for the above Car and Home or below Combined discount(s) who insure vehicle(s) registered in their own name.

The discount will apply to Liability, Accident Benefits, Uninsured Automobile, Direct Compensation – Property Damage, All Perils, Collision, Comprehensive, and Specified Perils subject to the following conditions:

- All insureds must be residing in the same household.
- The Property policy must be the primary residence for all insureds.
- Both the Automobile and Property must be insured through personal lines with a company within the Aviva group of companies, and through the same insurance intermediary.
- Applies only for the named insured, spouse and children or other legal dependents of the named insured or spouse, and;
- The automobiles must be principally operated by the eligible individuals residing in the same household.
- Policy is not part of a combined policy.

COMBINED POLICY DISCOUNT

A 20% discount will apply to all automobiles on the policy. The discount will apply to Liability, Accident Benefits, Uninsured Automobile, Direct Compensation – Property Damage, All Perils, Collision, Comprehensive, and Specified Perils subject to the following conditions:

- The effective dates of both the Automobile and Property policies must be aligned within 24 months.
- All automobiles stated on the Certificate of Automobile insurance must carry a minimum liability limit of \$1 million.
- Both the Automobile and principal residence for the Named Insured, spouse, common-law or same sex partner living in the same household are issued through the personal lines division of Aviva Canada and must be in force within the Aviva group of companies excluding Elite Insurance company, and through the same insurance intermediary and; the automobiles must be principally operated by the eligible individuals residing in the same household.
- You cannot combine policies for unrelated individuals or multiple named insureds where the Named Insured includes more than spouse/partner.
- Each risk must meet individual eligibility and rating requirements, insured in the same province and with one of the Aviva Canada companies, excluding Elite Insurance Company. Policies written through commercial lines do not qualify.
- Individual policies may be cancelled but all benefits of Combined Policy will be discontinued for the supporting policy.

CONVICTION FREE DISCOUNT

A 15% discount will apply to Liability, Accident Benefits, Uninsured Automobile, Direct Compensation – Property Damage, All Perils, Collision, Comprehensive and Specified Perils if all operators of the vehicle have **no** convictions in the past 3 years.

This discount is applicable to Classes 05 and 06 independently from the principal operator.

ELECTRIC VEHICLE DISCOUNT

A 5% discount is available for all Battery Electric (BEV) vehicles which is an all-electric vehicle powered by battery packs with no secondary source of power.

The discount will apply to Liability, Accident Benefits, Uninsured Automobile, Direct Compensation – Property Damage, All Perils, Collision, Comprehensive and Specified Perils.

The discount is applied automatically according to the VICC.

This discount is applicable to Classes 05 and 06 independently from the principal operator.

GRADUATED LICENSING DISCOUNT

Principal & Class 05/06 Operators

Apply a 10% discount to:

- Class G1 drivers graduating to Class G2 and
- Class G2 drivers graduating to Class G (fully licensed)

Proof that the operator has graduated from Class G1 to G2 and/or from Class G2 to G must be provided before the discount will be allowed.

Discount will not apply if:

*the driver receives a G1 and G2 license on the same day, only the G2 license information is to be entered into the system.

*the driver receives a G2 and G license on the same day, only the G license information is to be entered into the system.

The 10% discount applies to the following coverages only:

- Third Party Liability
- Direct Compensation
- Accident Benefits
- Uninsured Automobile
- Collision and the Collision portion of All Perils

The discount is applicable for one year only from the date the G2 or G license is received and will be removed at the renewal following a full year of discounting.

Graduating from Class G1 Qualifications

In order to qualify for the discount the driver must have had no at-fault accidents or convictions as a Class G1 driver.

Graduating from Class G2 Qualifications

In order to qualify for the discount the driver must have had no at-fault accidents or convictions as a Class G2 Driver.

HYBRID VEHICLE DISCOUNT

A 5% discount is available for all Hybrid Electric vehicles that have both a gasoline engine and electric motor. The discount will apply to Liability, Accident Benefits, Uninsured Automobile, Direct Compensation – Property Damage, All Perils, Collision, Comprehensive and Specified Perils.

The discount is applied automatically according to the VICC.

This discount is applicable to Classes 05 and 06 independently from the principal operator.

MULTI-VEHICLE DISCOUNT

A 12% discount will apply to Liability, Accident Benefits, Uninsured Automobile, Direct Compensation – Property Damage, Collision and the Collision portion of All Perils coverage, subject to the following conditions:

- For personal lines policies, the automobiles must be insured on the same policy or on separate personal lines policies with a company within the Aviva group of companies, and through the same insurance intermediary.
- Applies only for the named insured, spouse and children or other legal dependents of the named insured or spouse, and;
- The Automobiles must be principally operated by eligible individuals residing in the same household.
- Automobiles registered in a Company Name and insured through personal lines will be eligible for this discount if all other conditions have been met.

For commercial lines policies only, this discount will apply if there are 2 or more individually rated private passenger vehicles insured through commercial lines.

OUT OF TOWN STUDENT DISCOUNT

A 50% discount will apply to any class 05 or 06 operators providing she/he is attending school away from home. This discount will apply to Liability, Accident Benefits (excluding Increased Optional Accident Benefits), Uninsured Automobile, Direct Compensation – Property Damage, Collision, and the collision portion of All Perils coverage and is subject to the following requirements:

- The student must be living at a university or post-secondary college that is a minimum of 100 kilometres away from home;
- The name and location of the school is required and documentation must be in the policy system.
- Vehicle is garaged at the location of the Named Insured.

Discount is applied to a single policy term and must be validated at each renewal.

RETIREE DISCOUNT

A discount of 10% shall apply to the Accident Benefits (excluding Optional Increased Accident Benefits) and Uninsured Automobile premium subject to the applicant meeting the following conditions:

a) The Applicant must:

- be retired; **and** not earn or receive income from any office or employment; **and** not be engaged in any professional occupation; **and** not be operating a business; **and** not have been employed for 26 weeks or more in the last 52 weeks; **and**
- be age 65 or older; **or** be in receipt of a pension under the *Canada Pension Plan* or the *Quebec Pension Plan*; **or** be in receipt of a pension registered under the *Income Tax Act, Canada*.

b) The “Automobile Insurance Declarations for Retiree Discount” form must be completed and signed if the applicant is under age 65 and the requirement(s) have been met.

c) The discount shall apply to all vehicles for which the applicant is principal operator.

THEFT RECOVERY DEVICE DISCOUNT

A 20% discount is available for vehicles that have an activated Aviva approved theft recovery device professionally installed in their vehicle. The discount will be available for 3 policy terms.

Proof of installation is required. The date of installation must be documented in the policy system.

The discount will apply to Comprehensive, Specified Perils and the Comprehensive portion of All Perils.

Approved theft recovery devices: Tag, Kycs

Note: Any other devices such as Apple Air tags are not acceptable

WINTER TIRE DISCOUNT

A 2% discount is available for vehicles that are equipped with a separate set of 4 winter tires during the months from December 1st through to March 31st. The discount will apply to Liability, Accident Benefits, Uninsured Automobile, Direct Compensation – Property Damage, Collision and Collision portion of All Perils coverages.

The insured may, at any time, be required to produce the bill of sale for the winter tires and/or the receipt for installation of the winter tires. All Season tires or tires that remain on your vehicle all year, even with a winter designation, do not qualify for the discount.

PREMIUM SURCHARGE SCHEDULE

Aviva Journey Program Surcharge:

Upon renewal as stated above (in the Discount section) the enrollment discount for the enrolled principal driver(s) will be replaced with either a program Discount (see Discount section) or Surcharge based on driving behaviour and eligibility.

The surcharge will vary up to 5% based on driving behaviour and eligibility and will apply to: Liability, Uninsured Automobile, Accident Benefits, Direct Compensation Property Damage, All Perils, Collision, Comprehensive and Specified Perils for those automobiles where the principal driver has or remains enrolled into the Aviva Journey program.

Right Hand Drive Vehicle Surcharge

A surcharge of 50% will apply to premiums for Liability, Accident Benefits, Uninsured Automobile, Direct Compensation – Property Damage, All Perils, Collision, Comprehensive, and Specified Perils when the vehicle is equipped with a driving system in which the steering wheel is on the right side. Surcharge will apply to 05/06 premium(s).

Accident and Conviction Surcharge Rules

Accident and Conviction Surcharge criteria apply to all operators.

Accident is as defined in this Manual.

Accident and Conviction Surcharges apply to premiums for the Liability, Accident Benefits, Uninsured Automobile, Direct Compensation - Property Damage, All Perils, Collision, Comprehensive and Specified Perils Coverage.

If more than one Surcharge applies, the Surcharges are cumulative;

The exposure period is 36 months prior to date of application or renewal.

If the Insured has a Driving Record better than DR3, and a surcharge becomes applicable due to serious or major convictions, the Driving Record automatically drops to DR3 and remains there until the surcharge is no longer applicable.

Accident Surcharges

Surcharge is automatically included in rating.

Conviction Surcharges

For each insured vehicle, the conviction records of all listed drivers, are reviewed to establish which of the conviction records develops the highest surcharge percentage, and that record is used to calculate the additional charges.

NOTES:

1. When determining the additional charges in respect of vehicles insured by Aviva whether or not on the same policy, a conviction record will not be used more than once.
2. When two or more vehicles are insured and;
 - there are two or more drivers, each driver shall be allocated to the vehicle which they drive most and their conviction record shall be considered in relation only to that vehicle.
 - there is only one driver, the driver's conviction record shall be applied to whichever vehicle produces the highest combined premium in respect of Liability, Accident Benefits (Including Uninsured Automobile), Direct Compensation-Property Damage, All Perils and Collision. If the driver is convicted of a major or serious conviction, the remaining vehicle does not qualify for driving record 4, 5, 6, 7, 8 or 9.

PREMIUM SURCHARGE SCHEDULE (Cont'd)

NOTES: (Cont'd)

3. The conviction records of Class 05 or 06 drivers shall be considered only in calculating the additional charge on the class 05 or 06 premium.
4. If a license is suspended due to a Criminal Code Conviction, the surcharge applies for 36 months following the date the license is reinstated.
5. Convictions for road offences shall not be used in the rating of off road vehicles (e.g. snow vehicles, all-terrain vehicles) and vice versa.
6. No convictions related to an excluded driver shall be taken into consideration when the OPCF 28A on file has been properly signed by the Named Insured and excluded driver.

CONVICTION SURCHARGES

Minor	1 conviction – 5% surcharge
	2 convictions – 20% surcharge
	Each additional conviction – 10% surcharge
Major	25% surcharge for each conviction
Serious/Criminal Code	100% surcharge for each conviction

Refer to definitions section for list of convictions

HIGH THEFT VEHICLE SURCHARGE

Applicable to vehicles identified as a High Theft Vehicle and has Comprehensive, Specified Perils or All Perils coverage.

A \$1000 surcharge will apply to vehicles identified as a High Theft Vehicle and does not have an activated Aviva approved Theft Recovery device that is installed in the identified vehicle.

The surcharge will remain on the policy each renewal until an activated approved Theft Recovery device is installed or until the vehicle is no longer identified as a High Theft vehicle.

A full refund of the \$1000 surcharge will be available to customers who have an activated Aviva approved Theft Recovery device installed within 60 days past the policy effective date for new business or within 60 days past the effective date of the change if the High Theft Vehicle is added to the policy mid-term.

If a customer has an activated Aviva approved Theft Recovery device installed more than 60 days past the effective date the refund will be pro-rated from the date of installation.

Proof of installation is required. The date of installation must be documented in the policy system.

PRIVATE PASSENGER – CLASSES AND DRIVING RECORDS SECTION

The following are some of the risk elements that will be used individually based on the characteristics of the drivers and automobile to calculate the rate. It is important to make sure that the following risk elements are captured accurately to ensure the most accurate premium.

- Date of Birth
- Gender
- Years Licensed
- Vehicle use
- Annual Mileage driven
- Mileage driven to work
- Date first licensed
- Model year
- Years vehicle has been owned* or leased
- Vehicle Information Number (VIN)

*If the vehicle has been transferred from an immediate family member we will honour the length of time that the vehicle was owned by the family member. Immediate family members are limited to grandparents, parents and siblings. Grandparents, parent and siblings of the insured's spouse are also included in immediate family members.

**Operators identified as Gender X on the MVR or copy of the license will be rated the lesser of the male and female calculated premiums.

The following classes will no longer be used for rating purposes but will still be shown on the Certificate of Automobile Insurance and used for classification and reporting purposes only.

Class 01

- a. Pleasure use only. No driving to work or school. No driving for professional or vocational purposes.
- b. Principal operator is 25 years of age or over.
- c. Occasional operators under 25 years of age are rated separately under Class 05 or 06.
- d. No more than two operators per vehicle in the household, each of who must have held a valid Canadian driver's license for the past three years (excluding operators rated class 05 or 06).
- e. Average distance driven does not exceed 16,000 km per year.
- f. No drivers from outside Canada and the United States.

Class 02

- a. Pleasure use. Vehicle may be used for driving to work or school up to 24 km one way.
- b. Principal operator is 25 years of age or over.
- c. Occasional operators under 25 years of age are rated separately under Class 05 or 06.
- d. No more than two operators per vehicle in the household (excluding operators rated class 05 or 06).

PRIVATE PASSENGER – CLASSES AND DRIVING RECORDS SECTION

Class 03

- a. Pleasure use. Vehicle may be used for driving to work or school.
- b. Occasional business use not to exceed 25% of the annual kilometers driven.
- c. Principal operator is 25 years of age or over.

Class 05

Occasional female driver, under 25 years of age, with a principal operator rated as Class 01, 02, 03 or 07.

Class 06

Occasional male driver, under 25 years of age, with a principal operator rated as Class 01, 02, 03 or 07.

Occasional Operator – Class 05/06

The driving record for occasional driver classes 05 or 06 will be determined independently from the principal operator. The accidents and driving experience of either will not affect the other.

An Occasional driver is one that is under age 25 and the principal operator is rated as class 01, 02, 03 or 07:

-The automobile is classed under 01, 02, 03 or 07 as though there is no occasional operator or operators under age 25 then charge for the occasional driver or drivers as Class 05/06.

-Where there is one occasional driver less than 25 years of age and more than one vehicle, charge for the occasional operator on the highest rated vehicle.

- For each vehicle where there is more than one occasional driver less than 25 years of age, charge for the occasional operator whose driving experience produces the highest premium on the highest rated vehicle.

-Only one occasional operator premium is rated per vehicle. Operators under age 25, not being rated class 05 or 06 are to be added as secondary operators on the vehicle and will affect the highest rating class.

-For policies with multiple vehicles, where there is more than one Occasional Driver licensed under age 25, each operator must be assigned to and charged for on separate vehicles with the highest rated driver on the highest rated vehicle.

The charge for such operator is only to be made if the operator's license is of class other than "G1".

A chargeable accident caused by an occasional driver of an automobile will not affect the driving record of the vehicle involved in the accident if that driver is the principal driver of another Private Passenger vehicle and the chargeable accident is charged to that automobile.

PRIVATE PASSENGER – CLASSES AND DRIVING RECORDS SECTION

Class 07

- a. Principal operator is 25 years of age or over.
- b. Business use of vehicle.
- c. Occasional operators under 25 years of age are charged separately under Class 05 or 06.

Class 08

Principal operator, married male, 16 to 20 years of age, residing with spouse.

Class 09

Principal operator, married male, 21 to 24 years of age, residing with spouse.

Class 10

Principal operator, single male, 16 to 18 years of age.

Class 11

Principal operator, single male 19 or 20 years of age.

Class 12

Principal operator, single male 21 or 22 years of age.

Class 13

Principal operator, single male 23 or 24 years of age.

Class 18

Principal operator, female 16 to 20 years of age.

Class 19

Principal operator, female 21 to 24 years of age.

DRIVING RECORDS

Driving Record 9

- a. **All drivers** of the vehicle must have held a valid driver's license for a minimum of 9 consecutive years in Canada or the United States (except drivers **rated** class 05 or 06). Drivers previously licensed in the United States must have supporting documentation of clear driving record and letter of experience.
- b. The principle driver currently holds a Class G license.
- c. No driver of the vehicle has had an at-fault accident within the past 9 years.
- d. No driver of the vehicle has been convicted in the past 3 years of any serious or major driving conviction.
- e. No driver has had a driver license suspension or cancellation for 12 months or more in the past 9 years, for reasons other than Administrative Lapse or Suspension.
- f. No driver of the vehicle has had an Administrative driver license lapse or suspension for 36 months or more for Administrative reasons.
- g. Principal operator has previously been a named insured or a listed driver on an automobile insurance policy.
- h. No driver of the vehicle has had a lapse in insurance coverage due to a license suspension as a result of a conviction in the past 9 years
- i. No driver of the vehicle has had a lapse in insurance coverage due to non-disclosure or misrepresentation of a conviction or an accident in the past 9 years
- j. No driver of the vehicle has had a cancellation for non-payment of premium in the past 3 years

Driving Record 8

- a. **All drivers** of the vehicle must have held a valid driver's license for a minimum of 8 consecutive years in Canada or the United States (except drivers **rated** class 05 or 06). Drivers previously licensed in the United States must have supporting documentation of clear driving record and letter of experience.
- b. The principle driver currently holds a Class G license.
- c. No driver of the vehicle has had an at-fault accident within the past 8 years.
- d. No driver of the vehicle has been convicted in the past 3 years of any serious or major driving conviction.
- e. No driver has had a driver license suspension or cancellation for 12 months or more in the past 8 years, for reasons other than Administrative Lapse or Suspension.
- f. No driver of the vehicle has had an Administrative driver license lapse or suspension for 36 months or more for Administrative reasons.
- g. Principal operator has previously been a named insured or a listed driver on an automobile insurance policy.
- h. No driver of the vehicle has had a lapse in insurance coverage due to a license suspension as a result of a conviction in the past 8 years.
- i. No driver of the vehicle has had a lapse in insurance coverage due to non-disclosure or misrepresentation of a conviction or an accident in the past 8 years.
- j. No driver of the vehicle has had a cancellation for non-payment of premium in the past 3 years.

DRIVING RECORDS (Cont'd)

Driving Record 7

- a. All drivers of the vehicle must have held a valid driver's license for a minimum of 7 consecutive years in Canada or the United States (except drivers rated class 05 or 06). Drivers previously licensed in the United States must have supporting documentation of clear driving record and letter of experience.
- b. The principle driver currently holds a Class G license.
- c. No driver of the vehicle has had an at-fault accident within the past 7 years.
- d. No driver of the vehicle has been convicted in the past 3 years of any serious or major driving conviction.
- e. No driver has had a driver license suspension or cancellation for 12 months or more in the past 7 years, for reasons other than Administrative Lapse or Suspension.
- f. No driver of the vehicle has had an Administrative driver license lapse or suspension for 36 months or more for Administrative reasons.
- g. Principal operator has previously been a named insured or a listed driver on an automobile insurance policy.
- h. No driver of the vehicle has had a lapse in insurance coverage due to a license suspension as a result of a conviction in the past 7 years.
- i. No driver of the vehicle has had a lapse in insurance coverage due to non-disclosure or misrepresentation of a conviction or an accident in the past 7 years.
- j. No driver of the vehicle has had a cancellation for non-payment of premium in the past 3 years.

Driving Record 6

- a. The principal operator of the vehicle must be licensed for a minimum of 6 consecutive years in Canada or the United States. Drivers previously licensed in the United States must have supporting documentation of clear driving record and letter of experience.
- b. The principle driver currently holds a Class G License.
- c. No driver of the vehicle has had an at-fault accident within the past 6 years.
- d. No driver of the vehicle has been convicted in the past 3 years of any serious or major driving conviction.
- e. No driver of the vehicle has had a driver license suspension or cancellation, for 12 months or more in the past 6 years, for reasons other than Administrative Lapse or Suspension.
- f. No driver of the vehicle has had an Administrative driver license lapse or suspension, for 36 months or more for Administrative reasons.
- g. Principal operator has previously been a named insured or a listed driver on an automobile insurance policy.
- h. No driver of the vehicle has had a lapse in insurance coverage due to a license suspension as a result of a conviction in the past 6 years.
- i. No driver of the vehicle has had a lapse in insurance coverage due to non-disclosure or misrepresentation of a conviction or an accident in the past 6 years.
- j. No driver of the vehicle has had a cancellation for non-payment of premium in the past 3 years.

DRIVING RECORDS (Cont'd)

Driving Record 5

- a. The principal operator of the vehicle must be licensed for a minimum of 5 consecutive years in Canada or the United States. Drivers previously licensed in the United States must have supporting documentation of clear driving record and letter of experience.
- b. The principle driver currently holds a Class G license.
- c. No driver of the vehicle has had an at-fault accident within the past 5 years.
- d. No driver of the vehicle has been convicted in the past 3 years of any serious or major driving conviction.
- e. No driver of the vehicle has had a driver license suspension or cancellation, for 12 months or more in the past 5 years, for reasons other than Administrative Lapse or Suspension.
- f. No driver of the vehicle has had an Administrative driver license lapse or suspension, for 36 months or more for Administrative reasons.
- g. Principal operator of the vehicle has previously been a named insured or a listed driver on an automobile insurance policy.
- h. No driver of the vehicle has had a lapse in insurance coverage due to a license suspension as a result of a conviction in the past 5 years.
- i. No driver of the vehicle has had a lapse in insurance coverage due to non-disclosure or misrepresentation of a conviction or an accident in the past 5 years.

Driving Record 4

- a. The principal operator of the vehicle must be licensed for a minimum of 4 consecutive years in Canada or the United States. Drivers previously licensed in the United States must have supporting documentation of clear driving record and letter of experience.
- b. The principle driver currently holds a Class G license.
- c. No driver of the vehicle has had an at-fault accident within the past four years.
- d. No driver of the vehicle has been convicted in the past 3 years of any serious or major driving conviction.
- e. No driver of the vehicle has had a driver license suspension or cancellation, for 12 months or more in the past 4 years, for reasons other than Administrative Lapse or Suspension.
- f. No driver of the vehicle has had a driver license lapse or suspension, for 36 months or more for Administrative reasons.
- g. Principal operator has previously been a named insured or a listed driver on an automobile insurance policy.
- h. No driver of the vehicle has had a lapse in insurance coverage due to a license suspension as a result of a conviction in the past 4 years.
- i. No driver of the vehicle has had a lapse in insurance coverage due to non-disclosure or misrepresentation of a conviction or an accident in the past 4 years.

DRIVING RECORDS (Cont'd)

Driving Record 3

- a. The principal operator of the vehicle must be licensed for a minimum of 3 consecutive years in Canada or the United States. Drivers previously licensed in the United States must have supporting documentation of clear driving record and letter of experience.
- b. New drivers with prior driving experience from outside Canada or the United States with acceptable proof of 3 years experience.
- c. Principle operator has held a G2 license for 2 or more years.
- d. No driver of the vehicle has had an at-fault accident within the past 3 years.
- e. Principal operator licensed less than 3 years, has completed an approved Driver Training Course the past 3 years. A copy of the Driver License History from MTO is required as evidence that the course has been completed and is to be provided to the insurer prior to credit for driver training being applied.
- f. No driver of the vehicle has had a driver license suspension or cancellation, for 12 months or more in the past 3 years, for reasons other than Administrative Lapse or Suspension.
- g. Principal operator has previously been a named insured or a listed driver on an automobile insurance policy.
- h. No driver of the vehicle has had a lapse in insurance coverage due to a license suspension as a result of a conviction in the past 3 years.
- i. No driver of the vehicle has had a lapse in insurance coverage due to non-disclosure or misrepresentation of a conviction or an accident in the past 3 years.

Driving Record 2

- a. The principal operator of the vehicle must be licensed for a minimum of 2 consecutive years in Canada or the United States. Drivers previously licensed in the United States must have supporting documentation of clear driving record and letter of experience.
- b. Principle operator has held a G2 license for 1 year with no Driver Training.
- c. No driver of the vehicle has had an at-fault accident within the past 2 years.
- d. No driver of the vehicle has had a driver license suspension or cancellation, for 12 months or more in the past 2 years, for reasons other than Administrative Lapse or Suspension.
- e. Principal operator has previously been a named insured or a listed driver on an automobile insurance policy.
- f. No driver of the vehicle has had a lapse in insurance coverage due to a license suspension as a result of a conviction in the past 2 years.
- g. No driver of the vehicle has had a lapse in insurance coverage due to non-disclosure or misrepresentation of a conviction or an accident in the past 2 years.

DRIVING RECORDS (Cont'd)

Driving Record 1

- a. The principal operator of the vehicle must be licensed (excluding G1) for a minimum of 1 year in Canada or the United States with no Driver Training.
- b. Newly Licensed G2 occasional driver with no Driver Training
- c. No operator of the automobile has had an at-fault accident within the past year.
- d. No operator of the automobile has had a driver license suspension or cancellation, for twelve (12) months or more in the past year for reasons other than Administrative Lapse or Suspension.
- e. No operator of the automobile has had a lapse in insurance coverage due to a license suspension as a result of a conviction in the past one (1) year.
- f. No operator of the automobile has had a lapse in insurance coverage due to non-disclosure or misrepresentation of a conviction or an accident in the past one (1) year.
- g. Principal operator has previously been a named insured or a listed driver on an automobile insurance policy.

Driving Record 0

- a. An operator of the automobile has had an at-fault accident within the past year.
- b. Principal operator with no prior insurance
- c. Principal operator is newly licensed G2 driver with no Driver Training.
- d. License Class G1 operators where the holder is the principal operator of the insured automobile.
- e. The license of any operator of the automobile has been reinstated within the past year following a license suspension of twelve (12) months or more, for reasons other than Administrative Lapse or Suspension.

PRIVATE PASSENGER – CLASSES AND DRIVING RECORDS SECTION

Driving Record for Drivers from the United States

We will recognize U.S. experience as equal to Canadian experience.

Drivers from the United States will be rated driving record 1 when a G2 or G level license is obtained.

The Aviva Canada Inc. group of Companies is unable to search the driving records of drivers arriving from the United States.

Driving records 2 though 9 will be considered if supported by an acceptable letter of experience and Ontario motor vehicle report confirming a clear driving history for the driving record being applied for.

Driving record 3 applies if:

- Driver has an Ontario class G license and;
- Driver has been licensed in the U.S for 3 years or more.

If the driver obtains a G2 license or has driving experience of less than 3 years a driving record 3 would apply upon receipt of the original copy of an approved Ontario Driver Training Certificate.

Driving Record for Drivers from Outside Canada and the United States

Drivers from outside Canada and the United States will be rated at driving record 1 when a G2 or G level license is obtained.

Drivers from outside Canada and the U.S. will receive a maximum driving record 3 equivalent to Canada provided:

- Driver did not go through graduated licensing and received an Ontario class G license and;
- Driver has been licensed in their originating country for three (3) years or more

If the driver obtained a G2 license or has driving experience of less than 3 years, a driving record 3 would apply upon receipt of the original copy of an approved Ontario Driver Training Certificate.

*Prior to advancing to driving record 4, the driver must be fully licensed for 4 full years, calculated from the date the G2/G license was obtained.

Driving Record for Drivers from Outside Canada and the United States with Automobile Experience through the Aviva Group of Companies

We will rate a driver equal to Canadian experience if the driver is from England, Scotland, Wales, Ireland, and had automobile insurance within the Aviva group of companies.

We will require:

An Aviva group of companies letter of experience that is no older than 90 days and has been verified by Aviva Underwriting.

- Driver has an Ontario class G license
- Driver has been licensed in their originating country for 3 years or more

If the driver obtains a G2 license or has driving experience of less than 3 years a driving record 3 would apply upon receipt of the original copy of an approved Ontario Driver Training Certificate.

PRIVATE PASSENGER – CLASSES AND DRIVING RECORDS SECTION

DRIVING RECORD REGRESSION

The following chart illustrates how driving record will regress on renewal in the event of an At-Fault Accident.

Driving Record	1 st At-Fault	2 nd At-Fault	3 rd At-Fault
9* with ARW	9*	5*	Decline or 0* if coverage continued
9* without ARW	5*	Decline or 0* if coverage continued	Decline
8* with ARW	8*	5*	Decline or 0* if coverage continued
8* without ARW	5*	Decline or 0* if coverage continued	Decline
7* with ARW	7*	4*	Decline or 0* if coverage continued
7* without ARW	4*	Decline or 0* if coverage continued	Decline
6* with ARW	6*	3*	Decline or 0* if coverage continued
6* without ARW	3*	Decline or 0* if coverage continued	Decline
5*	2*	Decline or 0* if coverage continued	Decline
0* -4*	0*	Decline or 0* if coverage continued	Decline

Driving Record 6 to Driving Record 9 with Accident Rating Waiver

The Accident Rating Waiver is intended to preserve a driving record 6 to driving record 9 in the event of an at-fault accident. The driving record will be amended as per the above driving regression chart following the 2nd at fault accident. The driving record will then increase by 1 for each claims free year accumulated. A 3rd at fault accident will cause the risk to be declined, or rated driving record 0 if the coverage is continued.

Driving Record 9 & Driving Record 6 without Accident Rating Waiver

In the absence of the Accident Rating Waiver, an at-fault accident will disqualify a vehicle and driver from maintaining driving record 6 to driving record 9. Upon the first at-fault accident, the vehicle will be rated as per the above driving regression chart on renewal. For a second at-fault accident within 5 years the risk will be declined, or rated driving record 0 if coverage is continued.

DRIVING RECORD REGRESSION (Cont'd)

Driving Record 5

Upon the first at-fault accident within 5 years before renewal, the driving record will be amended to 2 on renewal. The driving record will then increase by 1 for each claims free year accumulated. For a second at-fault accident within 5 years the risk will be declined or regress to driving record 0 if the coverage is continued.

Driving Records 0 Through 4

Driving records 0 through 4 with an at-fault accident will regress to driving record 0 on renewal. The driving record will then increase by 1 for each claims free year accumulated.

NOTE: Driving records for each coverage will be determined uniformly. For example, an at-fault accident involving Third Party Liability coverage only will also affect the driving record for Direct Compensation, Accident Benefits, All Perils and Collision.

DRIVER TRAINING – (see Definition section for requirements)

GRADUATED LICENSING

Graduated licensing is a mandatory 2 step process required by all new drivers, lasting a minimum of 20 months as detailed below. Provided they are accident-free at the time of application and remain accident free, newly licensed drivers are rated as follows;

G1 License

A maximum driving record of 0 applies to a principal operator holding a G1 license

G2 License (without Driver Training)

Driving record 1 applies when a G2 license is obtained. For each subsequent year licensed at G2, operators are credited with 1 year driving experience to a maximum of driving record of 3.

Driving record progression - 0 years - driving record 1 applies
 - 1 year - driving record 2 applies
 - 2 years - driving record 3 applies
 - 3 years - driving record 3 applies

G2 License (with Driver Training)*

Driving record 3 applies when a G2 license is obtained.

G License

Driving record, beyond the maximum allowable G2 driving record noted above, will be calculated from the date the operator obtained a G2 license.

*Prior to advancing to driving record 4, operators with a Driver Training Credit must be fully licensed for 4 full years, calculated from the date the G2 license was obtained.

*If the driver receives a G1 and G2 license on the same day, only the G2 license information is to be entered into the system.

*If the driver receives a G2 and G license on the same day, only the G license information is to be entered into the system.

SUSPENSION OF DRIVER'S LICENSE

Administrative Lapse or Suspension

If an operator has had an administrative lapse or suspension of a driver's license, the following driving records apply at the date of license reinstatement:

- If the license suspension is less than 36 months – No change in driving record.
- If license suspension is 36 months or more – Driving record 3.

An administrative lapse or suspension of a driver license is a documented lapse or suspension for administrative or medical reasons that are not connected to driving offence convictions. Reasons can include non-renewal or expiry of driver's license, temporary medical conditions, unpaid parking tickets, outstanding support to the Family Responsibility Office, and outstanding payments to the Motor Vehicle Accident Claims fund.

An Administrative Driver's License Suspension (ADLS) is also considered administrative because there is no driving offence conviction at the time of the 90-day license suspension.

License Suspension for any other reason

If a driver's license was suspended or cancelled for any reason other than an administrative driver's license lapse or suspension, the following driving records apply at the date of license reinstatement:

- If license suspension less than 12 months – No change in driving record.
- If license suspension 12 months or more – Driving record 0.

MISCELLANEOUS VEHICLES

Rates in this manual are for a period of 1 year. For a 6 month term, 52% of annual premium is charged.
Note: 6 month terms are not available to Motorcycle or Snow Vehicle policies.

The following vehicles are defined as acceptable Miscellaneous Vehicles.

All Terrain or Off Road Vehicles

Snow Vehicles

Trailers and Camper Units

Motorcycles and their trailers. Must be written on its own PLM policy.

RISKS TO BE REFERRED BEFORE BINDING

The following risks must be referred to the Company for approval to bind coverage:

1. Any risk or coverage for which no quote is available in any comparative rating engine
2. Any risk that displays a referral message in any comparative rating engine
3. New business coverage does not match the insurance application by the insured. A varied terms letter is required from the Company advising the difference in the coverage(s).
4. Any application in the name of "Estate of" or "Held in Trust"
5. Any application that requires a Financial Responsibility Certificate
6. Any vehicle registered in a commercial name ex: the name of a corporation, business or numbered company.
7. Any vehicle with unrepainted damage.
8. Any vehicle where the model year is 25 years or older.
9. Any Motorhome with a value over \$100,000
10. Any motorcycle with a value over \$75,000
- | 11. Any vehicle rated by price
- | 12. Any vehicle with OPCF 19 or OPCF 19A
- | 13. Any driver being excluded using an OPCF #28A
- | 14. Any vehicle with a OPCF 49
15. For risks that are located within any area that is under an alert or evacuation order issued by any civil authority:
 - New risks and/or policies cannot be bound, nor can coverage be added to existing risks.
 - Located within 500km of an earthquake and tsunami, or
 - Located within 50km of a wildfire, or
 - Located within an area that is under a flood alert or evacuation

These restrictions apply until the alert or evacuation order is lifted. For earthquakes or tsunamis, the restrictions apply until 7 days after the civil authority has ended all evacuation and other notices.

REASONS FOR DECLINATION

Miscellaneous Vehicles

Section A

We will decline to issue, terminate, or refuse to renew a contract for the following reasons:

1. Applicant or Insured Person

- 1.1 The applicant/named insured has had 1 or more convictions for automobile insurance fraud in the past 10 years.
- 1.2 The applicant or insured does not provide a residential address where the vehicle is garaged.
- 1.3 The applicant or principal driver of an automobile is not ordinarily a resident of Canada or does not plan to remain in Canada for at least a year.
- 1.4 The applicant/named insured or any listed operator has had one or more cancellations for material misrepresentation or non-disclosure in the preceding 3 years.
- 1.5 Any misrepresentation or breach of a condition in the OAP1 or breach of contract on new business, mid-term changes or renewal including but not limited to:
 - where an excluded driver drives or has driven the automobile he or she is excluded from; or
 - failure to promptly notify us of a significant change such as additional driver(s), driver status; relocation; use, ownership, or any modifications of the described vehicle; or
 - Any material change in risk within the meaning of the statutory conditions.
- 1.6 The applicant/named insured has given false particulars of the described vehicle(s) to the prejudice of the insurer, on new business, mid-term changes or renewal with respect to information referred to on the application only.
- 1.7 The applicant/named insured has misrepresented or failed to disclose a fact contained within the automobile application to the prejudice of the insurer on new business, mid-term changes or renewal.
- 1.8 A requested, fully completed and signed automobile application form for issuance of the new business or renewal policy has not been provided.
- 1.9 The applicant/named insured or any insured person has not provided requested information and/or documentation required for the issuance of the new business or renewal policy. (e.g. copy of ownership).
- 1.10 Any insured person has given false or misleading information in a signed Proof of Loss or a claim to the prejudice of an insurer within the last 10 years.
- 1.11 Failure by insured and/or driver to cooperate with Claims or Underwriting departments when an investigation is required to adjust a loss or underwrite a risk.
- 1.12 The applicant/named insured or any insured person has refused to fully provide requested claims information. This includes Proof of Loss, Examination under Oath and Accident Benefits claim forms as specified in the Regulations of the Insurance Act.
- 1.13 Where there is failure to repay benefits received under the policy to which the insured was not entitled.

REASONS FOR DECLINATION (Cont'd)

- 1.14 Any driver or applicant/policyholder is verbally or physically abusive (including threats made) to an employee, service provider, contractor or agent of any Insurer owned by Aviva Canada as reported to security and/or the police.
- 1.15 The applicant is not both Register Owner and Actual Owner of the described Vehicles.

Mid-term Cancellations - Where a contract of automobile insurance has been in effect for more than sixty days

- 1.16 Non-Payment of Premium.
- 1.17 The insured has given false particulars of the described automobile to the prejudice of the insurer.
- 1.18 The insured has knowingly misrepresented or failed to disclose in an application for insurance any fact required to be stated therein.
- 1.19 For material change in risk within the meaning of the statutory conditions.

2. Non-Payment Cancellations

- 2.1 The applicant/named insured has had 3 or more cancellations for non-payment of vehicle premium in the preceding 3 years.
- 2.2 Where any applicant/named insured has failed to pay overdue vehicle premium owed to any company within the Aviva group of Companies.

3. At Fault Accidents

- 3.1 Any snowmobile or ATV operator licensed 4 years or more has been assigned 2 or more at fault losses in the preceding 6 years. Refer to rule specific to motorcycles.
- 3.2 Any snowmobile or ATV operator licensed less than 4 years has been assigned 1 or more at fault losses in the preceding 4 years. Refer to rule specific to motorcycles.

4. Driving Convictions

- 4.1 Any listed operator has had 1 or more serious/criminal code convictions in the preceding 3 years.
- 4.2 Any listed operator has had 1 or more major convictions in the preceding 3 years.
- 4.3 For New Business only, the risk will be declined if any listed snowmobile or ATV operator has had 3 or more minor convictions in the preceding 3 years. Refer to rule specific to motorcycles.
- 4.4 For Renewal Business, any snowmobile or ATV operator has had 4 or more minor convictions in the preceding 3 years. Refer to rule specific to motorcycles.
- 4.5 Where the total number of minor convictions for all operators on any vehicle including any operator away at school in the last 3 years is 6 or more. Refer to rule specific to motorcycles.

REASONS FOR DECLINATION (Cont'd)

5. Combination (Non-Pay, At Fault Accidents and Driving Convictions)

- 5.1 The applicant/named insured has had 1 or more cancellations for non-payment of premium within the preceding 3 years, and any single operator has had 2 or more minor convictions within the preceding 3 years.
- 5.2 Any listed operator has had 1 or more minor convictions within the preceding 3 years and the applicant/named insured has had two (2) cancellations for non-payment of premium within the preceding 3 years.
- 5.3 Any listed snowmobile or ATV operator licensed 4 years or more has been assigned 1 at fault accident in the preceding 6 years and 2 or more minor convictions within the preceding 3 years.
- 5.4 Any listed snowmobile or ATV operator licensed 4 years or more has been assigned 1 at-fault accident in the preceding 6 years and 1 or more minor convictions within the preceding 3 years and the applicant/named insured has had 1 cancellation for non-payment of premium within the preceding 3 years.

6. Driver

- 6.1 None of the listed operators hold a valid Ontario licence including a status of unlicensed, suspended, cancelled or non-renewable
- 6.2 Any listed operator(s) that is driving in Canada under an International Permit.

7. Vehicle

- 7.1 Any miscellaneous vehicle does not presently carry the compulsory driving coverage, and has not carried compulsory driving coverage for a period exceeding 12 months or has had a OPCF 16 applied exceeding 12 months.
- 7.2 Any vehicles(s) operated outside the province of Ontario for more than 6 consecutive months.
- 7.3 Any vehicle that fails a Government approved Mechanical Safety Inspection.
- 7.4 Vehicles designed to be one of a kind or one for which parts are no longer available or manufactured in Canada.
- 7.5 Any vehicle that is used for a purpose other than that for which it has been designed.
- 7.6 Any vehicle that is rented or leased to others.
- 7.7 Any vehicle that is a short term (less than 1 year) rental or lease.
- 7.8 Any vehicle not registered in Ontario.
- 7.9 Any vehicle that has been branded "Irreparable".
- 7.10 Any vehicle with a Vehicle Identification Number (VIN) that cannot be validated.

REASONS FOR DECLINATION (Cont'd)

7. Vehicle (Cont'd)

- 7.11 Any vehicle considered a total loss by the claims department, and has been branded "Salvage", unless it has been repaired and has been re-registered with the Ministry of Transportation as a "rebuilt" vehicle.
- 7.12 Any vehicle where a cash settlement has been taken in lieu of repairs or damages unless a Government approved Mechanical Safety Certificate is provided.
- 7.13 Any vehicle used for pickup and delivery of contents for direct or indirect reward. This will not include sales person's samples.
- 7.14 Any vehicle carrying hazardous goods as defined by the Transport of Dangerous Goods Act.
- 7.15 Any vehicle used in connection with law enforcement.
- 7.16 Any vehicle designed for racing or competition, or used on any racetrack for racing, speeding, timing or rallying, or used for jumping, stunt riding, hill climbs, competition, farming or on construction sites.
- 7.17 Any vehicle used for public transportation excluding car-pooling arrangements.
- 7.18 Any vehicle used for commercial purposes.
- 7.19 Any vehicle operated on an airport apron or runway.
- 7.20 Any vehicle permanently garaged at a location outside of Ontario.
- 7.21 Vehicles requiring special permits for operation on any provincial or municipal roadway.
- 7.22 Any vehicle with unacceptable modifications or customizations as defined.
- 7.23 Any vehicle that is a reproduction or Kit vehicle or home built.
- 7.24 Any vehicle, except motorcycles, that is used for other than recreational purposes.
- 7.25 Any three-wheeled vehicle equipped with a steering wheel.
- 7.26 Any vehicle where vehicle safety devices have been removed or not reinstalled after a loss, including but not limited to, any airbags; seatbelts; supplemental restraint system (SRS) or supplemental Inflatable restraints.
- 7.27 Where no vehicle in the household for the Named Insured or Spouse has compulsory liability and accident benefits coverage insured within the Aviva Group of Companies.
- 7.28 Any risk defined in this manual or categorized as a motorhome or; any automobile with cooking and/or sleeping and/or bathroom/washroom facilities.
- 7.29 Where an automobile has an OPCF 19 and the required documentation has not been received.

REASONS FOR DECLINATION (Cont'd)

8. SNOW VEHICLES

- 8.1 Where any operator of a snow vehicle has not completed and passed a driver licence examination or has not completed a snow vehicle safety course accredited by the Ontario Federation of Snowmobile Clubs or the equivalent.
- 8.2 Snow vehicles without an OPCF 32 (Use of Recreational Vehicles by Unlicensed Operators) attached.
- 8.3 Snow vehicles with a list price new over \$50,000 including accessories, excluding tax.
- 8.4 Snow vehicles 200cc or less
- 8.5 Snow vehicles with 1201cc or greater.
- 8.6 Any snow vehicles described as a "Snow Hawk"; "Hawk Jr." or "Monoski", a vehicle which can travel on snow or water, or any similar snow vehicle, equipped with a single ski on the front of the vehicle and / or traction is provided through a drive track, a narrower belt of rubber than is used on a snow vehicle, at the rear of the vehicle.
- 8.7 Any snow vehicle designed to carry more than 2 passengers, except a Ski-Doo GTX.
- 8.8 New Business, Newly Added or Substitute snowmobile: Any snowmobile is 25 years or older where a Government approved Mechanical Safety Certificate inspection has not been provided.

9. ALL TERRAIN VEHICLES

- 9.1 All 3-wheeled ATVs.
- 9.2 OPCF 32 (Use of Recreational Vehicles by Unlicensed Operators) is not attached.
- 9.3 ATVs valued over \$50,000 including accessories, excluding tax.
- 9.4 ATVs 200cc or less.
- 9.5 ATVs 1001cc or greater.
- 9.6 A vehicle which is classed as all-terrain that can also be classed as a watercraft (e.g; Gibbs Quadski).
- 9.7 New Business, Newly Added or Substitute all terrain vehicle: Any all terrain vehicle is 25 years or older where a Government approved Mechanical Safety Certificate inspection has not been provided.

REASONS FOR DECLINATION (Cont'd)

10. MOTORCYCLES

- 10.1 Motorcycles with an engine displacement greater than 2000 cc.
- 10.2 Motorcycles where the list price new is greater than \$80,000, excluding accessories and tax.
- 10.3 Any motorcycle or motor scooter not licensed for use on public roads.
- 10.4 For New Business, where any operator or motorcycle or a motorcycle for which it has been substituted has been assigned 1 at-fault accident in the preceding 6 years.
- 10.5 On Renewal, where any operator or motorcycle or a motorcycle for which it has been substituted has been assigned 2 or more at-fault accidents in the preceding 6 years.
- 10.6 Any motorcycles identified on the excluded motorcycle list
- 10.7 Any motorcycle that is not listed as an acceptable three wheeled motorcycle.
- 10.8 Any motorcycle used to commute regularly to the United States.
- 10.9 Any request for a trip permit, one-time insurance for coverage or a motorcycle or substitution of less than 30 days.
- 10.10 Any motorcycle defined as a Moped or Motor Assisted Bicycle (e-bike), Mini/Pocket Bike, Pit Bike or Show Bike.
- 10.11 Any operator with a M1 licence
- 10.12 Any operator of a motorcycle licensed less than 4 years (from M2 licence date).
- 10.13 Any listed operator has had 2 or more minor convictions in the preceding 3 years.
- 10.14 No operator has had a driver licence suspension or cancellation for 12 months or more in the past 6 years, for reasons other than Administrative Lapse or Suspension.
- 10.15 New Business, Newly Added or Substitute motorcycle: Any motorcycle is 25 years or older where a Government approved Mechanical Safety Certificate inspection has not been provided.

11. TRAILERS & CAMPER UNITS

- 11.1 Any trailer that is more than 24 feet in length.
- 11.2 Any trailer used for commercial purposes or for carrying people.
- 11.3 Any private use trailer or camper unit where the company does not insure the private passenger automobile.
- 11.4 Any trailer that does not meet the definition of a utility trailer.
- 11.5 Any utility trailer with a value in excess of \$10,000.

REASONS FOR DECLINATION

Miscellaneous Vehicles

Section B

We will decline to offer optional loss or damage coverage in the following cases:

RULES	RISK CHARACTERISTICS	SP	COMP	AP	COLL
B1	The vehicle has un-repaired damage.	X	X	X	X
B2	3 or more Comprehensive or Specified Perils claims (excluding Glass) per vehicle in preceding 3 years. Refer to rule B3 below for motorcycles. NOTE: If 3 or more glass claims in the preceding 3 years, an OPCF 13C is required. Refer to Rule B3 for motorcycles.	X	X	X	
B3	All Perils, Comprehensive or Specified Perils coverage will not be offered to any motorcycle with 2 or more Comprehensive claims in the past 3 years.	X	X	X	

NOTE: A glass claim is defined as a claim for damage to automobile glass, but this does not include glass damage resulting from a Specified Peril.

PREMIUM SURCHARGE SCHEDULE

Stand Alone Surcharge – Applicable to all coverages except endorsements

A 25% stand-alone surcharge applies to ATV's, Snow Vehicles, Trailers and Camper Units where the Company does not insure the private passenger automobile.

Age Surcharge - Applicable to all coverages except endorsements

An age surcharge applies to Snow Vehicles, as follows:

Principal operator is age 19 or under – 40%

Principal operator is age 20 to 24 – 25%

Rules

Accident and Conviction Surcharge criteria apply to all operators.

Accident is as defined in this Manual.

Accident and Conviction Surcharges apply to premiums for the Liability, Accident Benefits, Uninsured Automobile, Direct Compensation - Property Damage, All Perils and Collision Coverage.
If more than one Surcharge applies, the Surcharges are cumulative;

The exposure period is 36 months prior to date of application or renewal.

If the Insured has a Driving Record better than DR3, and a surcharge becomes applicable due to serious or major convictions, the Driving Record automatically drops to DR3 and remains there until the surcharge is no longer applicable.

Accident Surcharges – Applicable to all Miscellaneous categories except Motorcycles, Trailers and Camper Units

ALL MISCELLANEOUS VEHICLES EXCLUDING MOTORCYCLES AND TRAILERS:

2 Accidents in 36 months	20%
Each Additional Accident	10%

Conviction Surcharges - Applicable to all Miscellaneous categories except Trailers and Camper Units

For each insured vehicle, the conviction records of all persons who are regular or frequent drivers, are reviewed to establish which of the conviction records develops the highest surcharge percentage in accordance with the Schedule hereunder, and that record is used to calculate the additional charges.

NOTES:

1. When determining the additional charges in respect of vehicles insured by Aviva Insurance Company whether or not on the same policy, a conviction record will not be used more than once.
2. When two or more vehicles are insured and;
 - a) there are two or more drivers, each driver shall be allocated to the vehicle which he drives most and his conviction record shall be considered in relation only to that vehicle or,
 - b) there is only one driver, the driver's conviction record shall be applied to whichever vehicle produces the highest combined premium in respect of Liability, Accident Benefits (Including Uninsured Automobile), Direct Compensation-Property Damage, All Perils and Collision. If the driver's conviction record warrants a surcharge, the remaining vehicle cannot be rated driving record 4, 5, 6.
3. As long as there are Class 05 or 06 premiums for the vehicle insured, the conviction records of Class 05 or 06 drivers shall be considered only in calculating the additional charge on the class 05 or 06 premium.
4. If a licence is suspended due to a Criminal Code Conviction, the surcharge applies for 36 months following the date the licence is reinstated.
5. Convictions for road offences shall not be used in the rating of off road vehicles (e.g. snow vehicles, all-terrain vehicles) and vice versa.
6. No convictions related to an excluded driver shall be taken into consideration when the OPCF 28A on file has been properly signed by the Named Insurance and excluded driver.

PREMIUM SURCHARGE SCHEDULE (Cont'd)

CONVICTIONS

For the purpose of applying the rating rules, driving convictions are categorized as follows:

ALL MISCELLANEOUS VEHICLES EXCLUDING MOTORCYCLES AND TRAILERS:

SERIOUS/CRIMINAL CODE – 50% surcharge for 1st conviction
100% surcharge for each subsequent conviction

MOTORCYCLES:

SERIOUS/CRIMINAL CODE

A 100% surcharge will apply to all coverages for each Serious / Criminal Code conviction.

For the list of Serious/Criminal Code, Major and Minor Convictions, please refer to the PPA Section.

ALL MISCELLANEOUS VEHICLES EXCLUDING MOTORCYCLES AND TRAILERS:

MAJOR – 15% surcharge for each conviction

MOTORCYCLES:

MAJOR – 1 CONVICTION IN PAST 36 MONTHS:

A 10% surcharge will apply to all coverages, where the total number of Major Convictions on the motorcycle risk is 1 in the past 36 months.

MAJOR – 2 CONVICTIONS IN PAST 36 MONTHS:

A 26% surcharge will apply to coverages, where the total number of Major Convictions on the motorcycle risk is 2 in the past 36 months.

MAJOR – EACH ADDITIONAL CONVICTION IN PAST 36 MONTHS:

A 43% surcharge will apply to all coverages, for each conviction, where the total number of Major Convictions on the motorcycle risk is more than 2 in the past 36 months.

PREMIUM SURCHARGE SCHEDULE (Cont'd)

ALL MISCELLANEOUS VEHICLES EXCLUDING MOTORCYCLES AND TRAILERS:

MINOR – 4 convictions – 25% surcharge
Each additional conviction – 15%

MOTORCYCLES:

MINOR – 1 CONVICTION IN PAST 36 MONTHS:

A 10% surcharge will apply to all coverages, where the total number of Minor Convictions on the motorcycle risk is 1 in the past 36 months.

MINOR – 2 CONVICTIONS IN PAST 36 MONTHS:

A 26% surcharge will apply to coverages, where the total number of Minor Convictions on the motorcycle risk is 2 in the past 36 months.

MINOR – EACH ADDITIONAL CONVICTION IN PAST 36 MONTHS:

A 43% surcharge will apply to all coverages, for each conviction, where the total number of Minor Convictions on the motorcycle risk is more than 2 in the past 36 months.

ALL TERRAIN VEHICLES (ATV)

An all terrain vehicle (ATV), also known as a quad, is a vehicle that travels on low-pressure tires, with handlebars for steering control, and a seat that is straddled by the operator. As the name implies, it is designed to handle a wider variety of terrain than most other vehicles.

ATVs are engineered for use by a single operator, or engineered for use by an operator and a single passenger who sits behind the operator. The latter are referred to as tandem ATVs.

NOTE: ATV/AATV or UTV equipped with a snorkelled air intake / exhaust, and / or an engine sealed for in-water use will not be written.

AMPHIBIOUS VEHICLES (AATV)

This vehicle is designed for use on land and water. It is normally constructed with a hard plastic or fiberglass watertight body ‘tub’ and is usually equipped with six (6) or eight (8) powered wheels. Features include low-pressure “balloon” tires, no suspension and no steering wheel. Steering is accomplished by skid steering (either by braking the wheels on the side where it turns, or applying more throttle to the wheels on the opposite side). Manufacturers of Amphibious Vehicles include: Amphicat, Hunter, Jiger, Lobo, Gip-Sea, Beaver, Multimobile, Skipper, AMF Sur-Trek, Argo, Mudd-Ox, Hydratrek, etc.

A standard 4-wheeled ATV can also be engineered by the manufacturer for amphibious use by installing a snorkelled air intake and exhaust, along with an engine sealed for in-water use.

NOTE: Any ATV/AATV or UTV equipped with a snorkelled air intake / exhaust, and / or an engine sealed for in-water use will not be written.

AMPHIBIOUS VEHICLE / PERSONAL WATERCRAFT

There are now AATVs on the market that can be converted from a traditional-looking 4-wheeled tandem ATV to a personal watercraft (jet ski) at the push of a button. These vehicles are driven into the water on all 4 wheels. Once the wheels are no longer touching ground, the operator pushes a button, which causes all 4 wheels to partially retract into the vehicle’s bodywork above the bottom of the hull. A jet drive propulsion system is then engaged to propel the vehicle in the water similar to a jet ski. These vehicles are currently manufactured by Gibbs as the Quadski. **NOTE: Because this type of AATV can also be classified as watercraft, they are not written.**

UTILITY TERRAIN VEHICLES (UTV)

A utility terrain vehicle (UTV), also known as an SxS (side-by-side) or an ROV (recreational off-highway vehicle), is a small, 2 to 6 passenger vehicle. Like ATVs, UTVs travel on low-pressure tires, but unlike ATVs, they have non-straddle side-by-side seating, are designed to travel on four or more wheels, and use a steering wheel and pedals for controls. They are also designed to haul cargo, and come with factory installed roll-over protection. They can even be equipped with hard tops, windshields, and cab enclosures.

NOTE:

- Any ATV / AATV / UTV we will insure must conform to ANSI/SVIA 1-2007 American National Standard for Four Wheel All-Terrain Vehicles.
- Any ATV/AATV or UTV equipped with a snorkelled air intake / exhaust, and / or an engine sealed for in-water use will not be written.

For ALL PERILS coverage, add applicable Collision and Comprehensive premiums for the same deductible as the required ALL PERILS deductible.

REQUIRED ENDORSEMENTS

Increase to \$1,000,000 All Injuries (MNC) - \$80 + Additional amount for Catastrophic Injuries \$1 million (MCT) \$25	\$ 1,000,000	\$3,000,000

Medical & Rehabilitation benefit level for minor injuries is capped at \$3,500.

COVERAGE (Cont'd)

Optional Increased Accident Benefits

Increased Income Replacement - the standard level of income replacement provided in the policy (\$400 per week maximum) may be increased by purchasing optional coverage so that the weekly limit is up to \$600, \$800 or \$1,000. All income replacement benefits are based on 70% of gross weekly income.

Increased Caregiver, Housekeeping and Home Maintenance Expenses - the optional caregiver, housekeeping and home maintenance expenses benefit (\$250 per week for the first dependant and \$50 per week for each additional dependant and \$100 for housekeeping and maintenance) is available only for a person who is catastrophically injured. An additional optional benefit can be purchased to provide this coverage for all injuries.

Dependant Care – there is no standard dependant care benefit for persons who are employed and care for dependants. An optional benefit may be purchased to receive weekly dependant care expenses of \$75 for the first dependant and \$25 for each additional dependant up to a maximum of \$150 per week.

Increased Death & Funeral – the standard level of death benefits paid to the surviving spouse and dependants (\$25,000 lump sum to the surviving spouse; \$10,000 lump sum to each dependant) this can be increased by purchasing optional coverage (\$50,000 lump sum to the surviving spouse, \$20,000 lump sum to each dependant). This optional coverage also increases the funeral benefit from \$6,000 to \$8,000.

Indexation Benefit - this optional coverage will ensure that certain weekly benefit payments and monetary limits will increase on an annual basis to reflect changes in the cost of living.

RATING:

Once purchased, the optional accident benefits automatically extend to the Named Insured, the spouse, dependants of either, and to any persons specified in the policy as drivers of the insured automobile(s). Optional accident benefits only need to be purchased once, and not on every vehicle the named insured or those identified above operate.

Caregiver, Housekeeping and Home Maintenance	\$90
Dependent Care	\$25
Death and Funeral	\$15
Indexation	\$60
Income Replacement:	
\$600/week	\$70
\$800/week	\$140
\$1,000/week	\$210

SNOW VEHICLES

(Annual term only)

SNOWMOBILE

Definitions

This is a self-propelled motorized vehicle designed to be driven exclusively on snow or ice.

NOTE: Rates shown are for stock models that do not have special high performance features and include consideration for seasonal running exposure.

SNOWMOBILE – MONOSKI

A monoski snowmobile is:

- a traditional snowmobile that only has a single ski track at the front for steering, as opposed to a dual ski track; or
- a motorcycle style frame where the rider sits tall and rides legs down, as opposed to legs extended as on a traditional snowmobile. The front wheel is replaced with a single ski track, and the rear wheel is replaced with a narrow snowmobile-style propulsion track.

NOTE: we do not insure monoskis.

Coverage for the snow sleigh is automatically included if the list price new of the sleigh is added to the price of the vehicle. The coverage for the sleigh will be the same as those applicable to the snowmobile.

EARNED PREMIUM TABLE

Policies issued for any portion of a year or cancelled during the term for:

- a) Liability, Accident Benefits, Uninsured Automobile, Direct Compensation, All Perils and Collision coverages, subject to a Minimum Retained and Earned Premium of \$15, premiums for the addition/deletion of coverages and addition/deletion/ substitution of a vehicle shall be established by the percentages of Annual premium indicated in this earned premium table;
- b) Comprehensive and Specified Perils coverages,
 - i) premiums for addition of coverages, and addition/ substitution of a vehicle shall be computed pro rata;
 - ii) premiums for deletion of coverages and deletion of a vehicle shall be computed using the short rate cancellation table.

EARNED PREMIUM TABLE

COVERAGE (Cont'd)

Optional Increased Accident Benefits

Increased Income Replacement - the standard level of income replacement provided in the policy (\$400 per week maximum) may be increased by purchasing optional coverage so that the weekly limit is up to \$600, \$800 or \$1,000. All income replacement benefits are based on 70% of gross weekly income.

Increased Caregiver, Housekeeping and Home Maintenance Expenses - the optional caregiver, housekeeping and home maintenance expenses benefit (\$250 per week for the first dependant and \$50 per week for each additional dependant and \$100 for housekeeping and maintenance) is available only for a person who is catastrophically injured. An additional optional benefit can be purchased to provide this coverage for all injuries.

Dependant Care – there is no standard dependant care benefit for persons who are employed and care for dependants. An optional benefit may be purchased to receive weekly dependant care expenses of \$75 for the first dependant and \$25 for each additional dependant up to a maximum of \$150 per week.

Increased Death & Funeral – the standard level of death benefits paid to the surviving spouse and dependants (\$25,000 lump sum to the surviving spouse; \$10,000 lump sum to each dependant) this can be increased by purchasing optional coverage (\$50,000 lump sum to the surviving spouse, \$20,000 lump sum to each dependant). This optional coverage also increases the funeral benefit from \$6,000 to \$8,000.

Indexation Benefit - this optional coverage will ensure that certain weekly benefit payments and monetary limits will increase on an annual basis to reflect changes in the cost of living.

RATING:

Once purchased, the optional accident benefits automatically extend to the Named Insured, the spouse, dependants of either, and to any persons specified in the policy as drivers of the insured automobile(s). Optional accident benefits only need to be purchased once, and not on every vehicle the named insured or those identified above operate.

Territories : 09, 9A, 10, 11, 20, 24

COVERAGE (Cont'd)

Optional Increased Accident Benefits

Increased Income Replacement - the standard level of income replacement provided in the policy (\$400 per week maximum) may be increased by purchasing optional coverage so that the weekly limit is up to \$600, \$800 or \$1,000. All income replacement benefits are based on 70% of gross weekly income.

Increased Caregiver, Housekeeping and Home Maintenance Expenses - the optional caregiver, housekeeping and home maintenance expenses benefit (\$250 per week for the first dependant and \$50 per week for each additional dependant and \$100 for housekeeping and maintenance) is available only for a person who is catastrophically injured. An additional optional benefit can be purchased to provide this coverage for all injuries.

Dependant Care – there is no standard dependant care benefit for persons who are employed and care for dependants. An optional benefit may be purchased to receive weekly dependant care expenses of \$75 for the first dependant and \$25 for each additional dependant up to a maximum of \$150 per week.

Increased Death & Funeral – the standard level of death benefits paid to the surviving spouse and dependants (\$25,000 lump sum to the surviving spouse; \$10,000 lump sum to each dependant) this can be increased by purchasing optional coverage (\$50,000 lump sum to the surviving spouse, \$20,000 lump sum to each dependant). This optional coverage also increases the funeral benefit from \$6,000 to \$8,000.

Indexation Benefit - this optional coverage will ensure that certain weekly benefit payments and monetary limits will increase on an annual basis to reflect changes in the cost of living.

RATING:

Once purchased, the optional accident benefits automatically extend to the Named Insured, the spouse, dependants of either, and to any persons specified in the policy as drivers of the insured automobile(s). Optional accident benefits only need to be purchased once, and not on every vehicle the named insured or those identified above operate.

TRAILERS AND CAMPER UNITS

Definition

A Trailer means any vehicle, whether two or four-wheeled, not equipped with its own motive power but hauled by a motor vehicle.

A Camper Unit is specifically constructed unit with living accommodation, mounted on and removable from a pick-up type vehicle.

We insure trailers and camper units only if intended to be used with a private passenger, station wagon or pick-up type vehicle and used for recreational purposes only.

Acceptable Trailer Types

Utility Trailers

A **utility trailer** is defined as a trailer not equipped with motive power but hauled by a vehicle. It is commonly used to haul a boat, snow vehicle or supplies for personal and private use. It does not include tent trailers, cabin trailers, holiday trailers, 5th wheel trailers, camper units, and horse or toy hauler trailers equipped with living quarters.

The utility trailer must:

- Not be used to carry people or more than two (2) horses
- Not be used for commercial purposes
- Not be equipped with living quarters.
- Living quarters includes things such as but not limited to cooking, toilet, and sleeping facilities.

We insure Utility Trailers only as defined above, and only if intended to be used with a private passenger, station wagon or pick-up type automobile insured by the company and used for recreational purposes only.

Cabin, Tent or House Trailers

A trailer equipped with living accommodation used for travel and recreational purposes.

NOTE: House trailers are usually larger, heavy trailers with full living quarters and, unlike the smaller cabin trailer, contain several rooms, including bedrooms, kitchen, etc. A pickup truck rather than a private passenger automobile would haul most house trailers. They generally exceed the maximum length we write through this program.

Camper Units

The vehicle and the camper unit to which it is mounted must be used for pleasure purposes only.

Rating: Rate the vehicle to which the camper body will be attached using the applicable Private Passenger vehicle class and premiums for all coverage.

MOTORCYCLES

(Annual term only)

Motorcycles

COVERAGE

Liability - Bodily Injury and Property Damage

Protects Insured if someone else is killed or injured or their property is damaged. It will pay for legitimate claims against the Insured up to the limit of coverage, and will pay the costs of settling the claims.

The minimum Liability Statutory limit in the Province of Ontario is \$200,000.

Accident Benefits

Provides benefits if the Insured is injured in an automobile accident, regardless of who caused the accident. These benefits include:

- Supplementary medical care, rehabilitation and other care;
- A tax-free income benefit for wage earners or self-employed;
- An income benefit to those who have no income from employment;
- An educational benefit to those unable to attend school;
- An allowance when a caregiver is injured; and
- When a person dies in an accident, funeral expenses and death benefits

Optional Increased Accident Benefits effective June 1, 2016

Medical & Rehabilitation benefit level for minor injuries is capped at \$3,500.

COVERAGE (Cont'd)

Optional Increased Accident Benefits

Increased Income Replacement - the standard level of income replacement provided in the policy (\$400 per week maximum) may be increased by purchasing optional coverage so that the weekly limit is up to \$600, \$800 or \$1,000. All income replacement benefits are based on 70% of gross weekly income.

Increased Caregiver, Housekeeping and Home Maintenance Expenses - the optional caregiver, housekeeping and home maintenance expenses benefit (\$250 per week for the first dependant and \$50 per week for each additional dependant and \$100 for housekeeping and maintenance) is available only for a person who is catastrophically injured. An additional optional benefit can be purchased to provide this coverage for all injuries.

Dependant Care – there is no standard dependant care benefit for persons who are employed and care for dependants. An optional benefit may be purchased to receive weekly dependant care expenses of \$75 for the first dependant and \$25 for each additional dependant up to a maximum of \$150 per week.

Increased Death & Funeral – the standard level of death benefits paid to the surviving spouse and dependants (\$25,000 lump sum to the surviving spouse; \$10,000 lump sum to each dependant) this can be increased by purchasing optional coverage (\$50,000 lump sum to the surviving spouse, \$20,000 lump sum to each dependant). This optional coverage also increases the funeral benefit from \$6,000 to \$8,000.

Indexation Benefit - this optional coverage will ensure that certain weekly benefit payments and monetary limits will increase on an annual basis to reflect changes in the cost of living.

RATING:

Once purchased, the optional accident benefits automatically extend to the Named Insured, the spouse, dependants of either, and to any persons specified in the policy as drivers of the insured automobile(s). Optional accident benefits only need to be purchased once, and not on every vehicle the named insured or those identified above operate.

Caregiver, Housekeeping and Home Maintenance	\$40
Dependent Care	\$40
Death and Funeral	\$25
Indexation	\$120
Income Replacement: \$600/week \$800/week \$1,000/week	\$120 \$240 \$360

Where there is more than one automobile the premium for the highest rated automobile will apply.

MOTORCYCLES (Cont'd)

COVERAGE (Cont'd)

DEDUCTIBLES

The following coverage deductibles are available for Motorcycles:

DCPD	- \$0; \$300; and \$500
All Perils and Collision	- \$300; \$500; \$750; \$1,000; \$1,250; \$1,500; \$1,750; \$2,000; \$2,250; \$2,500; \$3,000; \$3,500; \$4,000; \$4,500; \$5,000 and \$7,500
Comprehensive and Specified Perils	- \$100; \$300; \$500; \$750; \$1,000; \$1,250; \$1,500; \$1,750; \$2,000; \$2,250; \$2,500; \$3,000; \$3,500; \$4,000; \$4,500; \$5,000 and \$7,500

Definitions

Age

Means the age on the last birthday at the date the policy becomes effective.

Acceptable Alarm Systems

An acceptable Alarm or Security System must contain a minimum of three of the following:

- Audible Alarm
- Battery Back up
- GPS Tracking
- Immobilizer (Starter or Engine Disable)
- Motion Detection

"Customized/Modified" means a motorcycle that has been personalized by altering, adding or removing components.

Acceptable – Customizations or Modifications

- Minor custom paint, mural or graphic effects
- Dealer installed original manufacturer parts and accessories at time of purchase
- Cosmetic customization will be allowed, including but not limited to – larger or smaller windshield/screen, saddle bags, pegs, grips, foot rests, aftermarket mufflers or exhaust systems, aftermarket air, oil fuel filters, custom or extended seats, frame sliders, raised handlebars (provided they conform to Provincial regulations), non-OEM saddlebags, non-OEM tires (provided they are designed for use on a motorcycle).

MOTORCYCLES (Cont'd)

COVERAGE (Cont'd)

"Customized/Modified" (Cont'd)

Unacceptable – Customizations or Modifications

- Extensive custom paint job or mural, and or graphic effects that exceed \$5,000 in value or 20% of motorcycle's value, whichever is lesser.
- Custom built gas tank, or wheel fenders, altered frame or customized frame, or any other specifically designed components that are intended to replace the Original Manufacturers' parts, aside from the items listed above.
- Any modifications that significantly alters the performance or handling of the motorcycle. These modifications may include: extended forks, stretched or shortened frames (e.g., 'Choppers'), billet aluminum wheels or custom wheels, installing tires wider than 285mm, turbochargers, superchargers, or nitrous oxide systems, bikes built with automobile engines or any use of automobile parts (including the use of automobile tires), modifying the bike to be powered by any fuel other than that for which it was originally manufactured.
- Any customizations or modifications that do not meet the provincial and federal vehicle safety regulations.
- Modifications, customizations, accessories or any combination thereof that exceeds more than 50% of the Manufacturers' Suggested Retail Price (including applicable taxes) of the motorcycle.
- The installation of a single ski on the front of the vehicle and a narrower belt of rubber drive track on the rear of the vehicle.

For acceptable customization/modifications, we require

- A Bill of Sale detailing the customizations/modifications. The Bill of Sale must be no more than 5 years old. If no Bill of Sale is available, then we will require an appraisal that is no more than 12 months old from an independent, professional automotive appraiser who is a current member of a nationally recognized appraiser's association and who have experience in assessing the values of motorcycles.

"Maxi-Scooter" A maxi-scooter or touring scooter is a large scooter, with engines ranging in size from 250 cc (Honda CN250) up to the latest 839 cc machine (the Gilera GP 800), and using larger frames than the normal sized scooters

MOTORCYCLES (Cont'd)

Definitions (Cont'd)

"Mini / Pocket bike or Pit Bike" means a motorcycle designed for small riders or off-road recreational use. It has a small engine size (35cc to 200cc) and usually cannot be licenced for road use.

Moped or Motor Assisted Bicycle (e-bike)

"Motor-Assisted Bicycle (Moped)" means a motor-assisted bicycle is a bicycle that:

- is fitted with pedals that are operable at all times to propel the bicycle,
- weighs 55 kilograms or less,
- has no hand or foot operated clutch or gearbox driven by the motor and transferring power to the driven wheel,
- has a piston displacement of not more than 50 cubic centimeters, and
- does not attain a speed greater than 50 km/hr on level ground within a distance of 2 km from a standing start

NOTE: e-bikes are not acceptable under this product class (PLM - MCY)

"Motorcycle" means a self-propelled vehicle having a seat or saddle for the use of the driver and designed to travel on not more than three wheels in contact with the ground, and includes a motor scooter, but does not include a motor assisted bicycle.

Motor Scooter

"Limited-speed motorcycle (motor scooter)" a limited-speed motorcycle (LSM) is described as:

- a. a motorcycle that:
 - can attain a rate of speed of more than 32 km/hr on level ground within a distance of 1.6 kilometres from a standing start,
 - has a maximum attainable speed of 70 km/hr or less,
 - has steering handlebars that are completely constrained from rotating in relation to the axle of only one wheel in contact with the ground,
 - has a minimum seat height, when the vehicle is unladen, of 650 millimetres
 - has a minimum wheel rim diameter of 250 millimetres and a minimum wheelbase of 1016 millimetres
 - has a maximum engine displacement of 50 cubic centimetres or less, or
- b. if the motorcycle was manufactured on, or after, September 1, 1988, it must have affixed a compliance label required under the Motor Vehicle Safety Act (Canada) that identifies the motor vehicle as a limited-speed motorcycle.

"Off-road Motorcycle" means a motorcycle that is not licensed for road use. **NOTE:** We do not accept any motorcycle that is not licensed for the road.

"Show Bike" means a motorcycle that exists primarily for the amusement of spectators and for competitive rewards or recognition of a show, exhibition or competition.

MOTORCYCLES (Cont'd)

Definitions (Cont'd)

"Sidecar" is a one wheeled car for a single passenger, attached to the side of a motorcycle. Note: the value of the sidecar must be added as an accessory to the motorcycle, moped, or motor scooter and the appropriate premium charged.

"Trailer" is a term used to describe a trailer used to be pulled behind a motorcycle in order to carry additional gear. Note: the value of the trailer must be added as an accessory to the motorcycle, moped, or motor scooter and the appropriate premium charged.

"Three-Wheeled Motorcycle" means a motorized tricycle that conforms to the etymological definition, "having three wheels". Motorcycles with sidecars are not considered Three-Wheeled Motorcycles, nor are three wheeled automobiles such as a Morgan. These machines are often custom-built and finished to a very high standard. Three-Wheeled Motorcycles that are from the Original Equipment Manufacturer (OEM) are acceptable unless found on the unacceptable list.

Where the motorcycle has 2 wheels at the rear of the motorcycle, we will accept three wheeled motorcycles that are converted using a manufactured bolt-on conversion kit that has been professionally installed. Application or request for addition must be accompanied by a copy of the receipt showing full value or an appraisal with confirmation of no cuts or welds to the frame.

OEM Acceptable trikes include Can-Am Spyder and Ryker, Harley-Davidson Tri Glide Ultra Classic, CVO Tri Glide and FreeWheeler, and the Yamaha Niken.

NOTE: Motorcycles with sidecars are not considered Three-Wheeled Motorcycles, nor are three wheeled automobiles such as a Morgan, as these machines are often custom-built and finished to a very high standard.

"Power to weight Ratio" is a calculation commonly applied to motorcycles to enable the comparison of one unit to another. To calculate the power to weight ratio, divide the power generated by the motorcycle (horsepower) by the dry weight (kilograms). E.g. 2005 Honda Goldwing GL 1800 has 118 Horsepower and a dry weight of 359.2 kg. The power to weight would be calculated as follows:
 $118/329.2 = 0.33$.

4 Or More Wheels

Refer to All Terrain Vehicle Section.

Driving Record

Refer to Motorcycle – Classes and Driving Record Section

"Valid Operator's Licence" means that the operator currently holds a valid permanent licence in Canada or in the United States of America to drive a motorcycle, three-wheeled motorcycle, moped, motor scooter or limited speed motorcycle. This includes Ontario Class M, Class M with L or M condition, Class M2, Class M2 with L or M condition and Class M1 (but note that M1 is valid for 90 days – follow-up is needed to verify that the driver qualifies for Class M2 or M2 with L condition). An international driving permit is not considered a valid licence.

NOTE: If the insured owned a moped that had a validated plate between November 27, 2002 and November 28, 2005, and held a valid driver's licence at the same time he/she will be "grandfathered". This means he/she will have automatically received the new M licence with L condition.

MOTORCYCLES (Cont'd)

Definitions (Cont'd)

Valid Operator Licences

"M1 Licence" riders may drive a motorcycle, moped or motor scooter or limited speed motorcycle under certain conditions:

- Blood alcohol level must be zero;
- You must ride only during daylight hours (1/2 hour before sunrise to ½ hour after sunset);
- You must not ride on roads with speed limits of more than 80km/h except highways 11, 17, 61, 69, 71, 101, 102, 144, 655;
- Local municipalities can ban mopeds from roads in their jurisdiction where the speed limit is 80km/h or greater;
- You cannot carry passengers.

This licence is valid for 90 days – follow-up is needed to verify the driver qualifies for Class M2 or M2 with L condition.

"M2 Licence" riders may drive a motorcycle, moped or motor scooter or limited speed motorcycle under certain conditions:

- Blood alcohol level must be zero.

This licence class is valid for 5 years

"M2 Licence and L condition" riders may drive a moped or motor scooter or limited speed motorcycle under certain conditions:

- Blood alcohol level must be zero;
- You must not drive on controlled access highways (i.e. 400 series), the Queen Elizabeth Way, the Queensway in Ottawa, and the Kitchener-Waterloo Expressway;
- Limited-speed motorcycle drivers should avoid carrying passengers;
- Drivers must wear a helmet.

This licence is valid for 5 years.

"M Licence" riders may drive a motorcycle, moped, motor scooter, or limited-speed motorcycle. They may also drive a class G vehicle under the conditions that apply to a class G1 licence holder.

"Three-wheeled motorcycle Licence" Three-wheeled motorcycles are also called a motor tricycle, and designed with either a single front wheel and two rear wheels, or two front wheels and a single rear wheel. If you take a road test on a three-wheeled motorcycle, you will get a class 'M' licence with an 'M' condition. With this licence, you will only be able to drive a three-wheeled motorcycle.

Motor tricycles must:

- travel on three wheels, which are in contact with the ground
- have straddled seating for the driver
- use a handle bar for steering controls
- have no more than four seats
- have a gross vehicle weight of 1,000 kg or less
- not have a structure partly or fully enclosing the driver and passenger except in front of the driver and the seat backrest.

MOTORCYCLES (Cont'd)

Definitions (Cont'd)

"M Licence and L condition" riders may drive a moped, motor scooter, or limited-speed motorcycle only under certain conditions:

- You must not drive on controlled access highways (i.e. 400 series), the Queen Elizabeth Way, the Queensway in Ottawa, and the Kitchener-Waterloo Expressway;
- Local municipalities can ban mopeds from roads in their jurisdiction where the speed limit is 80km/h or greater;
- Mopeds are prohibited from carrying passengers;
- Limited-speed motorcycle drivers should avoid carrying passengers;
- Drivers must wear a helmet.

"L Condition" means you are restricted to operating a moped (Motor assisted bicycle) or a motor scooter (limited-speed motorcycle) only. The conditions described for an M2 licence with L condition or an M licence with L condition also apply.

"Years Licensed" for the purpose of determining the number of years licensed we will count full calendar years starting from the date the driver obtained a Class M2 licence or Class M2 with L condition licence.

MOTORCYCLE RIDER TRAINING

We require a certificate signed by a qualified official confirming that the rider has successfully completed a Motorcycle Rider Training course within the last 3 years conducted by certified instructors - provided that the course:

- a. Was composed of a minimum of 3 hours of classroom instruction PLUS;
- b. A minimum of Fifteen hours (15hrs) of practical training and, had the approval of the Provincial Department of Education or other Government Department having jurisdiction or of a Provincial Safety League.

An ACCEPTABLE motorcycle safety course may be of the following:

- "Gearing Up" (Canada Safety Council – National)
- "Learning Curves" (Rider Training Institute – Ontario)
- Ontario Motorcycle Safety Association (Ontario)
- Or a course with 3 hours in-class instruction plus 3 of the following 5 required practical features:
 - Preparation Riding
 - Starting Procedures
 - Traffic Behavior
 - Defensive Riding Behavior
 - Emergency Techniques

MOTORCYCLES (Cont'd)

Definitions (Cont'd)

"Vintage Motorcycle" is a motorcycle that is 25 years old or older.

Eligibility rules for Vintage Motorcycle Discount

The Owner/Applicant and any driver must:

- a) Be Ontario residents
- b) Be at least 30 years old
- c) Hold a valid full motorcycle licence (M)
- d) Have no more than one minor driving convictions within the past 3 years
- e) Have six years, accident free, driving experience for a motorcycle (accident free means no at fault or partial at fault accident); and
- f) be used for pleasure or commute (business use is not permitted).

The motorcycle must be:

- 1) Garaged in Ontario.
- 2) At least 25 years old.
- 3) Basically unchanged from the manufacturer's original product. Certain alterations will be permitted, such as the installation of new/modernized brakes, lights and exhausts, or a repainted unit.
- 4) A complete, assembled motorcycle.
- 5) We will require an appraisal that is no more than 12 months old from an independent, professional motorcycle and/or automotive appraiser who is a current member of a nationally recognized appraiser's association and who have experience in assessing the values of motorcycles.
- 6) Insured to 100% of its current market value or the appraised value, whichever is greater.
- 7) Is driven less than 4,000 kilometers annually.

MOTORCYCLES (Cont'd)

(Annual term only)

Method Of Rating

For all coverages:

1. Age of Applicant or Principal Operator
2. Gender
3. Marital status
4. Years motorcycle licensed
5. Age first motorcycle licensed
6. Motorcycle purchase: new or used
7. Years the motorcycle has been owned or leased
8. Years since last At-Fault Accident
9. VIN (MCY Year, Make, Model, VICC Class)
10. Total number of drivers per risk
11. Years motorcycle insured with an Aviva company
12. Territory
13. Physical damage deductible
14. Liability limit.

MOTORCYCLES (Cont'd)

(Annual term only)

CANCELLATIONS

When a policy is cancelled the unearned premium is calculated from the motorcycle Earned Premium Table.

EARNED PREMIUM TABLE

For policies issued for any portion of a year or cancelled during the term:

- a) for Liability, Accident Benefits, Uninsured Automobile, Direct Compensation-Property Damage, All Perils and Collision coverages, subject to a Minimum Retained and Earned Premium of \$25.00, premiums for the addition/deletion of coverages and addition/deletion/ substitution of a vehicle shall be established by the percentages of annual premium indicated in this Earned Premium Table:
- b) for Comprehensive and Specified Perils coverages,
 - i) premiums for addition of coverages and addition/ substitution of a vehicle shall be computed pro rata,
 - ii) premiums for deletion of coverages and deletion of a vehicle shall be computed using the Short Rate Cancellation Tables.

EARNED PREMIUM TABLE

MONTH	RETAINED PREMIUM	MONTH	RETAINED PREMIUM	MONTH	RETAINED PREMIUM
January	Nil	May	10%	September	10%
February	Nil	June	20%	October	5%
March	5%	July	20%	November	Nil
April	10%	August	20%	December	Nil

For each partial month of cover, premium shall be calculated pro rata on the percentage in this table for the month or months involved.

For each month that coverage is in force, charge (or retain) the corresponding percentage of the annual premium. For each portion of a month that coverage is in force, charge (or retain) a pro rata portion of the corresponding percentage of the annual premium.

DISCOUNTS

Unless otherwise stated discounts do not apply to OPCFs

Discounts should not be totalled. In order to prevent miscalculation, apply the discount to the base premium – this will then become the new adjusted base premium (rounded to the nearest dollar). Apply any further discounts consecutively.

SUMMARY OF DISCOUNTS

1. Advanced Rider Training Discount	5.8%
2. Anti-Lock Brakes (Standard) Discount.....	2.3% - 5.5%
3. Anti-Lock Brakes (Optional) Discount.....	5.5%
4. Hybrid/Electric Motorcycle Discount	5%
5. Motorcycle and Car Discount – Named Insured.....	10%
6. Motorcycle and Home Discount – Named Insured	5.1% - 20%
7. Multi-Motorcycle Discount.....	10%
8. Vintage Motorcycle Discount	40%

ADVANCED RIDER TRAINING DISCOUNT

A 5.8% discount will apply to Accident Benefits, Bodily Injury, Property Damage and Uninsured Motorists coverages where all operators have been:

- licensed for more than 6 years and
- completed an advanced motorcycle safety course as evidenced by a certificate issued within the past 3 years by one of the following:
 - "Gearing Up" (Canada Safety Council - National)
 - "Learning Curves" (Rider Training Institute - Ontario only)
 - Ontario Motorcycle Safety Association (Ontario only)
or a course with in-class instruction plus at least 5 hours of advanced riding techniques
- Discount is only applicable for three policy terms from the date the discount was added.

ANTI-LOCK BRAKING SYSTEM (STANDARD EQUIPMENT) DISCOUNT

A 2.3% discount will apply to Accident Benefits, Bodily Injury, Property Damage and Uninsured Motorists coverages, and a 5.5% discount will apply to Comprehensive / Specified Perils or the Comprehensive portion of All Perils coverage provided:

- the motorcycle has an anti-locking brake system installed from the factory as standard equipment.

The vehicle code will determine eligibility and will allow the discount to be applied.

ANTI-LOCK BRAKING SYSTEM (OPTIONAL EQUIPMENT) DISCOUNT

A 5.5% discount will apply to Comprehensive / Specified Perils or the Comprehensive portion of All Perils coverage provided:

- the motorcycle has an anti-locking brake system installed from the factory as optional equipment.

The vehicle code will determine eligibility and will allow the discount to be applied.

DISCOUNTS (Cont'd)

HYBRID/ELECTRIC MOTORCYCLE DISCOUNT

A 5% discount is available for all Hybrid/Electric motorcycles that have both a gasoline engine and/or an electric motor. The discount will apply to Accident Benefits, Bodily Injury, Property Damage, Uninsured Automobile, Direct Compensation – Property Damage, All Perils, Collision, Comprehensive and Specified Perils.

The discount is applied automatically according to the year, model and code of the vehicle as per VICC.

MOTORCYCLE AND CAR DISCOUNT – Named Insured

A 10% discount will apply to Accident Benefits, Bodily Injury, Direct Compensation - Property Damage, Uninsured Motorists coverage, Collision or the Collision portion of All Perils, and Comprehensive / Specified Perils or the Comprehensive portion of All Perils, subject to the following conditions:

- Both the Motorcycle and Automobile must be insured with a company within the Aviva group of companies, and through the same insurance intermediary.
- The Named Insureds must be residing in the same household.

MOTORCYCLE AND HOME DISCOUNT – Named Insured

A 20% discount will apply to Accident Benefits, Bodily Injury, Property Damage Uninsured Motorists coverage. A 5.1% discount will apply to Collision or the Collision portion of All Perils, and a 9.6% discount will apply to Comprehensive / Specified Perils or the Comprehensive portion of All Perils, subject to the following conditions:

- Both the Motorcycle and Property must be insured with a company within the Aviva group of companies, and through the same insurance intermediary.
- The Named Insureds must be residing in the same household.

MULTI-MOTORCYCLE DISCOUNT

A 10% discount will apply to common, Accident Benefits, Bodily Injury, Property Damage, Uninsured Motorists, Direct Compensation – Property Damage, Collision or the Collision portion of All Perils coverage, subject to the following conditions:

- Motorcycles must be owned/leased and principally operated by individuals residing in the same household.
- Motorcycles can be on separate policies but must be insured by a company within the Aviva family of Companies and through the same insurance intermediary.

VINTAGE MOTORCYCLE DISCOUNT

A 40% discount will apply to Accident Benefits, Bodily Injury, Property Damage, Uninsured Motorists, Direct Compensation – Property Damage, All Perils, Collision, Comprehensive, and Specified Perils coverages.

SURCHARGES

Unless otherwise stated surcharges do not apply to OPCFs

MANUFACTURER SURCHARGE

Manufacturer 1 - A 10% surcharge will apply to Accident Benefits, Bodily Injury, Property Damage, Uninsured Motorists; a 7.4% surcharge will apply to Direct Compensation – Property Damage; a 30% surcharge will apply to Collision or the Collision portion of All Perils coverage; and a 7.4% surcharge will apply to Comprehensive / Specified Perils or the Comprehensive portion of All Perils coverage, for any motorcycles that are listed under "Manufacturer 1" as noted in the Manufacturers Surcharge and Eligibility List in the General Section of this manual. Any new model year motorcycle that does not appear on the list must be referred.

Manufacturer 2 - A 15% surcharge will apply to Accident Benefits, Bodily Injury, Property Damage, Uninsured Motorists, Direct Compensation – Property Damage, Comprehensive / Specified Perils or the Comprehensive portion of All Perils coverage; and a 60% surcharge will apply to Collision or the Collision portion of All Perils coverage, for any motorcycles that are listed under "Manufacturer 2" as noted in the Manufacturers Surcharge and Eligibility List in the General Section of this manual. Any new model year motorcycle that does not appear on the list must be referred.

Manufacturer 3 - A 30% surcharge will apply to Accident Benefits, Bodily Injury, Property Damage, Uninsured Motorists, Direct Compensation – Property Damage, Comprehensive / Specified Perils or the Comprehensive portion of All Perils coverage; and a 60% surcharge will apply to Collision or the Collision portion of All Perils coverage, for any motorcycles that are listed under "Manufacturer 3" as noted in the Manufacturers Surcharge and Eligibility List in the General Section of this manual. Any new model year motorcycle that does not appear on the list must be referred.

SPORT BIKE SURCHARGE

A 48.3% surcharge will apply to Accident Benefits, Bodily Injury, Property Damage, Uninsured Motorists; a 60.3% surcharge will apply to Direct Compensation – Property Damage; and a 175.3% surcharge will apply to Comprehensive / Specified Perils or the Comprehensive portion of All Perils coverage, for any motorcycles that are listed under "Sports Bike" as noted in the General Section of this manual. Any new model year motorcycle that does not appear on the list must be referred.

SURCHARGES (Cont'd)

ACCIDENT AND CONVICTIONS SURCHARGE - MOTORCYCLES
Rules

Accident and Conviction Surcharge criteria apply to all operators.

Accident is as defined in this Manual.

Only at-fault accidents involving a motorcycle will be charged against the motorcycle policy.

Accident and Conviction Surcharges apply to premiums for the Liability, Accident Benefits, Uninsured Automobile, Direct Compensation - Property Damage, All Perils and Collision Coverage.
If more than one Surcharge applies, the Surcharges are cumulative;

The exposure period is 36 months prior to date of application or renewal.

If the Insured has a Driving Record better than DR3, and a surcharge becomes applicable due to serious or major convictions, the Driving Record automatically drops to DR3 and remains there until the surcharge is no longer applicable.

Conviction Surcharges

For each insured vehicle, the conviction records of all persons who are regular or frequent drivers, are reviewed to establish which of the conviction records develops the highest surcharge percentage in accordance with the Schedule hereunder, and that record is used to calculate the additional charges.

NOTES:

1. When determining the additional charges in respect of vehicles insured by Aviva whether or not on the same policy, a conviction record will not be used more than once.
2. When two or more vehicles are insured and;
 - there are two or more drivers, each driver shall be allocated to the vehicle which he drives most and his conviction record shall be considered in relation only to that vehicle.
 - there is only one driver, the driver's conviction record shall be applied to whichever vehicle produces the highest combined premium in respect of Liability, Accident Benefits (Including Uninsured Automobile), Direct Compensation-Property Damage, All Perils and Collision. If the driver's major or serious conviction record warrants a surcharge, the remaining vehicle does not qualify for Driving Record 4, 5, or 6.
3. As long as there are Class 05 or 06 premiums for the vehicle insured, the conviction records of Class 05 or 06 drivers shall be considered only in calculating the additional charge on the class 05 or 06 premium.
4. If a licence is suspended due to a Criminal Code Conviction, the surcharge applies for 36 months following the date the licence is reinstated.
5. Convictions for road offences shall not be used in the rating of off road vehicles (e.g. snow vehicles, all-terrain vehicles) and vice versa.
6. No convictions related to an excluded driver shall be taken into consideration when the OPCF 28A on file has been properly signed by the Named Insured and excluded driver.

SURCHARGES - MOTORCYCLES (Cont'd)

Please refer to the Miscellaneous Vehicles – General Information section for a list of Minor, Major and Serious Convictions.

SERIOUS / CRIMINAL CODE:

A 100% surcharge will apply to all coverages for each Serious / Criminal Code conviction.

MINOR / MAJOR – 1 CONVICTION IN PAST 36 MONTHS:

A 10% surcharge will apply to all coverages, where the total number of Minor and/or Major Convictions on the motorcycle risk is 1 in the past 36 months.

MINOR / MAJOR – 2 CONVICTIONS IN PAST 36 MONTHS:

A 26% surcharge will apply to coverages, where the total number of Minor and/or Major Convictions on the motorcycle risk is 2 in the past 36 months.

MINOR / MAJOR – EACH ADDITIONAL CONVICTION IN PAST 36 MONTHS:

A 43% surcharge will apply to all coverages, for each conviction, where the total number of Minor and/or Major Convictions on the motorcycle risk is more than 2 in the past 36 months.

Class 21 On-Road motorcycles used for pleasure - Touring

Motorcycles used 5,000km or less per year

Class 22 On-Road motorcycles used for pleasure – Other than Touring

Motorcycles used more than 5,000km per year

Class 23 On-Road motorcycles used for commuting

Motorcycles used for any regular commute

Class 24 Off-Road motorcycles

Motorcycles used only off-road.

Class 31 Motor Assisted Bicycles (Moped)

Motor Assisted Bicycles (Moped) – only applicable to existing renewal risks previously written. Refer to declination rules.

DRIVING RECORDS

Driving Record 6

- a. The Principal Operator of the motorcycle must hold a valid motorcycle licence for a minimum of 6 consecutive years (including M2 licence period) in Canada or the United States.
- b. The Principal Operator must hold a valid M licence for at least 1 full year.
- c. No operator of the motorcycle has had an at-fault motorcycle accident within the past 6 years.
- d. No operator of the motorcycle has had a driver licence suspension or cancellation, for 12 months or more in the past 6 years, for reasons other than Administrative Lapse or Suspension.
- e. No operator of the motorcycle has had an Administrative driver licence lapse or suspension, for 36 months or more for Administrative reasons.
- f. No operator of the motorcycle has been convicted in the past 3 years of any serious or major driving conviction.
- g. No operator of the motorcycle has had a lapse in insurance coverage due to a license suspension as a result of a conviction in the past 6 years.
- h. No operator of the motorcycle has had a lapse in insurance coverage due to non-disclosure or misrepresentation of a conviction or an accident in the past 6 years.

Driving Record 5

- a. The Principal Operator of the motorcycle must hold a valid motorcycle licence for a minimum of 5 consecutive years (including M2 licence period) in Canada or the United States.
- b. The Principal Operator must hold a valid M licence for at least 1 full year.
- c. No operator of the motorcycle has had an at-fault motorcycle accident within the past 5 years.
- d. No operator of the motorcycle has had a driver licence suspension or cancellation, for 12 months or more in the past 5 years, for reasons other than Administrative Lapse or Suspension.
- e. No operator of the motorcycle has had an Administrative driver licence lapse or suspension, for 36 months or more for Administrative reasons.
- f. No operator of the motorcycle has been convicted in the past 3 years of any serious or major driving conviction.
- g. No operator of the motorcycle has had a lapse in insurance coverage due to a license suspension as a result of a conviction in the past 5 years.
- h. No operator of the motorcycle has had a lapse in insurance coverage due to non-disclosure or misrepresentation of a conviction or an accident in the past 5 years.

DRIVING RECORDS (Cont'd)

Driving Record 4

- a. The Principal Operator of the motorcycle must hold a valid motorcycle licence for a minimum of 4 consecutive years (including M2 licence period) in Canada or the United States.
- b. The Principal Operator must hold a valid M licence.
- c. No operator of the motorcycle has had an at-fault motorcycle accident within the past four years.
- d. No operator of the motorcycle has had a driver licence suspension or cancellation, for 12 months or more in the past 4 years, for reasons other than Administrative Lapse or Suspension.
- e. No operator of the motorcycle has had a driver licence lapse or suspension, for 36 months or more for Administrative reasons.
- f. No operator of the motorcycle has been convicted in the past 3 years of any serious or major driving conviction.
- g. No operator of the motorcycle has had a lapse in insurance coverage due to a license suspension as a result of a conviction in the past 4 years.
- h. No operator of the motorcycle has had a lapse in insurance coverage due to non-disclosure or misrepresentation of a conviction or an accident in the past 4 years.

Driving Record 3

- a. The Principal Operator of the motorcycle must hold an M Class licence for a minimum of 4 consecutive years (including M2 licence period) in Canada or the United States.
- b. No operator of the motorcycle has had an at-fault motorcycle accident within the past 3 years.
- c. No operator of the motorcycle has had a driver licence suspension or cancellation, for 12 months or more in the past 3 years, for reasons other than Administrative Lapse or Suspension.
- d. No operator of the motorcycle has had a lapse in insurance coverage due to a license suspension as a result of a conviction in the past 3 years.
- e. No operator of the motorcycle has had a lapse in insurance coverage due to non-disclosure or misrepresentation of a conviction or an accident in the past 3 years.

DRIVING RECORDS (Cont'd)

Driving Record 2

- a. The Principal Operator of the motorcycle must hold an M Class licence for a minimum of 4 consecutive years (including M2 licence period) in Canada or the United States.
- b. No operator of the motorcycle has had an at-fault motorcycle accident within the past two years.
- c. No operator of the motorcycle has had a driver licence suspension or cancellation, for 12 months or more in the past 2 years, for reasons other than Administrative Lapse or Suspension.
- d. No operator of the motorcycle has had a lapse in insurance coverage due to a license suspension as a result of a conviction in the past 2 years.
- e. No operator of the motorcycle has had a lapse in insurance coverage due to non-disclosure or misrepresentation of a conviction or an accident in the past 2 years.

Driving Record 1

- a. The Principal Operator of the motorcycle must hold an M or M2 Class licence for a minimum of 1 year (including M2 licence period) in Canada or the United States.
- b. No operator of the motorcycle has had an at fault motorcycle accident with in the past year.
- c. No operator of the motorcycle has had a driver licence suspension or cancellation, for 12 months or more in the past year for reasons other than Administrative Lapse or Suspension.
- d. No operator of the motorcycle has had a lapse in insurance coverage due to a license suspension as a result of a conviction in the past 1 year.
- e. No operator of the motorcycle has had a lapse in insurance coverage due to non-disclosure or misrepresentation of a conviction or an accident in the past 1 year.

DRIVING RECORDS (Cont'd)

Driving Record 0

- a. An operator of the motorcycle has had an at-fault motorcycle accident within the past year.
- b. The Principal Operator holds a class M or M2 licence.
- c. The licence of any operator of the motorcycle has been reinstated within the past year following a licence suspension of 12 months or more, for reasons other than Administrative Lapse or Suspension.

Driving Record for Riders from the United States

The Aviva Canada Inc. group of Companies is unable to search the Driving Records of drivers arriving from the United States. Riders from the United States will be rated Driving Record 1 when a M2 or M level licence obtained. Driving Records 2 through 6 will be considered if supported by an acceptable letter of experience and motor vehicle report confirming a clear driving history for the Driving Record being applied for.

Driving Record for Drivers from Outside Canada and the United States

Drivers from outside Canada and the United States will be rated at Driving Record 1 when an M2 or M level licence is obtained.

DRIVING RECORD REGRESSION

The following chart illustrates how driving record will regress on renewal in the event of an At-Fault Accident:

Current Driving Record	At-Fault Accidents in the 5 years before renewal	At-Fault Accidents during the expiring term	Driving Record at renewal (all sections)
Driving Record 6	None	1	Driving Record 0
	None	2 or more	Decline or Driving record 0 if coverage continued
Driving record 5	None	1	Driving record 0
Driving record 5	None	2	Decline or Driving record 0 if coverage continued
Driving record 5	1	1 or more	Decline or Driving record 0 if coverage continued

DRIVING RECORDS (Cont'd)

Driving Record 6

An At-Fault Accident will disqualify a motorcycle and driver from maintaining Driving Record 6. Upon the first At-Fault Accident, the motorcycle will be rated as Driving Record 0 on renewal. For a second At-Fault Accident within 5 years of the first, the risk will be declined.

Driving Record 5

An At-Fault Accident will disqualify a motorcycle and driver from maintaining Driving Record 5. Upon the first At-Fault Accident, the motorcycle will be rated as Driving Record 0 on renewal. For a second At-Fault Accident within 5 years of the first, the risk will be declined.

Driving Records 4

An At-Fault Accident will disqualify a motorcycle and driver from maintaining Driving Record 4. Upon the first At-Fault Accident, the motorcycle will be rated as Driving Record 0 on renewal. For a second At-Fault Accident within 4 years of the first, the risk will be declined.

NOTE: Driving Records for each coverage will be determined uniformly. For example, an At-Fault Accident involving Third Party Liability coverage only will also affect the Driving Record for Direct Compensation, Accident Benefits, All Perils and Collision.

SUSPENSION OF DRIVER'S LICENCE

Administrative Lapse or Suspension

If during the past 6 years there has been an administrative lapse or suspension of a driver's licence, the following Driving Records apply at the date of license reinstatement;

- if the licence suspension is less than 36 months – No change in Driving Record.
- if licence suspension is 36 months or more – Driving Record 3

An administrative lapse or suspension of a driver licence is a documented lapse or suspension for administrative or medical reasons that are not connected to driving offence convictions. Reasons can include non-renewal or expiry of driver's licence, temporary medical conditions, unpaid parking tickets, outstanding support to the Family Responsibility Office, and outstanding payments to the Motor Vehicle Accident Claims fund.

An Administrative Driver's Licence Suspension (ADLS) is also considered administrative because there is no driving offence conviction at the time of the 90-day licence suspension.

Licence Suspension for any other reason

If during the past 6 years a driver's licence was suspended or cancelled for any reason other than an administrative driver's licence lapse or suspension, the following driving records apply at the date of licence reinstatement;

- If licence suspension less than 12 months – No change in Driving Record.
- If licence suspension 12 months or more – Driving Record 0.

MOTOR HOMES

Self-propelled vehicles containing living quarters that are an integral part of the vehicle and are not removable.

NOTE: We do not insure motorhomes.
